FOR ELECTRONIC DISTRIBUTION OF THE INFORMATION MEMORANDUM

*If you are not the intended recipient of this message, please do not distribute or copy the information contained in this electronic transmission, but instead, delete and destroy all copies of this electronic transmission.

IMPORTANT NOTICE

THIS INFORMATION MEMORANDUM IS AVAILABLE ONLY TO INVESTORS WHO ARE NON-U.S. PERSONS OUTSIDE OF THE U.S. IN ACCORDANCE WITH REGULATION S.

IMPORTANT: You must read the following before continuing. The following applies to the information memorandum contained in this electronic transmission ("**Information Memorandum**"), and you are therefore advised to read this carefully before reading, accessing or making any other use of the Information Memorandum. In accessing the Information Memorandum, you agree to be bound by the following terms and conditions, including any modifications to them any time you receive any information from us as a result of such access. The Information Memorandum has been prepared solely in connection with the proposed offering to certain institutional and professional investors of the securities described herein. In particular, this Information Memorandum refers to certain events as having occurred that have not occurred at the date it is made available but that are expected to occur prior to publication of the Information Memorandum to be published in due course. Investors should not subscribe for or purchase securities except on the basis of information in the Information Memorandum. Copies of the Information Memorandum will, following publication, be published and made available to the public in accordance with the applicable rules.

NOTHING IN THIS ELECTRONIC TRANSMISSION CONSTITUTES AN OFFER TO SELL OR A SOLICITATION OF AN OFFER TO BUY THE SECURITIES DESCRIBED IN THE INFORMATION MEMORANDUM IN ANY JURISDICTION WHERE IT IS UNLAWFUL TO DO SO. THE SECURITIES HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR THE SECURITIES LAWS OF ANY STATE OF THE U.S. OR OTHER JURISDICTION AND THE SECURITIES MAY NOT BE OFFERED OR SOLD WITHIN THE U.S. OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT), EXCEPT PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND APPLICABLE STATE OR LOCAL SECURITIES LAWS.

THIS ELECTRONIC TRANSMISSION IS NOT TO BE DISTRIBUTED OR FORWARDED TO ANY PERSON OTHER THAN THE INTENDED RECIPIENTS OF THIS ELECTRONIC TRANSMISSION AND ANY PERSON RETAINED TO ADVISE THE PERSON RECEIVING THIS ELECTRONIC TRANSMISSION WITH RESPECT TO THE OFFERING CONTEMPLATED IN THE INFORMATION MEMORANDUM AND MAY NOT BE REPRODUCED IN ANY MANNER WHATSOEVER. ANY FORWARDING, DISTRIBUTION OR REPRODUCTION OF THIS DOCUMENT IN WHOLE OR IN PART IS UNAUTHORIZED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS. EXCEPT AS EXPRESSLY AUTHORIZED HEREIN, THE INFORMATION CONTAINED IN THIS ELECTRONIC TRANSMISSION IS CONFIDENTIAL INFORMATION INTENDED ONLY FOR THE USE OF THE ENTITY OR INDIVIDUAL TO WHOM IT IS ADDRESSED.

THIS ELECTRONIC TRANSMISSION IS ONLY BEING DISTRIBUTED TO AND DIRECTED ONLY AT PERSONS WHO ARE (A) OUTSIDE OF THE UNITED KINGDOM; OR (B) WITHIN THE UNITED KINGDOM AND WHO (I) HAVE PROFESSIONAL EXPERIENCE IN MATTERS RELATING TO INVESTMENTS AND ARE INVESTMENT PROFESSIONALS WITHIN THE MEANING OF ARTICLE 19(5) OF THE FINANCIAL SERVICES AND MARKETS ACT 2000 (FINANCIAL PROMOTION) ORDER 2005 (AS AMENDED) (THE "**FPO**") OR (II) ARE PERSONS FALLING WITHIN ARTICLE 49(2)(A) TO (D) ("HIGH NET WORTH COMPANIES, UNINCORPORATED ASSOCIATIONS ETC") OF THE FPO OR (III) ARE PERSONS TO WHOM THIS ELECTRONIC TRANSMISSION MAY OTHERWISE LAWFULLY BE COMMUNICATED OR CAUSED TO BE COMMUNICATED UNDER THE FPO (ALL SUCH PERSONS TOGETHER BEING REFERRED TO AS "**RELEVANT PERSONS**"). THE INFORMATION IN THIS ELECTRONIC TRANSMISSION MUST NOT BE ACTED ON OR RELIED ON

BY PERSONS WHO ARE NOT RELEVANT PERSONS. ANY INVESTMENT OR INVESTMENT ACTIVITY TO WHICH THE INFORMATION IN THIS ELECTRONIC TRANSMISSION RELATES IS AVAILABLE ONLY TO RELEVANT PERSONS AND WILL BE ENGAGED IN ONLY WITH RELEVANT PERSONS.

Confirmation of your Representation: The Information Memorandum is being sent at your request and by accepting the electronic transmission of this Information Memorandum and accessing the Information Memorandum, you shall be deemed to have confirmed and represented that you and any entity that you represent are outside the United States and not a U.S. person, and that you consent to delivery of the Information Memorandum by electronic transmission.

You are reminded that the Information Memorandum has been delivered to you on the basis that you are a person into whose possession the Information Memorandum may be lawfully delivered in accordance with the laws of the jurisdiction in which you are located and you may not, nor are you authorised to, deliver the Information Memorandum, electronically or otherwise, to any other person. If you have gained access to this transmission contrary to the foregoing restrictions, you will be unable to purchase any of the securities described herein.

The materials relating to the offering do not constitute, and may not be used in connection with, an offer or solicitation in any place where offers or solicitations are not permitted by law. If a jurisdiction requires that the offering be made by a licensed broker or dealer and the managers or any affiliate of the managers is a licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by the managers or such affiliate on behalf of the Trustee in such jurisdiction.

The Information Memorandum has been sent to you in an electronic form. You are reminded that documents transmitted via this medium may be altered or changed during the process of electronic transmission and consequently none of National Australia Bank Limited, Perpetual Trustee Company Limited nor any person who controls any of them nor any director, officer, employee nor agent or affiliate of any such person accepts any liability or responsibility whatsoever in respect of any difference between the Information Memorandum distributed to you in electronic format herewith and the hard copy version available to you on request from National Australia Bank Limited.

You are responsible for protecting against viruses and other destructive items. Your use of this electronic transmission is at your own risk and it is your responsibility to take precautions to ensure that it is free from viruses and other items of a destructive nature.

DISCLAIMERS

No Guarantee

The Notes will be the obligations solely of Perpetual Trustee Company Limited in its capacity as trustee of the Trust in respect of the Series and do not represent obligations of or interests in, and are not guaranteed by, Perpetual Trustee Company Limited in its personal capacity, or as trustee of any other trust, or any other affiliate of Perpetual Trustee Company Limited. None of National Australia Bank Limited (ABN 12 004 044 937) ("**NAB**") (in its individual capacity or as Fixed Rate Swap Provider, Basis Swap Provider, Liquidity Facility Provider, Redraw Facility Provider, Arranger, Dealer, Lead Manager, Seller or Servicer), National Australia Managers Limited (ABN 70 006 437 565) ("**Manager**") (in its individual capacity or as Manager or Trust Administrator), Perpetual Trustee Company Limited (in its corporate capacity, as Trustee and as trustee of any other trust), P.T. Limited (ABN 67 004 454 666) (in its corporate capacity, in its capacity as security trustee and as trustee of any other trust) ("**Security Trustee**"), Moody's and Fitch, or any of their respective Related Entities or Associates (each as defined in the Corporations Act) (each a "**Relevant Person**") in any way stands behind the value and/or performance of the Notes or the Series Assets, or guarantees the success or performance of the Notes or the Trust, nor the repayment of capital or any particular rate of capital or income return.

The Notes do not represent deposits or other liabilities of NAB (in its individual capacity or in any other capacity including, without limitation, as Fixed Rate Swap Provider, Basis Swap Provider, Liquidity Facility Provider, Redraw Facility Provider, Arranger, Dealer, Lead Manager, Seller or Servicer) or any other affiliates of NAB.

The holding of the Notes is subject to investment risk, including possible delays in repayment and loss of income and principal invested.

None of the obligations of Perpetual Trustee Company Limited in its capacity as trustee of the Trust are guaranteed in any way by NAB or any affiliate of NAB, by Perpetual Trustee Company Limited (in its individual capacity or as trustee of any other trust), P.T. Limited or any affiliate of Perpetual Trustee Company Limited. The Trustee and the Security Trustee do not guarantee the success or performance of the Trust nor the repayment of capital or any particular rate of capital or income return.

The Notes are subject to Investment Risk

The holding of the Notes is subject to investment risk, including possible delays in repayment and loss of income and principal invested. For a more detailed overview of the risks, please refer to Part 2 ("Risk Factors").

United States Selling Restrictions

The Offered Notes have not been and will not be registered under the United States Securities Act of 1933, as amended ("**Securities Act**") and unless so registered may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in (a) Regulation S under the Securities Act and (b) the U.S. Risk Retention Rules) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act, the U.S. Risk Retention Rules and applicable state securities laws. Accordingly, the Offered Notes are being offered and sold only to persons (other than United States persons) outside the United States pursuant to Regulation S and the Securities Act.

IMPORTANT NOTICE

Purpose

This information memorandum ("**Information Memorandum**") relates solely to a proposed issue of Class A1 Notes, Class A2 Notes, Class B Notes, Class C Notes, Class D Notes, Class E Notes and Class F Notes (together the "**Notes**" and the "**Offered Notes**") by Perpetual Trustee Company Limited (ABN 42 000 001 007) in its capacity as trustee ("**Trustee**") of the National RMBS Trust 2024-1 ("**Trust**") in respect of Series 2024-1 ("**Series**"). This Information Memorandum does not relate to, and is not relevant for, any other purpose than to assist the recipient to decide whether to proceed with a further investigation of the Offered Notes.

Summary only

This Information Memorandum is only a summary of the terms and conditions of the Offered Notes and does not purport to contain all the information a person considering investing in the Offered Notes may require. Accordingly, this Information Memorandum should not be relied upon by prospective investors. The definitive terms and conditions of the Offered Notes and the Series are contained in the Transaction Documents, which should be reviewed by any prospective investor. If there is any inconsistency between this Information Memorandum and the Transaction Documents, the Transaction Documents should be regarded as containing the definitive information. A copy of the Transaction Documents may be viewed by prospective investors at the office of NAB referred to in the Directory at the back of this Information Memorandum and at such other office as may be reasonably requested by a prospective investor and agreed by NAB and the Manager.

This Information Memorandum is not, and should not be construed as, an offer or invitation to any person to subscribe for or purchase the Offered Notes, and must not be relied upon by intending purchasers of the Offered Notes.

Terms and Definitions

References in this Information Memorandum to various parties and documents are explained in Parts 1 ("General"), 5 ("Parties") and 7 ("Transaction Structure"). Unless defined elsewhere, all terms used in this Information Memorandum are defined in the Glossary in Part 9 ("Glossary").

Responsibility for Information and Transaction Documents

The Manager has requested and authorised the distribution of this Information Memorandum and has sole responsibility for its accuracy.

No Relevant Person (other than the Manager) nor any external adviser to any Relevant Person makes any representation or warranty, express or implied, as to, nor assumes any responsibility or liability for, the authenticity, origin, validity, accuracy or completeness of, or any errors or omissions in, any information, statement, opinion or forecast contained in this Information Memorandum or any previous, accompanying or subsequent material or presentation.

None of the Fixed Rate Swap Provider, the Basis Swap Provider, the Liquidity Facility Provider, the Redraw Facility Provider, the Dealer, the Arranger, the Lead Manager, the Servicer, the Trustee, the Seller or the Security Trustee have authorised, caused the issue of, or have any responsibility for, any part of this Information Memorandum. Furthermore, neither the Trustee nor the Security Trustee has had any involvement in the preparation of any part of this Information Memorandum (other than, in the case of the Trustee and Security Trustee, where parts of this Information Memorandum contain particular references to Perpetual Trustee Company Limited or P.T. Limited in their corporate capacity).

No recipient of this Information Memorandum can assume that any person referred to in it has conducted any investigation or due diligence concerning, or has carried out or will carry out any independent audit of, or has independently verified or will verify, the information contained in this Information Memorandum.

None of the Fixed Rate Swap Provider, the Basis Swap Provider, the Liquidity Facility Provider, the Redraw Facility Provider, the Dealer, the Arranger, the Lead Manager, the Servicer, the Trustee, the Seller or the Security Trustee has any responsibility to, or liability for, and does not owe any duty to any person who purchases or intends to purchase Notes in respect of this transaction, including without limitation in relation to:

(a) the admission to listing and/or trading of any of the Notes;

(b) the accuracy or completeness of any information contained in this Information Memorandum and has not separately verified the information contained in this Information Memorandum and makes no representation, warranty or undertaking, express or implied as to the accuracy or completeness of, or any errors or omissions in any information contained in this Information Memorandum or any other information supplied in connection with the Notes;

(c) the preparation and due execution of the Transaction Documents and the power, capacity or due authorisation of any other party to enter into and execute the Transaction Documents or the enforceability of any of the obligations set out in the Transaction Documents; and

(d) the legal or taxation position or treatment of the Transaction Documents, the Information Memorandum or the transactions contemplated by them.

Preparation Date

This Information Memorandum has been prepared based on information available and facts and circumstances known to the Manager as at 27 June 2024 ("**Preparation Date**").

The delivery of this Information Memorandum, or any offer or issue of Offered Notes, at any time after the Preparation Date does not imply, nor should it be relied upon as a representation or warranty, that:

(a) there has been no change since the Preparation Date in the affairs or financial condition of the Trust, the Series, the Trustee, the Manager, the Trust Administrator, the Fixed Rate Swap Provider, the Basis Swap Provider, the Liquidity Facility Provider, the Redraw Facility Provider, the Dealer, the Arranger, the Lead Manager, the Servicer, the Seller, the Security Trustee or any other party named in this Information Memorandum; or

(b) the information contained in this Information Memorandum is correct at such later time.

No one undertakes to review the financial condition or affairs of the Trustee, the Trust or the Series at any time or to keep a recipient of this Information Memorandum or Noteholder informed of changes in, or matters arising or coming to their attention which may affect, anything referred to in this Information Memorandum.

Neither the Manager nor any other person accepts any responsibility to purchasers of the Offered Notes or intending purchasers of the Offered Notes to update this Information Memorandum after the Preparation Date with regard to information or circumstances which come to its attention after the Preparation Date.

It should not be assumed that the information contained in this Information Memorandum is necessarily accurate or complete in the context of any offer to subscribe for or an invitation to subscribe for or buy any of the Offered Notes at any time after the Preparation Date, even if this Information Memorandum is circulated in conjunction with the offer or invitation.

Authorised Material

No person is authorised to give any information or to make any representation which is not expressly contained in or consistent with this Information Memorandum and any information or representation not contained in this Information Memorandum must not be relied upon as having been authorised by or on behalf of NAB or the Manager.

Intending Purchasers to make Independent Investment Decision

This Information Memorandum is not intended to be, and does not constitute, a recommendation by the Fixed Rate Swap Provider, the Basis Swap Provider, the Liquidity Facility Provider, the Redraw Facility Provider, the Dealer, the Arranger, the Lead Manager, the Manager, the Trust Administrator, the Servicer, the Trustee, the Seller or the Security Trustee (together, the "**Parties**") that any person subscribe for or purchase any Offered Notes. Accordingly, any person contemplating the subscription or purchase of the Offered Notes must:

(a) make their own independent investigation of:

(i) the terms of the Offered Notes, including reviewing the Transaction Documents; and

(ii) the financial condition, affairs and creditworthiness of the Trust, the Series and the Parties,

after taking all appropriate advice from qualified professional persons; and

(b) base any investment decision on the investigation and advice referred to in paragraph (a) and not on this Information Memorandum.

None of the Parties or their respective Related Entities or Associates (each as defined in the Corporations Act) guarantees the payment or repayment of any moneys owing to Noteholders or any interest or principal in respect of the Offered Notes, nor do they make any statement (including, without limitation, any representation) with respect to income tax or other taxation consequences of any investment in or holding of Offered Notes.

Issue not requiring disclosure to investors under the Corporations Act

This Information Memorandum is not a "Prospectus" for the purposes of Part 6D.2 of the Corporations Act or a "Product Disclosure Statement" for the purposes of Chapter 7 of the Corporations **Act** and is not required to be lodged with the Australian Securities and Investments Commission under the Corporations Act as each offer for the issue, any invitation to apply for the issue, and any offer for the sale of, and any invitation for offers to purchase, the Offered Notes to a person under this Information Memorandum:

(a) will be for a minimum amount payable, by each person (after disregarding any amount lent by the person offering the Offered Notes (as determined under section 700(3) of the Corporations Act) or any of their associates (as determined under sections 10 to 17 of the Corporations Act) on acceptance of the offer or application (as the case may be)) of at least A$500,000 (calculated in accordance with both section 708(9) of the Corporations Act and regulation 7.1.18 of the Corporations Regulations 2001);

(b) will be an offer or invitation to a professional investor for the purposes of section 708 of the Corporations Act; or

(c) does not otherwise require disclosure to investors under Part 6D.2 of the Corporations Act and is not made to a retail client for the purposes of Chapter 7 of the Corporations Act.

European Economic Area Selling Restrictions

Each Dealer has represented and agreed that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Offered Notes which are the subject of the offering contemplated by this Information Memorandum in relation thereto to any EEA Retail Investor in the European Economic Area. For the purposes of this provision:

(a) the expression "EEA Retail Investor" means a person who is one (or more) of the following:

(i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, "**MiFID II**"); or

(ii) a customer within the meaning of Directive (EU) 2016/97 (as amended), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or

(iii) not a qualified investor as defined in Regulation (EU) 2017/1129 (as amended); and

(b) the expression "offer" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Offered Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Offered Notes.

Consequently no key information document required by Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") for offering or selling the Offered Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Offered Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPS Regulation.

United Kingdom Selling Restrictions

Each Dealer has represented, warranted and agreed that, in relation to the Offered Notes, that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Offered Notes to any UK Retail Investor in the United Kingdom. For the purposes of this provision:

(a) the expression "UK Retail Investor" means a person who is one (or more) of the following:

(i) a retail client as defined in point (8) of Article 2 of Regulation (EU) No 2017/565 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (as amended) ("**EUWA**");

(ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 (as amended) ("**FSMA**") and any rules or regulations made under the FSMA to implement Directive (EU) 2016/97 (as amended), where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) no 600/2014 as it forms part of domestic law by virtue of the EUWA; or

(iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 (as amended) as it forms part of the domestic law by virtue of the EUWA ("**UK Prospectus Regulation**"); and

(b) the expression "offer" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Offered Notes to be offered so as to enable an investor to decide to purchase or subscribe for any Offered Notes.

Consequently, no key information document required by Regulation (EU) No 1286/2014 as it forms part of domestic law by virtue of the EUWA (the "**UK PRIIPs Regulation**") for offering or selling the Offered Notes or otherwise making them available to retail investors in the UK has been prepared and therefore offering or selling the Offered Notes or otherwise making them available to any retail investor in the UK may be unlawful under the UK PRIIPs Regulation.

U.S. Selling Restrictions

The Offered Notes have not been and will not be registered under the United States Securities Act of 1933 ("**Securities Act**") and unless so registered may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in (a) Regulation S under the Securities Act and (b) the U.S. Risk Retention Rules) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act, the U.S. Risk Retention Rules and applicable state securities laws. Accordingly, the Offered Notes are being offered and sold only to persons (other than United States persons) outside the United States pursuant to Regulation S and the Securities Act.

Japan Selling Restrictions

The Offered Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Law No. 25 of 1948, as amended) ("**Financial Instruments and Exchange Act**"). Accordingly, the Offered Notes will not be offered or sold, directly or indirectly, in Japan or to, or for the account or benefit of, any Japanese Person, or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the account or benefit of, any Japanese Person, except pursuant to an exemption from the registration requirements of and otherwise in compliance with, the Financial Instruments and Exchange Act and any other applicable laws, regulations and ministerial guidelines of Japan.

For the purposes of this paragraph, "**Japanese Person**" means a "resident" of Japan as defined in Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended). Any branch or office in Japan of a non-resident will be deemed to be a resident for the purpose whether such branch or office has the power to represent such non-resident.

Singapore Selling Restriction

At no time shall the Offered Notes be offered or sold, or caused to be made the subject of an invitation for subscription or purchase, nor shall this Information Memorandum or any other document or material in connection with the offer or sale, or invitation for subscription or purchase of the Offered Notes be circulated or distributed to any person in Singapore in any subsequent offer except to:

(a) an institutional investor (as defined in Section 4A of the SFA) pursuant to Section 274 of the SFA; or

(b) an accredited investor (as defined in Section 4A of the SFA) pursuant to and in accordance with the conditions specified in Section 275 of the SFA.

Distribution

The distribution of this Information Memorandum and the offer or sale of Offered Notes may be restricted by law in certain jurisdictions. The Parties do not represent that this document may be lawfully distributed, or that any Offered Notes may be lawfully offered, in compliance with any application, registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Parties which would permit a public offering of any Offered Notes or distribution of this Information Memorandum in any jurisdiction where action for that purpose is required. Accordingly, no Offered Notes may be offered or sold, directly or indirectly, and neither this Information Memorandum nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations. Persons into whose possession this Information Memorandum or any Offered Notes come must inform themselves about, and observe, any such restrictions. In particular, there are restrictions on the distribution of this Information Memorandum and the offer and sale of Offered Notes in Australia, the European Economic Area, the United Kingdom, the United States of America, Hong Kong, Singapore, Japan, the People's Republic of China, New Zealand and Switzerland (see Part 8.2 ("Subscription and Sale")).

Offshore Associate not to acquire Offered Notes

It is intended that the Offered Notes will be offered, and interest will be paid from time to time, in a manner which will satisfy the conditions for an exemption from Australian interest withholding tax contained in section 128F of the Australian Tax Act. One of these conditions is that the Offered Notes are not acquired directly or indirectly by certain "Offshore Associates" of the Trustee or NAB, other than in the capacity of a dealer, manager or underwriter in relation to the placement of the relevant Offered Notes, or a clearing house, custodian, funds manager or responsible entity of an Australian registered scheme.

Accordingly, "Offshore Associates" of the Trustee should not acquire any Offered Notes. See Section 8.1 ("Australian Taxation") for more information regarding the meaning of "Offshore Associate"

and the conditions that must be satisfied in order for the issue of the Offered Notes to qualify for an exemption from Australian interest withholding tax.

Limited Recovery

The liability of the Trustee to make payments in respect of the Offered Notes is limited to its right of indemnity from the Series Assets. Except in the case of, and to the extent that the Trustee's right of indemnification against the Series Assets is reduced as a result of fraud, negligence or wilful default (as further described in Part 7.5 ("Indemnity and limitation of liability")), no rights may be enforced against the personal assets of the Trustee by any person and no proceedings may be brought against the Trustee except to the extent of the Trustee's right of indemnity and reimbursement out of the Series Assets. Other than in the exception previously mentioned, the personal assets of the Trustee are not available to meet payments of interest or principal on the Offered Notes.

The liability of the Trustee is limited in the manner set out in Part 7.5 ("Indemnity and limitation of liability"). Furthermore, the liability of the Security Trustee is limited in the manner set out in Part 7.9 ("Security Trustee").

Series segregation and limited recourse

The Offered Notes issued by the Trustee are limited recourse instruments and are issued only in respect of the Trust and the Series.

All claims against the Trustee in relation to the Offered Notes may, except in limited circumstances, be satisfied only out of the Series Assets secured under the General Security Agreement and the Security Trust Deed, and are limited in recourse to distributions with respect to such Series Assets from time to time.

The Offered Notes will be offered by the Dealer, subject to prior sale, if and when they are issued to and accepted by it. The Dealer reserves the right to reject an offer in whole or in part and to withdraw, cancel or modify the offer without notice.

Disclosure

Each Relevant Person discloses that, in addition to the arrangements and interests (the "**Transaction Document Interests**") it will or may have with respect to any party to a Transaction Document or any person described in this Information Memorandum or as contemplated in the Transaction Documents (each a "**Transaction Party**"), it, its Related Entities and its subsidiaries, directors and employees:

(a) may from time to time, be a Noteholder or have a pecuniary or other interests with respect to the Offered Notes and they may also have interests relating to other arrangements with respect to a Noteholder or any Offered Note; and

(b) will or may receive or may pay fees, brokerage and commissions or other benefits, and act as principal with respect to any dealing with respect to any Offered Notes,

(the "**Note Interests**").

Each purchaser and potential purchaser of Offered Notes acknowledges these disclosures and further acknowledges and agrees that, without limiting any express obligation of any person under any Transaction Document:

(a) each Relevant Person and each of its Related Entities, directors and employees (each a "**Relevant Entity**") will or may from time to time have the Transaction Document Interests and may from time to time have the Note Interests and is, and from time to time may be, involved in a broad range of transactions including, without limitation, banking, dealing in financial products, credit, derivative and liquidity transactions, investment management, corporate and investment banking and research (the "**Other Transactions**") in various capacities in respect of any member of a Transaction Party, both on the Relevant Entity's own account and/or for the account of other persons (the "**Other Transaction Interests**");

(b) each Relevant Entity may even purchase the Offered Notes for its own account and enter into transactions, including credit derivatives, such as asset swaps, repackaging and credit default swaps relating to the Offered Notes at the same time as the offer and sale of the Offered Notes or in secondary market transactions. Such transactions may be carried out as bilateral trades with selected counterparties and separately from any offering, sale or resale of the Offered Notes to which this Information Memorandum relates;

(c) each Relevant Entity may indirectly receive proceeds of the Offered Notes in repayment of debt financing arrangements involving a Relevant Entity. For example, this could occur if the proceeds of the Offered Notes form the purchase price used to acquire the Trust Assets that are currently financed under existing debt financing arrangements involving a Relevant Entity and that purchase price is in turn used to repay any of the debt financing owing to that Relevant Entity;

(d) each Relevant Entity in the course of its business (whether with respect to the Transaction Document Interests, the Note Interests, the Other Transaction Interests or otherwise) may act independently of any other Relevant Entity;

(e) to the maximum extent permitted by applicable law, the duties of each of the Arranger, the Dealer, the Lead Manager, the Fixed Rate Swap Provider, the Basis Swap Provider, the Liquidity Facility Provider and the Redraw Facility Provider (the "**Finance Parties**") and each of their Related Entities and employees in respect of the Offered Notes are limited to the contractual obligations of the Finance Parties to the Manager and Perpetual Trustee Company Limited in its capacity as trustee of the Trust in respect of the Series as set out in the relevant Transaction Documents and, in particular, no advisory or fiduciary duty is owed to any person;

(f) a Relevant Entity may have or come into possession of information not contained in this Information Memorandum regarding any member of a Transaction Party that may be relevant to any decision by a potential investor to acquire the Offered Notes and which may or may not be publicly available to potential investors ("**Relevant Information**");

(g) to the maximum extent permitted by applicable law, no Relevant Entity is under any obligation to disclose any Relevant Information to any potential investor and this Information Memorandum and any subsequent course of conduct by a Relevant Entity should not be construed as implying that the Relevant Entity is not in possession of such Relevant Information or that any information in this Information Memorandum is otherwise accurate or up to date; and

(h) each Relevant Entity may have various potential and actual conflicts of interest arising in the course of its business including in respect of the Transaction Document Interests, the Note Interests or the Other Transaction Interests. For example, the exercise of rights against a member of a Transaction Party arising from the Transaction Document Interests or from an Other Transaction Interest may affect the ability of the Transaction Party member to perform its obligations in respect of the Offered Notes. In addition, the existence of the Transaction Document Interests or Other Transaction Interests may affect how a Relevant Entity as a Noteholder may seek to exercise any rights it may have as a Noteholder. These interests may conflict with the interests of a Transaction Party or a Noteholder and a Noteholder may suffer loss as a result. To the maximum extent permitted by applicable law, a Relevant Entity is not restricted from entering into, performing or enforcing its rights in respect of the Transaction Document Interests, the Note Interests or the Other Transaction Interests and may otherwise continue to take steps to further or protect any of those interests and its business even where to do so may be in conflict with the interests of Noteholders, potential investors or Transaction Parties and the Relevant Entity may in so doing act without notice to, and without regard to, the interests of any such person.

This is not a comprehensive or definitive list of all actual or potential conflicts of interest.

Section 309B(1)(c) of the Securities and Futures Act 2001 of Singapore Notification

In connection with Section 309B of the Securities and Futures Act 2001 of Singapore (as modified or amended from time to time, the "**SFA**") and the Securities and Futures (Capital Markets Products)

Regulations 2018 of Singapore (the "**CMP Regulations 2018**"), the Manager has determined, and hereby notifies all relevant persons (as defined in Section 309A(1) of the SFA) that the Offered Notes are capital markets products other than prescribed capital markets products (as defined in the CMP Regulations 2018) and Specified Investment Products (as defined in MAS Notice SFA 04-N12: Notice on the Sale of Investment Products and MAS Notice FAA-N16: Notice on Recommendations on Investment Products).

Securitisation Regulation Rules

European Union ("**EU**") legislation comprising Regulation (EU) 2017/2402 of the European Parliament and of the Council of 12 December 2017 laying down a general framework for securitisation and creating a specific framework for simple, transparent and standardised securitisation and amending certain other EU directives and regulations (as amended, the "**EU Securitisation Regulation**") is directly applicable in member states of the EU and will be applicable in any non-EU states of the European Economic Area (the "**EEA**") in which it has been implemented. The EU Securitisation Regulation, together with all relevant implementing regulations in relation thereto, all regulatory and/or implementing technical standards in relation thereto or applicable in relation thereto pursuant to any transitional arrangements made pursuant to the EU Securitisation Regulation and, in each case, any relevant guidance and directions published in relation thereto by the European Banking Authority (the "**EBA**"), the European Securities and Markets Authority and the European Insurance and Occupational Pensions Authority (or in each case, any predecessor or any other applicable regulatory authority) or by the European Commission, in each case as amended and in effect from time to time (the "**EU Securitisation Regulation Rules**") impose certain restrictions and obligations with regard to securitisations (as such term is defined for purposes of the EU Securitisation Regulation). It should be noted that some legislative measures necessary for the full implementation of the EU Securitisation Regulation regime have not yet been finalised and compliance with certain requirements may be subject to the application of transitional provisions. In addition, further amendments are expected to be introduced to the EU Securitisation Regulation regime as a result of its periodic wider review. In this regard, it should be noted that the European Securities and Markets Authority ("**ESMA**") is currently reviewing the EU reporting regime in response to the European Commission's report of October 2022.

With respect to the United Kingdom ("**UK**"), Regulation (EU) 2017/2402 as it forms part of the domestic law of the UK, by operation of the EUWA (the "**UK Securitisation Regulation**") and together with (a) all applicable binding technical standards made under the UK Securitisation Regulation, and (b) all relevant guidance, policy statements or directions relating to the application of the UK Securitisation Regulation published by the Financial Conduct Authority ("**FCA"**), the Prudential Regulation Authority (the "**PRA**") and/or the Pensions Regulator (or their successors), (c) any other relevant transitional, saving or other provision relevant to the UK Securitisation Regulation by virtue of the operation of the EUWA or otherwise, and (d) any other applicable laws, acts, statutory instruments, rules, guidance or policy statements published or enacted relating to the UK Securitisation Regulation, in each case, as may be amended and in effect from time to time (the "**UK Securitisation Regulation Rules**"), impose certain restrictions and obligations with regard to a securitisation (as such term is defined for the purposes of the UK Securitisation Regulation).

The UK Securitisation Regulation largely mirrors (with some adjustments) the EU Securitisation Regulation as it applied in the EU at the end of 2020. The currently applicable UK Securitisation Regulation regime will be revoked and replaced with a new recast regime as a result of the UK post-Brexit move to "A Smarter Regulatory Framework for financial services" (the "**UK SR Reforms**"). The new UK regime (the "**Recast UK SR"**) is being introduced under the Financial Services and Markets Act 2000 regime, as amended by the Financial Services Markets Act 2023 ("**FSMA**") and related thereto: (i) the Securitisation Regulations 2024 (SI 2024/102) made on 29 January 2024, as amended ("**2024 UK SR SI**"); as well as (ii) the new securitisation rules of the Prudential Regulation Authority ("**PRA**") and the Financial Conduct Authority ("**FCA**") (the "**PRA Securitisation Rules**" and "**FCA Securitisation Rules**", collectively, the "**PRA/FCA Securitisation Rules**").

It should be noted that the implementation of the UK SR Reforms is a protracted process and will be introduced in phases. The first phase, which will revoke the existing regime and replace it with the Recast UK SR regime is expected to come into force on 1 November 2024.In Q4 2024/Q1 2025, there will be a phase two to the reforms whereby the UK government, the PRA and the FCA will consult on further changes including, but not limited to, the recast of the transparency and reporting requirements.

Therefore, at this stage, not all of the details are known on the implementation of the UK SR Reforms. Note also that while the Recast UK SR will apply to new securitisations with the UK nexus closed after 1 November 2024 and investments made in relevant securitisation positions by the UK institutional investors on or after that date, the Recast UK SR also has potential implications for securitisations in-scope of the UK Securitisation Regulation that closed prior to 1 November 2024.

Please note that some divergence between the EU and UK regimes exists already. While the Recast UK SR regime brings some alignment with the EU regime, it also introduces new points of divergence and the risk of further divergence between EU and UK regimes cannot be ruled out in the longer term as it is not known at this stage how the ongoing reforms or any future reforms will be finalised and implemented in the UK or the EU.

The EU Securitisation Regulation and the UK Securitisation Regulation are referred to in this Information Memorandum as the "**Securitisation Regulations**", and the EU Securitisation Regulation Rules and the UK Securitisation Regulation Rules are referred to in this Information Memorandum as the "**Securitisation Regulation Rules**".

EU Investor Requirements

Article 5 of the EU Securitisation Regulation places certain conditions (the "**EU Investor Requirements**") on investments in securitisations (as defined in the EU Securitisation Regulation) by "institutional investors", defined in the EU Securitisation Regulation to include: (a) a credit institution or an investment firm as defined in and for purposes of Regulation (EU) No 575/2013, as amended, known as the Capital Requirements Regulation (the "**EU CRR**"), (b) an insurance undertaking or a reinsurance undertaking as defined in Directive 2009/138/EC, as amended, known as Solvency II, (c) an alternative investment fund manager as defined in Directive 2011/61/EU that manages or markets alternative investment funds in the EU, (d) an undertaking for collective investment in transferable securities ("**UCITS**") management company, as defined in Directive 2009/65/EC, as amended, known as the UCITS Directive, or an internally managed UCITS, which is an investment company that is authorised in accordance with that Directive and has not designated such a management company for its management, and (e) with certain exceptions an institution for occupational retirement provision falling within the scope of Directive (EU) 2016/2341, or an investment manager or an authorised entity appointed by such an institution for occupational retirement provision as provided in that Directive. Pursuant to Article 14 of the EU CRR, the EU Investor Requirements also apply to investments by certain consolidated affiliates, wherever established or located, of institutions regulated under the EU CRR (such affiliates, together with all such institutional investors, "**EU Affected Investors**").

The EU Investor Requirements apply to investments by EU Affected Investors regardless of whether any party to the relevant securitisation is subject to any EU Transaction Requirement (as defined below).

The EU Investor Requirements provide that, prior to investing in (or otherwise holding an exposure to) a "securitisation position" (as defined in the EU Securitisation Regulation), an EU Affected Investor, other than the originator, sponsor or original lender (each as defined in the EU Securitisation Regulation) must, among other things: (a) verify that, where the originator or original lender is established in a third country (that is, not within the EU or the EEA), the originator or original lender grants all the credits giving rise to the underlying exposures on the basis of sound and well-defined criteria and clearly established processes for approving, amending, renewing and financing those credits and has effective systems in place to apply those criteria and processes to ensure that credit-granting is based on a thorough assessment of the obligor's creditworthiness, (b) verify that, if the originator, the original lender or the sponsor is established in a third country (that is, not within the EU or the EEA), the originator, sponsor or original lender retains on an ongoing basis a material net economic interest which, in any event, shall not be less than 5%, determined in accordance with Article 6 of the EU Securitisation Regulation, and discloses the risk retention to EU Affected Investors, (c) verify that the originator, sponsor or securitisation special purpose entity ("**SSPE**") has, where applicable, made available the information required by Article 7 of the EU Securitisation Regulation (which sets out transparency requirements for originators, sponsors and SSPEs) in accordance with the frequency and modalities provided for in Article 7, and (d) carry out a due-diligence assessment in accordance with the EU Securitisation Regulation Rules which enables the EU Affected Investor to assess the risks involved, considering at least (i) the risk characteristics of the securitisation position and the underlying exposures,

and (ii) all the structural features of the securitisation that can materially impact the performance of the securitisation position.

In addition, the EU Investor Requirements oblige each EU Affected Investor, while holding a securitisation position, to (a) establish appropriate written procedures in order to monitor, on an ongoing basis, its compliance with the foregoing requirements and the performance of the securitisation position and of the underlying exposures, (b) regularly perform stress tests on the cash flows and collateral values supporting the underlying exposures, (c) ensure internal reporting to its management body to enable adequate management of material risks, and (d) be able to demonstrate to its regulatory authorities that it has a comprehensive and thorough understanding of the securitisation position and its underlying exposures and has implemented written policies and procedures for managing risks of the securitisation position and maintaining records of the foregoing verifications and due diligence and other relevant information.

It remains unclear what is and will be required for EU Affected Investors to demonstrate compliance with certain aspects of the EU Investor Requirements.

If any EU Affected Investor fails to comply with the EU Investor Requirements with respect to an investment in the Offered Notes, it may be subject (where applicable) to a penalty regulatory capital charge with respect to any securitisation position acquired by it or on its behalf, and it may be subject to other regulatory sanctions by the competent authority of such EU Affected Investor or may be required to take corrective action. The EU Securitisation Regulation Rules and any other changes to the regulation or regulatory treatment of the Offered Notes for some or all investors may negatively impact the regulatory position of an EU Affected Investor and have an adverse impact on the value and liquidity of the Offered Notes. Prospective investors should analyse their own regulatory position, and should consult with their own investment and legal advisors regarding application of, and compliance with, the EU Securitisation Regulation Rules or other applicable regulations and the suitability of the Offered Notes for investment.

UK Investor Requirements

Article 5 of the UK Securitisation Regulation largely mirrors Article 5 of the EU Securitisation Regulation described above, but with some differences. Investments by UK institutional investors made in securitisation positions created prior to 1 November 2024 are subject to Article 5 of the UK Securitisation Regulation (and for securitisation positions created on or after 1 November 2024, such investors will be required to comply with the recast due diligence requirements under the Recast UK SR regime). Under the currently applicable Article 5 of the UK Securitisation Regulation, certain matters must be verified and assessed prior to holding a securitisation position and certain due diligence must be carried out on an ongoing basis while holding the securitisation position (the "**UK Investor Requirements**", and together with the EU Investor Requirements, the **"Investor Requirements**") on investments in securitisations (as defined in the UK Securitisation Regulation) by "institutional investors", defined in the UK Securitisation Regulation to include: (a) an insurance undertaking as defined in section 417(1) of the Financial Services and Markets Act 2000 (as amended, "**FSMA**"); (b) a reinsurance undertaking as defined in section 417(1) of FSMA; (c) an occupational pension scheme as defined in section 1(1) of the Pension Schemes Act 1993 that has its main administration in the UK, or a fund manager of such a scheme appointed under section 34(2) of the Pensions Act 1995 that, in respect of activity undertaken pursuant to that appointment, is authorised for the purposes of section 31 of FSMA; (d) an AIFM as defined in regulation 4(1) of the Alternative Investment Fund Managers Regulations 2013 which markets or manages AIFs (as defined in regulation 3 of those Regulations) in the UK; (e) a management company as defined in section 237(2) of FSMA; (f) a UCITS as defined by section 236A of FSMA, which is an authorised open ended investment company as defined in section 237(3) of FSMA; (g) a CRR firm as defined by Article 4(1)(2A) of Regulation (EU) No 575/2013, as it forms part of UK domestic law by virtue of the EUWA and as amended (the "**UK CRR**"); and (h) an FCA investment firm as defined by Article 4(1)(2AB) of the UK CRR. The UK Investor Requirements also apply to investments by certain consolidated affiliates, wherever established or located, of such entities regulated under the UK CRR (such affiliates, together with all such institutional investors, "**UK Affected Investors**" and, together with EU Affected Investors, "**Affected Investors**").

The UK Investor Requirements apply to investments by UK Affected Investors regardless of whether any party to the relevant securitisation is subject to any UK Transaction Requirement.

While the UK Investor Requirements largely mirror the EU Investor Requirements, there is a material divergence between the two regimes with regard to the due diligence, transparency and reporting requirements on third country (that is, not in the UK) securitisations. In this regard, the UK Affected Investors are required to verify that, if the originator, sponsor or SSPE is established in a third country (that is, not in the UK), the originator, sponsor or SSPE has, where applicable, made available information which is substantially the same as that which it would have made available under Article 7 of the UK Securitisation Regulation (which sets out transparency requirements for originators, sponsors and SSPEs) ("**UK Transparency Requirements**") if it had been established in the UK and has done so with such frequency and modalities as are substantially the same as those with which it would have made information available in accordance with that Article if it had been established in the UK. To date, no guidance has been issued on the interpretation of this "substantially the same as" test and what is required to achieve regulatory compliance, although informal statements from the PRA and the FCA and some PRA/FCA commentary in the consultations to the UK SR Reforms indicate that this test should not give rise to mandatory use of the UK reporting templates or strict compliance with the UK Transparency Requirements.

If any UK Affected Investor fails to comply with the UK Investor Requirements with respect to an investment in the Offered Notes offered by this Information Memorandum, it may be subject (where applicable) to a penalty regulatory capital charge with respect to any securitisation position acquired by it or on its behalf, and it may be subject to other regulatory sanctions by the competent authority of such UK Affected Investor or may be required to take corrective action. The UK Securitisation Regulation Rules and any other changes to the regulation or regulatory treatment of the Offered Notes for some or all investors may negatively impact the regulatory position of a UK Affected Investor and have an adverse impact on the value and liquidity of the Offered Notes offered by this Information Memorandum. Prospective investors should analyse their own regulatory position, and should consult with their own investment and legal advisors regarding application of, and compliance with, the UK Securitisation Regulation Rules or other applicable regulations and the suitability of the Offered Notes for investment.

Transaction Requirements

The EU Securitisation Regulation imposes certain requirements (the "**EU Transaction Requirements**") with respect to originators, original lenders, sponsors and SSPEs (as each such term is defined for the purposes of the EU Securitisation Regulation), which will apply indirectly on third country (non-EU) securitisations as a result of the EU Investor Requirements.

The EU Transaction Requirements include provisions with regard to, amongst other things:

(a) A requirement under Article 6 of the EU Securitisation Regulation that the originator, the original lender or the sponsor of a securitisation commits to retain, on an ongoing basis, a material net economic interest in the relevant securitisation of not less than 5% in respect of certain specified credit risk tranches or asset exposures (the "**EU Retention Requirement**"). Note that compliance with the EU Retention Requirements is subject to Commission Delegated Regulation (EU) 2023/2175, which sets out the applicable regulatory technical standards (the "**EU Recast Risk Retention RTS**"). Article 6(1) also provides that that an entity shall not be considered an "originator" (as defined for purposes of the EU Securitisation Regulation) if it has been established or operates for the sole purpose of securitising exposures and the EU Recast Risk Retention RTS set out guidance on the interpretation of this restriction. See Part 4 ("Origination and Servicing of the Receivables") and Part 5.3 ("Trust Administrator and Manager") in this Information Memorandum for information regarding NAB, its business and activities;

(b) A requirement under Article 7 of the EU Securitisation Regulation that the originator, sponsor and SSPE of a securitisation make available to holders of a securitisation position, relevant competent authorities and (upon request) potential investors certain prescribed information (the "**EU Transparency Requirements**") prior to pricing as well as in quarterly loan level disclosure reports and quarterly investor reports. Note that compliance with the EU Transparency Requirements is subject to (i) the application of the relevant technical standards set out in Commission Delegated Regulation (EU) 2020/1224 and Commission Implementing Regulation (EU) 2020/1225, which prescribe further detail and set out the applicable reporting templates, as well as (ii) certain technical specifications for the formatting of the reporting templates

prescribed by ESMA (together, the "**EU Disclosure Technical Standards**"). However, there remains some compliance challenges with the completion of some fields of in the reporting templates on third country (non-EU) securitisations. Also note that the EU reporting templates are currently under review and will be subject to reforms following the European Commission's report of October 2022 and subsequent consultations by ESMA, although it is yet to be confirmed whether the EU will introduce in due course a more simplified reporting regime intended to facilitate compliance with EU reporting requirements on third country (non-EU) securitisations; and

(c) A requirement that the EU Affected Investor verifies that a third country (non-EU) originator or original lender grants all the credits giving rise to the underlying exposures on the basis of sound and well-defined criteria and clearly established processes for approving, amending, renewing and financing those credits and has effective systems in place to apply those criteria and processes to ensure that credit-granting is based on a thorough assessment of the obligor's creditworthiness (this requirement is broadly comparable with Article 9 of the EU Securitisation Regulation, although Article 9 itself is not directly applicable to a third country (non-EU) securitisation) (the "**EU Credit-Granting Requirements**").

The UK Securitisation Regulation imposes certain requirements (the "**UK Transaction Requirements**", and together with the EU Transaction Requirements, the "**Transaction Requirements**") with respect to originators, original lenders, sponsors and SSPEs (as each such term is defined for the purposes of the UK Securitisation Regulation), which will apply indirectly on third country (non-UK) securitisations as a result of the UK Investor Requirements.

The UK Transaction Requirements include provisions with regard to, amongst other things:

(a) A requirement under Article 6 of the UK Securitisation Regulation that the originator, the original lender or the sponsor of a securitisation commits to retain, on an ongoing basis, a material net economic interest in the relevant securitisation of not less than 5% in respect of certain specified credit risk tranches or asset exposures (the "**UK Retention Requirement**"). Note that compliance with the UK Retention Requirements is subject to Commission Delegated Regulation (EU) No. 625/2014, as it forms part of the domestic law of the UK pursuant to the EUWA, which sets out the applicable risk retention guidance. Article 6(1) also provides that that an entity shall not be considered an "originator" (as defined for purposes of the UK Securitisation Regulation) if it has been established or operates for the sole purpose of securitising exposures. There is no guidance prescribed for the interpretation of this restriction under the UK Securitisation Regulation, but it is provided in the PRA/FCA Securitisation Rules for the purposes of the Recast UK SR regime. Even though this new regime will not be directly applicable to this transaction, from the general policy perspective, such guidance is nevertheless helpful when interpreting compliance with this restriction under the UK Securitisation Regulation. See Part 4 ("Origination and Servicing of the Receivables") and Part 5.3 ("Trust Administrator and Manager") in this Information Memorandum for information regarding NAB, its business and activities.

(b) A requirement that on a third country (non-UK) securitisation, the UK Affected Investors verify that disclosure and reporting received is "substantially the same as" what is required under Article 7 of the UK Securitisation Regulation, which provides that the originator, sponsor and SSPE of a securitisation make available to holders of a securitisation position, the competent authority and (upon request) potential investors certain prescribed information (the "**UK Transparency Requirements**") prior to pricing as well as in quarterly portfolio level disclosure reports and quarterly investor reports. As noted above, to date, no guidance has been issued on the interpretation of the "substantially the same as" test and what is required to achieve regulatory compliance, although informal statements from the PRA and the FCA and some commentary in the PRA/FCA consultations to the UK SR Reforms indicate that this test should not give rise to mandatory use of the UK reporting templates or strict compliance with the UK Transparency Requirements. However, as this test is open to interpretation, it should also be noted that strict compliance with the UK Transparency Requirements is subject to (i) the application of the relevant technical standards set out in Commission Delegated Regulation (EU) 2020/1224 and Commission Implementing Regulation (EU) 2020/1225 as these form part of domestic law of the UK pursuant to the EUWA, which prescribe further detail and set out the

applicable reporting templates, as well as (ii) certain technical specifications for the formatting of the reporting templates prescribed by FCA (together, the "**UK Disclosure Technical Standards**").

(c) A requirement that the UK Affected Investor verifies that a third country (non-UK) originator or original lender grants all the credits giving rise to the underlying exposures on the basis of sound and well-defined criteria and clearly established processes for approving, amending, renewing and financing those credits and has effective systems in place to apply those criteria and processes to ensure that credit-granting is based on a thorough assessment of the obligor's creditworthiness (this requirement is broadly comparable with Article 9 of the UK Securitisation Regulation, although Article 9 itself is not directly applicable to a third country (non-UK) securitisation) (the "**UK Credit-Granting Requirements**").

EU Risk Retention and UK Risk Retention

NAB as "originator", will agree to retain a material net economic interest in the securitisation transaction described in this Information Memorandum in accordance with Article 6(1) of the EU Securitisation Regulation, as in effect on the Closing Date, as described below and in this Information Memorandum.

NAB as "originator", will also agree to retain a material net economic interest in the securitisation transaction described in this Information Memorandum in accordance with Article 6(1) of the UK Securitisation Regulation, as in effect on the Closing Date, as described below and in this Information Memorandum.

As noted above, the EU Retention Requirement and the UK Retention Requirement will apply under the EU Investor Requirements and the UK Investor Requirements, respectively. Prospective investors should note that through the Dealer Agreement, NAB will undertake for the benefit of the Trustee that on Closing Date and thereafter for so long as any Notes remain outstanding:

(a) to retain, as an "originator", as such term is defined for the purposes of the EU Securitisation Regulation and the UK Securitisation Regulation (as applicable), as such term is defined for the purposes of the EU Securitisation Regulation and the UK Securitisation Regulation (as applicable), on an ongoing basis, a material net economic interest of not less than 5% in the National RMBS 2024-1 securitisation transaction determined in accordance with Article 6(1) of the EU Securitisation Regulation, as required for the purposes of Article 5(1)(d) of the EU Securitisation Regulation (which does not take into account any relevant national measures) (the "**EU Retention**") and determined in accordance with Article 6(1) of the UK Securitisation Regulation, as required for the purposes of Article 5(1)(d) of the UK Securitisation Regulation (the "**UK Retention**", and, collectively with the EU Retention, the "**Retention**") (but solely as such articles are interpreted and applied on the Closing Date);

(b) that, as at the Closing Date, the Retention will be comprised of a pool of randomly selected exposures equivalent to not less than 5% of the nominal value of the securitised exposures, where such non-securitised exposures would otherwise have been securitised in the National RMBS 2024-1 securitisation transaction, provided that the number of potentially securitised exposures is not less than 100 at origination, as provided for in Article 6(3)(c) of the EU Securitisation Regulation and Article 6(3)(c) of the UK Securitisation Regulation (but solely as such articles are interpreted and applied on the Closing Date);

(c) not to change the manner in which it retains the Retention, except as permitted under the EU Securitisation Regulation and UK Securitisation Regulation (but solely as such articles are interpreted and applied on the Closing Date);

(d) not to dispose of, assign, transfer or create or cause to exist any lien over its interest in the Retention, except as permitted by the EU Securitisation Regulation and UK Securitisation Regulation (but solely as such articles are interpreted and applied on the Closing Date);

(e) not to utilise or enter into credit risk mitigation techniques, any short positions or any other hedge against the credit risk of its interest in the Retention, except as permitted under the EU

Securitisation Regulation and UK Securitisation Regulation (but solely as such articles are interpreted and applied on the Closing Date); and

(f) that the status of its holding of the Retention will be confirmed on a monthly basis through the monthly noteholder reports.

Other requirements

For the purposes of the EU Securitisation Regulation and, where applicable, the UK Securitisation Regulation, NAB will also, through the Dealer Agreement, represent, warrant and undertake as follows:

(a) For the purpose of Article 5(1)(b) of the EU Securitisation Regulation and Article 5(1)(b) of the UK Securitisation Regulation, NAB represents and warrants that, as an originator established in a third country (that is not within the EU or EEA and not within the United Kingdom), it has granted all the credits giving rise to the underlying exposures to be acquired by the Issuer on the basis of sound and well-defined criteria and clearly established processes for approving, amending, renewing and financing those credits and has effective systems in place to apply those criteria and processes to ensure that credit-granting is based on a thorough assessment of the obligor's creditworthiness.

(b) For the purposes of Article 5(3) of the EU Securitisation Regulation and Article 5(3) of the UK Securitisation Regulation, NAB, as originator, undertakes to:

(i) prior to the Payment Date falling in January 2025, use reasonable endeavours to; and

(ii) from the Payment Date falling in January 2025,

make available upon request to potential investors such information as is reasonably required by a potential investor to enable it to comply with Article 5(3) of the EU Securitisation Regulation and Article 5(3) of the UK Securitisation Regulation.

(c) For the purposes of Article 5(4) of the EU Securitisation Regulation and Article 5(4) of the UK Securitisation Regulation, NAB, as "originator", undertakes to:

(i) prior to the Payment Date falling in January 2025, use reasonable endeavours to; and

(ii) from the Payment Date falling in January 2025,

make available upon request (or to procure that the Manager must make available upon request) to Noteholders investor reports (at least on a quarterly basis), containing such information as is reasonably required by a Noteholder to determine the percentage of loans more than 30, 60 and 90 days past due, default rates, prepayment rates, loans in foreclosure, recovery rates, repurchases, and geographical diversification and frequency distribution of loan to value ratios with band widths that facilitate adequate sensitivity analysis. The material referred to in this paragraph shall be made available at the latest one month after the end of the period the report covers.

(d) For the purposes of Article 6(2) of the EU Securitisation Regulation and Article 6(2) of the UK Securitisation Regulation, NAB represents and warrants that, as the originator, it has not selected assets to be acquired by the Issuer with the aim of rendering losses on the assets transferred to the Issuer, measured over the life of the transaction, or over a maximum of 4 years where the life of the transaction is longer than four years, higher than the losses over the same period on comparable assets held on the balance sheet of NAB.

(e) NAB, as "originator", undertakes to make available (or to procure that the Manager must make available) to Noteholders and, upon request, to potential investors:

(i) with reference to Article 7(1)(a) of the EU Securitisation Regulation and Article 7(1)(a) of the UK Securitisation Regulation, loan level data (at least on a quarterly basis) in relation to the pool of loans held by the Issuer:

(A) prior to the Payment Date falling in January 2025, in such format and scope as NAB may determine; and

(B) from the Payment Date falling in January 2025, in such format and scope as required by Article 7(1)(a) of the EU Securitisation Regulation and Article 7(1)(a) of the UK Securitisation Regulation.

The material referred to in this paragraph shall be made available at the latest one month after the end of the period the report covers;

(ii) the Transaction Documents and the information memorandum relating to the Trust. The material referred to in this paragraph shall be made available after pricing of the Notes;

(iii) investor reports (at least on a quarterly basis), containing the following information:

A. all materially relevant data on the credit quality and performance of underlying exposures;

B. information on events which trigger changes in the priority of payments or the replacement of any counterparties, and data on the cash flows generated by the underlying exposures and by the liabilities of the securitisation; and

C. information about the risk retained, including information on which of the modalities provided for in Article 6(3) of the EU Securitisation Regulation and Article 6(3) of the UK Securitisation Regulation has been applied, in accordance with Article 6 of the EU Securitisation Regulation and Article 6(3) of the UK Securitisation Regulation;

The material referred to in this paragraph shall be made available at the latest one month after the end of the period the report covers;

(iv) information as to any significant event such as:

A. a material breach of the obligations provided for in the Transaction Documents, including any remedy, waiver or consent subsequently provided in relation to such a breach;

B. a change in the structural features that can materially impact the performance of the securitisation;

C. a change in the risk characteristics of the securitisation or of the underlying exposures that can materially impact the performance of the securitisation; and

D. any material amendment to Transaction Documents.

The material referred to in this paragraph shall be made available without delay.

For the avoidance of doubt, NAB will be under no obligation to comply with any amendments to EU or UK technical standards, guidance or policy statements introduced in relation to the EU Risk Retention Requirements or the UK Risk Retention Requirements after the Closing Date.

NAB reserves the right to discontinue the provision of information referred to in paragraph (e) above or to change the formatting and the content of such information, if after the Closing Date:

(a) the EU Transparency Requirements and/or UK Transparency Requirements in relation to transparency are amended or further clarified or the reporting regime of Article 7 of the EU Securitisation Regulation and/or Article 7 of the UK Securitisation Regulation is amended so that there is no longer a requirement under the EU Securitisation Regulation and/or the UK

Securitisation Regulation to provide such information or amendments are made so that such information is no longer required to be made available in a prescribed format; and/or

(b) the amendments to the EU Securitisation Regulation and/or the UK Securitisation Regulation after the Closing Date require that different information is made available to the EU Affected Investors and/or UK Affected Investors instead of what NAB undertook to provide. For these purposes, NAB undertakes that it will procure the provision to Noteholders and, upon request to potential investors, any reasonable and relevant additional data and information as required under the amendments to the EU Securitisation Regulation that impact on the EU Transparency Requirements and/or the UK Securitisation Regulation that impact on the UK Transparency Requirements (subject to all applicable laws) provided that NAB will not be in breach of the requirements of this paragraph if, due to events, actions or circumstances beyond its control, it is not able to comply with such undertakings.

Except as described above, no party to the securitisation transaction described in this Information Memorandum intends to take or refrain from taking any action with regard to such transaction in a manner prescribed or contemplated by the EU Securitisation Regulation Rules or the UK Securitisation Regulation Rules, or to take any action for purposes of, or in connection with, compliance by any Affected Investor with any applicable Investor Requirement or any corresponding national measures that may be relevant.

Prospective investors should make their own independent investigation and seek their own independent advice (i) as to the scope and applicability of the EU Securitisation Regulation Rules and the UK Securitisation Regulation Rules; (ii) as to the potential implications of any financing entered into in respect of the Retention (as described above); (iii) whether the undertakings by NAB to retain the EU Retention and the UK Retention, each as described above and in this Information Memorandum generally, and the information described in this Information Memorandum and which may otherwise be made available to investors (including in the investor reports) are sufficient for the purposes of complying with the EU Investor Requirements and the UK Investor Requirements and any corresponding national measures which may be relevant; and (iv) as to their compliance with any applicable Investor Requirements.

None of NAB, the Arranger, the Lead Manager, the Dealer, the Liquidity Facility Provider, the Redraw Facility Provider, the Fixed Rate Swap Provider, the Basis Swap Provider, the Seller, the Servicer, the Manager, the Trust Administrator, the Trustee, the Security Trustee their respective affiliates or any other party to the Transaction Documents (i) makes any representation that the performance of the undertakings described above, the making of the representations and warranties described above, and the information described in this Information Memorandum, or any other information which may be made available to investors, are or will be sufficient in all circumstances for the purposes of any person's compliance with any applicable Investor Requirement, or that the structure of the Offered Notes, NAB (including its holding of the EU Retention and the UK Retention) and the transactions described in this Information Memorandum are compliant with the EU Securitisation Regulation Rules or the UK Securitisation Regulation Rules or with any other applicable legal, regulatory or other requirements, (ii) has any liability to any prospective investor or any other person for any deficiency in or insufficiency of such information or any failure of the transactions or structure contemplated in this Information Memorandum to comply with or otherwise satisfy the requirements of the EU Securitisation Regulation Rules, the UK Securitisation Regulation Rules, any subsequent change in law, rule or regulation or any other applicable legal, regulatory or other requirements (other than, in each case, any liability arising as a result of a breach by NAB of the undertakings described above), or (iii) has any obligation to provide any further information or take any other steps that may be required by any person to enable compliance by such person with the requirements of any applicable Investor Requirement or any other applicable legal, regulatory or other requirements (other than, in each case, the specific obligations undertaken and/or representations made by NAB in that regard as described above).

None of the Trustee, the Security Trustee, the Arranger, the Lead Manager, the Dealer, the Liquidity Facility Provider, the Redraw Facility Provider, the Fixed Rate Swap Provider, the Basis Swap Provider, the Servicer, the Manager or the Trust Administrator has any responsibility to maintain or enforce compliance with the EU Securitisation Regulation Rules or the UK Securitisation Regulation Rules.

Japan Due Diligence and Retention Rules

On 15 March 2019 the Japanese Financial Services Agency ("**JFSA**") published new due diligence and risk retention rules under various Financial Services Agency Notices in respect of Japanese banks and certain other financial institutions (as amended, the "**Japan Due Diligence and Retention Rules**").

The Japan Due Diligence and Retention Rules became applicable to such Japanese financial institutions from 31 March 2019.

The Japan Due Diligence and Retention Rules apply to all Japanese banks, bank holding companies, credit unions, credit cooperatives, labour credit unions, agricultural credit cooperatives, ultimate parent companies of large securities companies and certain other financial institutions regulated in Japan (each, a "**Japan Obliged Entity**").

Under the Japan Due Diligence and Retention Rules, in order for a Japan Obliged Entity to apply a lower capital charge against a securitisation exposure, it has to:

(a) establish an appropriate risk assessment system to be applied to the relevant securitisation exposure and the underlying assets of such securitisation exposure; and

(b) either:

(i) confirm that the originator of the securitisation transaction in respect of the securitisation exposure retains not less than 5% interest in an appropriate form (the "**Originator Retention Requirement**"); or

(ii) determine that the underlying assets of the securitisation transaction in respect of the securitisation exposure are appropriately originated, considering the originator's involvement with the underlying assets, the nature of the underlying assets or any other relevant circumstances (the "**Appropriate Origination Requirement**").

On 15 March 2019, the JFSA published certain guidelines (as amended, the "**Guidelines**") which also came into effect on 31 March 2019 on the applicability and scope of the Japan Due Diligence and Retention Rules.

There remains, nonetheless, a relative level of uncertainty at the current time as how the Japan Due Diligence and Retention Rules will be interpreted and applied to any specific securitisation transaction. At this time, prospective investors should understand that there are a number of unresolved questions and no established line of authority, precedent or market practice that provides definitive guidance with respect to the Japan Due Diligence and Retention Rules, and no assurances can be made as to the content, impact or interpretation of the Japan Due Diligence and Retention Rules. In particular, the basis for the determination of whether an asset is "inappropriately originated" remains unclear, and therefore unless the JFSA provides further specific clarification, it is possible that this transaction may contain assets deemed to be "inappropriately originated" and as a result not satisfying the Appropriate Origination Requirement. Whether and to what extent the JFSA may provide further clarification or interpretation as to the Japan Due Diligence and Retention Rules is unknown.

Failure by the Japan Obliged Entity to satisfy the Japan Due Diligence and Retention Rules will require it to hold a higher (or full) capital charge against that securitisation exposure of the securitisation transaction which it has invested in.

With respect to the Appropriate Origination Requirement above, the JFSA has indicated that by way of example the following case (among other indicated cases) falls within the category described in the Appropriate Origination Requirement above: in the event that claims, receivables and other obligations (together, "**claims**") comprising the underlying assets for a securitisation product are randomly selected among a pool of assets containing various claims (excluding securitised products) and the originator holds the whole of such claims (other than such underlying assets) on a continuing basis (or the originator holds certain claims on a continuing basis which are selected randomly at the same time when claims constituting the underlying assets are selected among the pool of assets), the credit risk to be borne by the originator is at least 5% of the entire exposure of such pool of assets. For such claims to

be so randomly selected, it is necessary to confirm the sufficient amount and quality of such claims. The JFSA states that, in terms of such amount, the pool of assets is generally required to contain at least 100 claims and that, in terms of quality, it should be structured such that claims with specific characteristics would not concentrate on those to be held by the originator when selecting claims among those to constitute the underlying assets of a securitisation product and those to be held by the originator.

NAB, as originator, confirms that in accordance with the Japan Due Diligence and Retention Rules:

(a) on the Closing Date and thereafter on an ongoing basis for so long as any Offered Notes remain outstanding, it will undertake in favour of the Trustee and the Lead Manager to retain a net economic interest in a pool of randomly selected assets which represent not less than 5% of the securitised assets in this transaction ("**Representative Pool**");

(b) it will hold its interest in the Representative Pool directly; and

(c) on the Closing Date:

(i) such Representative Pool will be comprised of at least 100 claims which are not securitised products and the interest NAB retains will bear similar characteristics to the securitised assets; and

(ii) it bears not less than 5% of the credit risk of the entire exposure by holding its interest in the Representative Pool.

Except as described above, no party to the securitisation transaction described in this Information Memorandum intends to take or refrain from taking any action with regard to such transaction in a manner prescribed or contemplated by the Japan Due Diligence and Retention Rules, or to take any action for purposes of, or in connection with, compliance by any Japan Obliged Entity with the Japan Due Diligence and Retention Rules.

Any failure to satisfy the Japan Due Diligence and Retention Rules may, amongst other things, have a negative impact on the value and liquidity of the Offered Notes, and otherwise affect the secondary market for the Offered Notes. Failure by the Japan Obliged Entity to satisfy the Japan Due Diligence and Retention Rules may occur if (amongst other things) there is a change in the Japan Due Diligence and Retention Rules or if insufficient interest is held by the originator in relation to the Representative Pool.

Prospective investors should make their own independent investigation and seek their own independent advice (i) as to the applicability and scope of the Japan Due Diligence and Retention Rules; (ii) as to the potential implications of any financing entered into in respect of the Representative Pool; (iii) as to the sufficiency of the information described in this Information Memorandum, and which may otherwise be made available to investors and (iv) as to their compliance with the Japan Due Diligence and Retention Rules. None of NAB, the Arranger, the Lead Manager, the Trustee, the Manager, the Trust Administrator, the Liquidity Facility Provider, the Redraw Facility Provider, the Fixed Rate Swap Provider, the Basis Swap Provider, the Seller, the Servicer, or any other party to the Transaction Documents (i) makes any representation that the performance of the undertakings described above and the information described in this Information Memorandum or any other information which may be made available to investors, are or will be sufficient for the purposes of any Japan Obliged Entity's compliance with the Japan Due Diligence and Retention Rules, (ii) has any liability to any prospective investor or any other person for any insufficiency of such information or any non-compliance by any such person with the Japan Due Diligence and Retention Rules or any other applicable legal, regulatory or other requirements, or (iii) has any obligation to provide any further information or take any other steps that may be required by any Japan Obliged Entity to enable compliance by such person with the requirements of the Japan Due Diligence and Retention Rules or any other applicable legal, regulatory or other requirements.

There can be no assurance that the regulatory capital treatment of the Offered Notes for any investor will not be affected by any future implementation of, and changes to, the Japan Due Diligence and Retention Rules or other regulatory or accounting changes.

None of NAB, the Arranger, the Lead Manager, the Dealer, the Liquidity Facility Provider, the Redraw Facility Provider, the Fixed Rate Swap Provider, the Basis Swap Provider, the Seller, the Servicer, the Manager or the Trust Administrator has any responsibility to maintain or enforce compliance with the Japan Due Diligence and Retention Rules.

U.S. risk retention requirements

The Notes sold on the Closing Date may not be purchased by, or for the account or benefit of, investors that are "U.S. persons" as defined in Regulation RR (17 C.F.R Part 246) implementing the risk retention requirements of section 15G of the U.S. Securities Exchange Act of 1934, as amended (the U.S. Risk Retention Rules (such persons, "**Risk Retention U.S. Persons**")) and each purchaser of Notes, including beneficial interests therein, will, by its acquisition of a Note or beneficial interest therein, be deemed, and, in certain circumstances, will be required to represent and agree that it: (1) is not a U.S. person for the purposes of the U.S. Risk Retention Rules; (2) is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Note; and (3) is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules.

References to Rating

There are various references in this Information Memorandum to the credit ratings of Offered Notes and of particular parties. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the relevant Designated Rating Agency. In addition, the provisional ratings of Offered Notes do not address the expected timing of principal repayments under those Offered Notes. None of the Designated Rating Agencies has been involved in the preparation of this information Memorandum.

Ratings are for distribution only to a person (a) who is not a "retail client" within the meaning of section 761G of the Corporations Act and is also a sophisticated investor, professional investor or other investor in respect of whom disclosure is not required under Part 6D.2 or Chapter 7 of the Corporations Act, and (b) who is otherwise permitted to receive ratings in accordance with applicable law in any jurisdiction in which the person may be located. Anyone who is not such a person is not entitled to receive the Information Memorandum and anyone who receives the Information Memorandum must not distribute it to any person who is not entitled to receive it.

Information distributed by National Australia Bank Limited in the United Kingdom and in Europe is distributed by NAB Europe Limited. Information distributed in New Zealand by National Australia Bank Limited is distributed by Bank of New Zealand. Information distributed in Hong Kong by National Australia Bank Limited is distributed by National Australia Bank Limited, Singapore Branch. In Singapore, information distributed by National Australia Bank Limited is distributed by National Australia Bank Limited, Singapore Branch which is licensed under the Banking Act, Chapter 19 of Singapore and is subject to the supervision of the Monetary Authority of Singapore.

None of the Designated Rating Agencies are established in the European Union or the United Kingdom and neither have applied for registration under Regulation (EC) No. 1060/2009 (as amended) (the **EU CRA Regulation**) or under such regulation as it forms part of the UK domestic law (the "**UK CRA Regulation**"). However, the ratings of Moody's are endorsed on an ongoing basis by Moody's Deutschland GmbH and the ratings of Fitch are endorsed on an ongoing basis by Fitch Ratings Ireland Limited in accordance with the EU CRA Regulation and by Moody's Investors Service Ltd and Fitch Ratings Limited in accordance with the UK CRA Regulation. Moody's Deutschland GmbH and Fitch Ratings Ireland Limited are established in the EU and are registered under the EU CRA Regulation. Moody's Investors Service Ltd and Fitch Ratings Limited are established in the UK and are registered under the UK CRA Regulation. As such, Moody's Deutschland GmbH and Fitch Ratings Ireland Limited are each included in the list of credit rating agencies published by the European Securities and Markets Authority on its website in accordance with the EU CRA Regulation and Moody's Investors Service Ltd

and Fitch Ratings Limited are each included in the list of credit rating agencies published by the Financial Conduct Authority on its website in accordance with the UK CRA Regulation.

Repo-eligibility

Application will be made by the Manager to the Reserve Bank of Australia ("**RBA**") for the Class A Notes to be "eligible securities" (or "repo eligible") for the purposes of repurchase agreements with the RBA.

The criteria for repo eligibility published by the RBA require, among other things, that certain information be provided by the Manager to the RBA at the time of seeking repo-eligibility and during the term of the Class A Notes in order for the Class A Notes to be (and to continue to be) repo-eligible.

No assurance can be given that any application by the Manager for repo-eligibility in respect of the Class A Notes will be successful, or that the Class A Notes will continue to be repo-eligible at all times even if they are eligible in relation to their initial issue. For example, subsequent changes by the RBA to its criteria could affect whether the Class A Notes continue to be repo-eligible.

If the Class A Notes are repo-eligible at any time, Noteholders should be aware that relevant disclosures may be made by the Manager to investors and potential investors in the Class A Notes from time to time in such form as determined by the Manager as it sees fit (including for the purpose of complying with the RBA's criteria).

1.3 Summary – Transaction

GENERAL	
Cut-Off Date	19 April 2024
Closing Date	27 June 2024 (or such other date determined by the Manager)
Determination Date	The day which is 5 Business Days prior to each Payment Date.
Payment Date	The 20th day of each calendar month or, if that day is not a Business Day, then the next Business Day. The first Payment Date will be in August 2024.
Redraw and Redraw Facility	Prior to the occurrence of an Event of Default and enforcement of the General Security Agreement, the Manager may, on any day during a Collection Period, direct the Trustee to apply Collections received during that Collection Period towards funding Redraws on that day, if the aggregate of such payments would not exceed the aggregate Principal Collections received during that Collection Period up to that day.

	If Redraws are made by the Seller on any day during a Collection Period, which are not otherwise reimbursed to it by the Trustee on that day from Collections received during that Collection Period, then the Redraw Facility Provider will be deemed to have made an advance under the Redraw Facility to the Seller in an amount equal to the lesser of: (a) that Redraw; and (b) the Available Redraw Amount, (a "**Redraw Drawing**"). Drawings under the Redraw Facility Agreement will be subject to certain conditions precedent. NAB will be the initial Redraw Facility Provider. For further details on the Redraw Facility see Part 7.12 ("Redraw Facility").
Liquidity Facility Agreement	If, on any Determination Date, there is a Liquidity Shortfall, the Manager must direct the Trustee to request a Liquidity Drawing under the Liquidity Facility Agreement on the Payment Date immediately following that Determination Date equal to the lesser of: (a) the Liquidity Shortfall on that Determination Date; and (b) the Available Liquidity Amount on that Determination Date. Drawings under the Liquidity Facility Agreement will be subject to certain conditions precedent. NAB will be the initial Liquidity Facility Provider. For further details on the Liquidity Facility see Part 7.11 ("Liquidity Facility").
Fixed Rate Swap	In order to hedge the mismatch between interest payments from the fixed rate Purchased Receivables and the Trustee's floating rate obligations under the Notes, the Trustee will enter into the Fixed Rate Swap with NAB as the initial Fixed Rate Swap Provider. For further details on the Fixed Rate Swap see Part 7.10 ("The Fixed Rate Swap and the Basis Swap").
Basis Swap	In order to hedge the mismatch between interest payments from the variable rate Purchased Receivables and the Trustee's floating rate obligations under the Notes, the Trustee will enter into the Basis Swap with NAB as the initial Basis Swap Provider. For further details on the Basis Rate Swap see Part 7.10 ("The Fixed Rate Swap and the Basis Swap").
Subordination Conditions	The Subordination Conditions are satisfied on a Payment Date if: (a) that Payment Date falls: (i) on or after the date which is two years after the Closing Date; and (ii) prior to the first Call Option Date; and (b) on the Determination Date immediately prior to that Payment Date: (i) the aggregate Invested Amount of all Notes (other than the Class A1 Notes) on that Determination Date is equal to or greater than 16% of the aggregate Invested Amount of all Notes on that Determination Date; (ii) there are no Carryover Principal Charge-Offs; and (iii) the Average Arrears Ratio on that Determination Date does not exceed 4%.

Listing	An application has been or will be made by the Manager to list the Class A Notes on the Australian Securities Exchange.

1.4 Summary – Notes

Type	The Notes are multi-class, mortgage backed, secured, limited recourse debt securities in registered form and are issued with the benefit of, and subject to, the Master Trust Deed, the Security Trust Deed, the General Security Agreement, the Issue Supplement and the Note Deed Poll.
Class of Notes	The Notes to be issued on the Closing Date will be divided into 7 classes: Class A1 Notes, Class A2 Notes, Class B Notes, Class C Notes, Class D Notes, Class E Notes and Class F Notes.
Additional Notes	No further Notes may be issued after the Closing Date.
Rating	The Class A1 Notes, Class A2 Notes, Class B Notes, Class C Notes, Class D Notes and Class E Notes will initially have the ratings specified in Part 1.1 ("Summary – Principal Terms of the Notes"). The ratings of the Notes should be evaluated independently from similar ratings on other types of Notes or securities. A rating is not a recommendation to buy, sell or hold securities, nor does it comment as to principal prepayments, market price or the suitability of securities for particular investors. A rating may be changed, suspended or withdrawn at any time by the relevant Designated Rating Agency.
Business Day Convention	The Following Business Day Convention will apply to all dates on which payments are due to be made.
Call Option	The Trustee must, when directed by the Manager (at the Manager's option), redeem all, but not some only, of the Notes at their then Invested Amount (or their then Stated Amount, if so approved by an Extraordinary Resolution of the Noteholders of the relevant Class of Notes), together with all accrued but unpaid interest in respect of the Notes to (but excluding) the date of redemption, on any Call Option Date. The Manager must at least 5 Business Days before the proposed redemption date give notice of the proposed redemption to the Noteholders and any stock exchange on which the Notes are listed.
Early Redemption for taxation reasons	If a law requires the Trustee to withhold or deduct an amount in respect of Taxes from a payment in respect of a Note, the Manager may (at its option) direct the Trustee to redeem all (but not some only) of the Notes by paying to the Noteholders the Redemption Amount of the Notes. The Trustee, at the direction of the Manager, must give at least 20 Business Days' notice to the relevant Noteholders of its intention to redeem the Notes.
Form of Notes	The Offered Notes will be in uncertificated registered form and inscribed on a register maintained by the Trustee in Australia.
Austraclear	It is expected that the Offered Notes will be eligible to be lodged into the Austraclear system by registering Austraclear Limited as the holder of record, for custody in accordance with the Austraclear rules and regulations. In respect of each of the Offered Notes that are lodged into the Austraclear system, Austraclear Limited will become the registered holder of those

Offered Notes in the Register of Noteholders. While those Offered Notes remain in the Austraclear system:

(a) all payments and notices required of the Trustee and the Manager in relation to those Offered Notes will be directed to Austraclear Limited;

(b) all dealings and payments in relation to those Offered Notes within the Austraclear system will be governed by the Austraclear rules and regulations; and

(c) interests in the Offered Notes may be held through Euroclear or Clearstream, Luxembourg.

1.7 Qualifying Receivables

A Receivable referred to in an Offer to Sell given under the Sale Deed is a **Qualifying Receivable** if it satisfies the following **Eligibility Criteria** on the Closing Date for that Receivable:

(a) the Receivable is due from a Qualifying Obligor;

(b) the Receivable is repayable in Australian dollars;

(c) the Receivable is not a Low Doc Loan;

(d) the Receivable is freely capable of being dealt with by the Seller as contemplated by the Sale Deed;

(e) the Related Security in respect of the Receivable includes a mortgage which is either:

(i) a first registered mortgage; or

(ii) a second registered mortgage where:

(A) there are two mortgages over the relevant land securing the Receivable and the Seller is the first mortgagee; and

(B) the first ranking mortgage is also being acquired by the Trustee in respect of the Series;

(f) the land subject to a Related Security has erected on it a residential dwelling which is not under construction;

(g) the Receivable is not a Receivable in respect of which payments are 30 days or more in arrears as at the Cut-Off Date;

(h) the Receivable is scheduled to mature at least 1.5 years prior to the Final Maturity Date;

(i) the Receivable and its Related Security comply in all material respects with all applicable laws (including the National Credit Code where applicable);

(j) the Receivable and its Related Security have been or will be duly stamped;

(k) the terms of the Receivable and Related Security have not been impaired, waived, altered or modified in any respect, except by a written instrument forming part of the related Title Documents;

(l) the Receivable and its Related Security are capable of enforcement in accordance with their terms against the relevant Obligor (subject to laws relating to insolvency and creditors' rights generally);

(m) the Seller is the sole legal and beneficial owner of the Receivable and Related Security and immediately prior to the assignment of the Receivable and Related Security to the Trustee, no Encumbrance exists in relation to its right, title and interests in the Receivable and Related Security;

(n) the Seller holds or is able to obtain all information, records and documents necessary to enforce the provisions of, and the security created by, the Receivable and Related Security;

(o) as at the Cut-Off Date, the Seller has not received notice from any person that claims to have an Encumbrance ranking in priority to or equal with the Receivable or Related Security;

(p) unless the interest payments in respect of the Receivable are calculated on the basis of a fixed rate, the Seller can amend the rate of interest applicable to the Receivable at its discretion by providing appropriate notice to the Obligor;

(q) the Seller is entitled to assign the Receivable and Related Security upon the terms and conditions of the Sale Deed and Offer to Sell and no consent to the assignment of the Receivable and Related Security or notice of that assignment is required to be given by or to any person including, without limitation, any Obligor to effect the assignment contemplated by the Sale Deed and Offer to Sell (or to the extent that any consent is required, such consent will have been obtained immediately prior to the assignment of the Receivable and Related Security);

(r) the assignment of the Receivable upon the terms and conditions of the Sale Deed and Offer to Sell will not be held by a court to constitute a transaction at an undervalue, a fraudulent conveyance or a voidable preference under any insolvency laws;

(s) the terms of the Receivable contain a Waiver of Set-Off;

(t) if the Obligor in respect of the Receivable is an employee of the Seller, the Receivable was originated in accordance with the Guidelines; and

(u) if the Receivable is covered by a Mortgage Insurance Policy, that Mortgage Insurance Policy is provided by an Approved Mortgage Insurer and provides for 100% cover of principal and non-default interest losses in respect of the Receivable subject to the terms and conditions of such Mortgage Insurance Policy.

1.8 Key Features of the Receivables

The Receivables are secured by registered first ranking mortgages or second ranking mortgages as contemplated by Part 1.7(e)(ii) on properties located in Australia. The Receivables were originated by NAB (either through its Proprietary Channel or its Third Party Channel). The Receivables are either fixed rate loans (but only for a limited period, generally no longer than 5 years, with the rate at the end of such period, either converting to a new fixed rate for another limited period or converting to a variable rate) or variable rate loans.

2 Part 2 – Risk Factors

The purchase and holding of the Offered Notes is not free from risk. This section describes some of the principal risks associated with the Offered Notes. It is only a summary of some particular risks. There can be no assurance that the structural protection available to Noteholders will be sufficient to ensure that a payment or distribution of a payment is made on a timely or full basis. Prospective investors should read this Information Memorandum and the Transaction Documents and make their own independent investigation and seek their own independent advice as to the potential risks involved in purchasing and holding the Offered Notes.

The Offered Notes will only be paid from the Series Assets

The Trustee will issue the Offered Notes in its capacity as trustee of the Trust and in respect of the Series.

The Trustee will be entitled to be indemnified out of the Series Assets for all payments of interest and principal in respect of the Offered Notes.

A Noteholder's recourse against the Trustee with respect to the Offered Notes is limited to the amount by which the Trustee is indemnified from the Series Assets. Except in the case of, and to the extent that a liability is not satisfied because the Trustee's right of indemnification out of the Series Assets is reduced as a result of, fraud, negligence or wilful default of the Trustee, no rights may be enforced against the Trustee by any person and no proceedings may be brought against the Trustee except to the extent of the Trustee's right of indemnity and reimbursement out of the Series Assets. Except in those limited circumstances, the assets of the Trustee in its personal capacity are not available to meet payments of interest or principal in respect of the Offered Notes.

If the Trustee is denied indemnification from the Series Assets, the Security Trustee will be entitled to enforce the General Security Agreement in respect of the Series and apply the Series Assets which are granted in favour of the Security Trustee for the benefit of the Secured Creditors of the Series (which includes the relevant Noteholders). The Security Trustee may incur costs in enforcing the General Security Agreement, with respect to which the Security Trustee will be entitled to indemnification. Any such indemnification will reduce the amounts available to pay interest on, and repay principal of, the Offered Notes.

The Series Assets are limited

The Series Assets consist primarily of the Purchased Receivables.

If the Series Assets are not sufficient to make payments of interest or principal in respect of the Offered Notes in accordance with the Cashflow Allocation Methodology, then payments to Noteholders will be reduced.

Accordingly, the failure by Obligors to make payments on the Purchased Receivables when due may result in the Trustee having insufficient funds available to it to make full payments of interest and principal to the Noteholders. Consequently, the yield on the Offered Notes could be lower than expected and Noteholders could suffer losses.

Breach of Representation or Warranty

The Seller will make certain representations and warranties to the Trustee in relation to the Purchased Receivables to be assigned to the Trustee from the Seller. The Trustee has not investigated or made any enquiries regarding the accuracy of those representations

and warranties. The Seller has agreed to repurchase any Purchased Receivable sold by the Seller to the Trustee in respect of which it is discovered within the Prescribed Period by the Seller or the Trustee that any one of the representations and warranties given by the Seller was materially incorrect and notice of such discovery is given to the Seller or the Trustee (as applicable) not later than 5 Business Days prior to the last day of the Prescribed Period (and the Seller does not remedy the breach to the satisfaction of the Trustee within 5 Business Days of the Seller giving or receiving the notice (as applicable)). If a representation and warranty was found by the Seller or the Trustee to be incorrect after the last day on which a notice can be given, the Seller has agreed to pay damages to the Trustee for any direct loss incurred by the Trustee as a result. However, the amount of such loss or costs cannot exceed the principal outstanding amount plus any accrued but unpaid interest in respect of the Purchased Receivables. Besides these two remedies, there is no other express remedy available to the Trustee in respect of a breach of the representations and warranties given in respect of the Purchased Receivables.

Investors may not be able to sell the Offered Notes

The Lead Manager is not required to assist the Noteholders in reselling the Offered Notes. Although application has been or will be made to list the Class A Notes on the Australian Securities Exchange, there is no assurance that a secondary market in the Offered Notes will develop, or, if one does develop, that it will provide liquidity of investment or will continue for the life of the Offered Notes.

Over the past several years, major disruptions in the global financial markets have caused a significant reduction in liquidity in the secondary market for asset-backed securities. While there has been some improvement in conditions in the global financial markets and the secondary markets, there can be no assurance that future events will not occur that could have an adverse effect on secondary market liquidity for asset-backed securities. If illiquidity of investment increases for any reason, including as described above, it could adversely affect the market value of the Offered Notes and/or limit the ability to resell the Offered Notes.

No assurance can be given that it will be possible to effect a sale of the Offered Notes, nor can any assurance be given that, if a sale takes place, it will not be at a discount to the acquisition price or the Invested Amount of the Offered Notes.

Consumer protection laws and codes may affect the timing or amount of interest or principal payment to you

National Consumer Credit Protection Act

The National Consumer Credit Protection Act ("**NCCP Act**"), which includes a National Credit Code ("**Credit Code**"), commenced on 1 July 2010.

The majority of the Purchased Receivables are regulated by the Credit Code (and therefore the NCCP Act). The NCCP Act incorporates a requirement for providers of credit related services to hold an "Australian credit licence", and to comply with "responsible lending" requirements, including undertaking a mandatory "unsuitability assessment" before a loan is made or there is an agreed increase in the amount of credit under a loan.

The responsible lending obligations under the NCCP Act are broadly expressed. In recent years, there has been a number of Australian Federal Court decisions, regulatory guidance from ASIC and action

which ASIC has taken against licensees, including issuing infringement notices. The practical effect of these developments, among other things, is that the interpretation of, and guidance in relation to, these obligations can change, particularly in respect of whether a credit licensee has taken sufficient steps to comply with its responsible lending obligations.

Failure to comply with the Credit Code and the NCCP Act, may mean that court action is brought by the Obligor or by ASIC to:

- grant an injunction preventing a Purchased Receivable from being enforced (or preventing the taking of any other action in relation to the Purchased Receivable) if to do so would breach the NCCP Act;
- order compensation to be paid for loss or damage suffered (or likely to be suffered) as a result of a breach of a civil penalty provision or a criminal offence in the NCCP Act;
- if a credit activity has been engaged in without an Australian credit licence and no relevant exemption applies, issue an order it considers appropriate so that no profiting can be made from the activity, to compensate for loss and to prevent loss. This could include an order declaring a contract, or part of a contract, to be void, varying the contract, refusing to enforce contract terms, ordering a refund of money or return of property, payment for loss or damage or being ordered to supply specified services;
- vary the terms of a Purchased Receivable based on the grounds of hardship or that it is an unjust contract;
- reduce or cancel any interest rate, fee or charge payable on a Purchased Receivable which is unconscionable;
- have certain provisions of a Purchased Receivable which are in breach of the legislation declared void or unenforceable;
- impose a civil penalty for contraventions of certain disclosure obligations;
- obtain restitution or compensation from the Trustee in relation to any breach of the Credit Code; or
- seek various other penalties and remedies for other breaches of the legislation, such as failing to comply with the breach reporting regime.

As a condition of the Servicer holding an Australian credit licence and the Trustee being able to perform its role, the Servicer and the Trustee must also allow each borrower to have access to the Australian Financial Complaints Authority ("**AFCA**"), which has power to resolve disputes where the amount in dispute is below the relevant threshold.

The scope to challenge an adverse determination by AFCA is limited, and a decision is not subject to judicial review.

Where a systemic contravention affects contract disclosures across multiple Purchased Receivables, there is a risk of a representative or

class action under which a civil penalty could be imposed in respect of all affected Purchased Receivable contracts. If Obligors suffer any loss, orders for compensation may be made.

Any such orders (by a court or AFCA) may affect the timing or amount of principal repayments under the relevant Purchased Receivables which may in turn affect the timing or amount of interest and principal payments under the Offered Notes.

Breaches of the NCCP Act may also lead to civil penalties or criminal fines being imposed on the Seller, for so long as it holds legal title to the Trust Receivables. If the Trustee acquires legal title, it will then become primarily responsible for compliance with the NCCP Act.

Unfair Terms

In certain circumstances, the terms of the Purchased Receivables may be subject to review under Part 2 of the Australian Securities and Investments Commission Act 2001 (Cth) ("**ASIC Act**") and/or Part 2B of the Fair Trading Act 1999 (Vic) ("**Fair Trading Act**") for being unfair.

Part 2 of the ASIC Act includes a national unfair contract terms regime whereby a term of a standard-form consumer contract (renewed, varied or entered into from July 2010) or a small business contract (renewed, varied or entered into from 12 November 2016) will be unfair, and therefore void, if:

(a) it causes a significant imbalance in the parties' rights and obligations under the contract;

(b) is not reasonably necessary to protect the supplier's legitimate interests; and

(c) it would cause financial or non-financial detriment to a party if it was relied on.

A consumer contract is one with an individual, whose use of what is provided under the contract is wholly or predominantly for personal, domestic or household use or consumption.

For contracts:

(a) entered into before 9 November 2023, a small business contract is one where, at the time the contract is entered into, at least one party to the contract is a business that employs less than 20 people and the upfront price payable under the contract is either:

- $300,000 or less if the contract has a duration of 12 months or less; or
- $1,000,000 or less, if the contract has a duration of more than 12 month; or

(b) entered into, renewed or varied on or after 9 November 2023, small business include a small business that employs fewer than 100 employees or has a turnover of less than $10,000,000, and the upfront price payable under the contract is $5,000,000 or less.

A term that is unfair will be void however, the contract will continue if it is capable of operating without the unfair term.

Under the Victorian regime, a term in a consumer contract would be unfair and therefore void if it is a prescribed unfair term or if a court or tribunal determines that in all the circumstances it causes a significant imbalance in the parties' rights and obligations arising under the contract to the detriment of the consumer and is not reasonably necessary in order to protect the legitimate interests of the party who would be advantaged by the term.

Also on 1 July 2010, Victoria amended its unfair terms regime (contained in Part 2B of the Fair Trading Act) to follow the wording in the national regime. Victoria's unfair terms regime had applied to certain credit contracts since 10 June 2009. The Victorian and/or the national unfair terms regime may apply to the Purchased Receivables, depending on when the Purchased Receivables were entered into. However, the Victorian regime was repealed and ceased to apply to new contracts entered into or renewed after 1 January 2011. From 1 January 2011, the national regime applied across all states and territories.

Purchased Receivables entered into before the application of either the Victorian or the national unfair terms regime will become subject to the national regime going forward if those contracts are renewed or a term is varied (although, where a term is varied, the regime only applies to the varied term). Any finding that a term of a Mortgage Loan is unfair and therefore void may, depending on the relevant term, affect the timing or amount of interest, fees or charges, or principal repayments under the relevant Purchased Receivables which might in turn affect the timing or amount of interest or principal payments under the Offered Notes.

From 9 November 2023, amendments to the national unfair terms regime (outlined in the *Treasury Laws* Amendment *(More Competition, Better Prices*) *Act 2022)* took effect to:

(a) expand the class of small business contracts (as noted above);

(b) introduce civil penalties for each contravention of the prohibition on proposing, applying or relying on an unfair contract term in a standard form contract; and

(c) introduce more flexible remedies to allow courts to order additional remedies including further injunctive powers once a term has been declared unfair.

The amendments took effect and apply to all contracts entered into, renewed or varied on or after 9 November 2023.

There is no way to predict the actual rate and timing of principal payments on the Offered Notes

Whilst the Trustee is obliged to repay the Offered Notes by the Final Maturity Date, principal on the Offered Notes may be passed through to Noteholders on each Payment Date from the Principal Collections and such amount will reduce the principal balance of such Offered Notes. However, there is no guarantee as to the rate at which principal will be passed through to Noteholders. Accordingly, the actual date by which Offered Notes are repaid cannot be precisely determined.

For example, Principal Collections will be used:

(a) to fund payment delinquencies (in the form of Principal Draws, if any); and

(b) to fund Redraws and to repay any Redraw Drawings under the Redraw Facility.

The utilisation of Principal Collections for these purposes will slow the rate at which principal will be passed through to Noteholders.

The timing and amount of principal which will be passed through to Noteholders of Offered Notes will be affected by the rate at which the Purchased Receivables repay or prepay principal, which may be influenced by a range of economic, social and other factors including:

(a) the level of interest rates applicable to the Purchased Receivables relative to prevailing interest rates in the market;

(b) the delinquencies and default rate of Obligors under the Purchased Receivables;

(c) demographic and social factors such as unemployment, death, divorce and changes in employment of Obligors;

(d) the rate at which Obligors sell or refinance their properties;

(e) the degree of seasoning of the Purchased Receivables; and

(f) the loan-to-valuation ratio of the Obligors' properties at the time of origination of the relevant Purchased Receivables.

The Noteholders may receive repayments of principal on the Offered Notes earlier or later than would otherwise have been the case or may not receive repayments of principal at all.

Other factors which could result in early repayment of principal to Noteholders of Offered Notes include:

(a) receipt by the Trustee of enforcement proceeds due to an Obligor having defaulted on its Purchased Receivable;

(b) exercise of the Call Option on a Call Option Date; or

(c) receipt of proceeds of enforcement of the General Security Agreement prior to the Final Maturity Date.

Reinvestment risk on payments received during a Collection Period

If a prepayment is received on a Purchased Receivable during a Collection Period interest will cease to accrue on that part of the Purchased Receivable prepaid from the date of the prepayment. Collections remitted by the Servicer into the Collection Account may earn interest at a rate less than the then rate on the Purchased Receivables.

Interest will, however, continue to be payable in respect of the Invested Amount of the Offered Notes until the next Payment Date. Accordingly, this may affect the ability of the Trustee to pay interest in full on the Offered Notes. The Trustee has access to Principal Draws and the amount available under the Liquidity Facility to finance

such shortfalls in interest payments to the Noteholders of the Offered Notes.

Receivable pool characteristics altered by Redraws

If any Redraws are made then:

(a) the characteristics of the pool of Purchased Receivables may be altered; and

(b) the estimated average lives of the Offered Notes may be altered.

The failure to pay by an Obligor or a transaction party may affect the timing or amount of payments due on the Offered Notes

The Trustee's ability to pay interest and to repay principal in respect of the Offered Notes is limited to the Total Available Income and Principal Collections which are available for that purpose. Accordingly:

(a) the failure by Obligors to make payments on the Purchased Receivables when due; and/or

(b) the failure in performance of relevant counterparties under the Liquidity Facility, each Mortgage Insurance Policy, the Fixed Rate Swap or the Basis Swap,

may result in the Trustee having insufficient funds available to it to make full payments of interest and principal to the Noteholders.

The geographic concentration of Purchased Receivables may affect the amount that can be realised on the sale of the portfolio

Part 1.6 ("Details of the Purchased Receivables") contains details of the geographic concentration of the Purchased Receivables pool. To the extent that any such region experiences weaker economic conditions in the future, this may increase the likelihood of Obligors of Purchased Receivables in that region missing scheduled instalments or defaulting on those Purchased Receivables. In such circumstances, the values of properties in that region may also fall, leading to the possibility of a loss in the event of enforcement.

None of the Trustee, the Manager, the Trust Administrator or the Servicer can quantify whether there has been a decline in the value of properties since the settlement of the Purchased Receivables or the extent to which there may be a decline in the value of properties in the future.

Seasoning of Purchased Receivables

Part 1.6 ("Details of the Purchased Receivables") contains details of the seasoning of the Purchased Receivables pool as at the Cut-Off Date.

As of the Closing Date, some of the Purchased Receivables may not be fully seasoned and may display different characteristics compared to seasoned Purchased Receivables. As a result, the Purchased Receivables may experience higher rates of defaults than if the Purchased Receivables had been outstanding for a longer period of time.

Physical and transition risks arising from climate change and other environmental impacts may lead to increasing customer defaults and

Part 1.6 ("Details of the Purchased Receivables") contains details of the geographic concentration of the Purchased Receivables pool.

Extreme weather, increasing weather volatility, and longer-term changes in climatic conditions, as well as environmental impacts such as land contamination and other nature-related risks such as deforestation, biodiversity loss and ecosystem degradation, may affect water security, property values or cause losses for Obligors

decrease the value of collateral	due to damage, crop losses, existing land use ceasing to be viable, and/or interruptions to, or impacts on, business operations and supply chains. In Australia acute physical climate events have included drought conditions, bushfires over summer periods, and severe floods. Extreme weather events are expected to increase globally and locally in frequency and severity, which may have adverse macroeconomic impacts. The impact of extreme weather events can take time to be fully realised and be widespread. The impact of these losses on Obligors may be exacerbated by a decline in the value and liquidity of Related Securities and the extent to which these assets are insured or insurable. These risks may lead to increased levels of default by Obligors, affect the value of Related Security, or result in a deterioration of the economy, which in turn may adversely affect the performance, marketability and overall market value of the Offered Notes. None of the Trustee, the Manager, the Trust Administrator or the Servicer can quantify whether there has been a decline in the value of properties since the settlement of the Purchased Receivables or the extent to which there may be a decline in the value of properties in the future.
The redemption of the Offered Notes on a Call Option Date may affect the return on the Notes	The Manager has the right under the Issue Supplement to direct the Trustee to sell all (but not some only) of the Purchased Receivables to the Seller in order to raise funds to redeem the Offered Notes on a Call Option Date. However, there is no guarantee that the Purchased Receivables will be able to be sold in order to raise sufficient funds to redeem the Offered Notes on a Call Option Date or that the Manager will exercise its discretion and direct the Trustee to redeem the Offered Notes on a Call Option Date.
Termination of appointment of the Manager or the Servicer may affect the collection of the Purchased Receivables	The appointment of each of the Manager and the Servicer may be terminated in certain circumstances (including by resignation of such party). If the appointment of the Servicer or the Manager is terminated, another entity must be appointed to perform the relevant role for the Series. The retirement or removal of the Manager or the Servicer will only take effect once a substitute has been appointed and has agreed to be bound by the Transaction Documents. There is no guarantee that such a substitute will be found or that the substitute will be able to perform its duties with the same level of skill and competence as any previous Manager or Servicer (as the case may be). If a substitute Servicer is not appointed, the Trustee must act as the substitute Servicer, and will continue to act in this capacity until a suitable substitute Servicer is found.
Nature of Security	Under the General Security Agreement, the Trustee grants a security interest over all the Series Assets in favour of the Security Trustee to secure the payment of monies owing to the Secured Creditors, including, among others, the Noteholders, the Security Trustee and the Manager.

The security interest is a charge. If for any reason it is necessary to determine the nature of the charge, it is a floating charge over Revolving Assets and a fixed charge over all other Collateral.

The Trustee may not create or allow another interest in any Collateral other than any Permitted Encumbrance or dispose, or part with possession, of any Collateral. However, the Trustee may do any of the following in the ordinary course of the Trustee's ordinary business unless it is prohibited from doing so by any Transaction Document:

(a) dispose or part with possession of, any Collateral which is a Revolving Asset; and

(b) withdraw or transfer money from an account with a bank or other financial institution.

If a Control Event occurs in respect of any Collateral then automatically:

(a) that Collateral ceases to be a Revolving Asset;

(b) any floating charge over that Collateral immediately operates as a fixed charge; and

(c) the Trustee may no longer deal with the Collateral.

The security interest over Revolving Assets is a circulating security interest. A circulating security interest is treated under the Corporations Act in substantially the same way as a floating charge. This means that it will rank behind Corporations Act preferred creditor claims (for example, certain employee entitlements, auditor's fees and administrator's indemnity for costs) and may be void as against a liquidator in certain circumstances under Corporations Act s588FJ.

To the extent that the Series Assets are "personal property" as defined in the PPSA, the security interest takes effect either as:

(a) security interests over "circulating assets": this type of security interest does not attach to specific assets. Instead, the assets may circulate, changing from time to time, allowing the Trustee to deal with those assets and to give third party title to those assets free from any encumbrance. The restrictions in relation to circulating assets generally Allow the Trustee to continue to deal with these assets in the ordinary course of its business unless it is prohibited from doing so by another provision in a Transaction Documents in relation to the Series or with the Security Trustee's consent; or

(b) security interests in relation to "restricted assets" (which generally relate to assets including real property, marketable securities and other assets which will not be dealt with by the Trustee in the ordinary course of its business): this type of security attaches to specific assets of the Series. The restrictions in relation to restricted assets generally prevent the Trustee from dealing with these assets (including for example, the Trustee will not be allowed to dispose of these assets, or change the nature of the collateral or vary any interest in the collateral) otherwise than as permitted by the Transaction Documents or with the Security Trustee's

consent. Circulating assets become restricted assets (so that the Trustee ceases to have the ability to deal with the assets as described above) immediately upon the occurrence of certain control events (including notification by the Security Trustee to the Trustee which notice may only be given in the circumstances specified in the General Security Agreement).

To the extent that the General Security Agreement grants security interests in respect of Collateral to which the PPSA does not apply ("**Non-PPSA Collateral**"), the security interests operate as a fixed charge over Collateral which is a restricted asset and a floating charge over Collateral which is a circulating asset. On the occurrence of certain events, the floating charge may take effect as a fixed charge. If the Trustee grants a fixed security over any of the Series Assets that are Non-PPSA Collateral, those assets may not be dealt with by the Trustee without the consent of the Security Trustee. In this way, the security is said to "fix" over the specific assets.

Unlike fixed charges, floating charges do not attach to specific assets but instead "float" over a class of Non-PPSA Collateral which may change from time to time, allowing the Trustee to deal with those assets in the ordinary course of its business and as permitted by the Transaction Documents and to give third party title to those assets free from any encumbrance.

Ratings on the Offered Notes

The ratings of the Offered Notes entail substantial risks and may be unreliable as an indication of the creditworthiness of the Offered Notes. The Manager hired Moody's and Fitch to rate the Offered Notes. The credit ratings of the Offered Notes should be evaluated independently from similar ratings on other types of Offered Notes or securities.

A credit rating by a Designated Rating Agency is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension, qualification or withdrawal at any time by the relevant Designated Rating Agency. A rating does not address the market price or suitability or other factors that may influence the value of the Offered Notes. There is no assurance that a rating will remain for any given period of time. A rating may be subject to revision, suspension, qualification or withdrawal at any time by a Designated Rating Agency.

A revision, suspension, qualification or withdrawal of the credit rating of the Offered Notes may adversely affect the price of the Offered Notes. If a Designated Rating Agency changes its credit rating or withdraws its credit rating, no one has any obligation to provide additional credit enhancement or restore the original credit rating.

In addition, the credit ratings of the Offered Notes do not address the expected timing of principal repayments under the Offered Notes, only the likelihood that principal will be received no later than the Final Maturity Date.

Further, civil, criminal or regulatory actions, litigation or other events or determinations adverse to a Designated Rating Agency may have a detrimental effect on the credibility of such Designated Rating

Agency's ratings, which could have an adverse effect on the market price of the Offered Notes.

Prospective investors in the Offered Notes should make their own evaluation of an investment in the relevant Offered Notes and not rely on the ratings of the relevant Offered Notes.

Neither the Manager nor any other person or entity will have any duty to notify you if any rating organisation other than the Designated Rating Agencies issues, or delivers notice of its intention to issue, unsolicited ratings on one or more classes of Offered Notes after the date of this Information Memorandum. In no event will ratings confirmation from any such other rating organisation be a condition to any action, or the exercise of any right, power or privilege by any person or entity, under the Transaction Documents.

No Designated Rating Agency has been involved in the preparation of this Information Memorandum.

Investment in the Offered Notes may not be suitable for all investors

The Offered Notes are not a suitable investment for any investor that requires a regular or predictable schedule of payments or payment on any specific date. The Offered Notes are complex investments that should be considered only by investors who, either alone or with their financial, tax and legal advisors, have the expertise to analyse the prepayment, reinvestment, default and market risk, the tax consequences of an investment, and the interaction of these factors.

Mortgage-backed securities, like the Offered Notes, usually produce more returns of principal to investors when market interest rates fall below the interest rates on the Purchased Receivables and produce less returns of principal when market interest rates rise above the interest rates on the Purchased Receivables. If Obligors refinance their Purchased Receivables as a result of lower interest rates, Noteholders may receive an unanticipated payment of principal. As a result, Noteholders are likely to receive more money to reinvest at a time when other investments generally are producing a lower yield than that on the Offered Notes and are likely to receive less money to reinvest when other investments generally are producing a higher yield than that on the Offered Notes. Noteholders will bear the risk that the timing and amount of payments on the Offered Notes will prevent them from attaining the desired yield.

The yield to maturity on the Offered Notes is uncertain and may be affected by many factors

The pre-tax yield to maturity on the Offered Notes is uncertain and will depend on a number of factors. One such factor is the uncertain rate of return of principal. The amount of payments of principal on the Offered Notes and the time when those payments are received depend on the amount and the times at which Obligors make principal payments on the Purchased Receivables. The principal payments may be regular scheduled payments or unscheduled payments resulting from prepayments of the Purchased Receivables.

You face an additional possibility of loss because the Trustee does not hold legal title to the Purchased Receivables

The Purchased Receivables will initially be assigned by the Seller to the Trustee in equity. If a Title Perfection Event has occurred, the Trustee may take certain steps to protect or perfect the Trustee's interest in and title to the Purchased Receivables and Related Security, including giving notice of the Trustee's interest in and title to the Purchased Receivables to the Obligors.

Until such time as a Title Perfection Event has occurred, the Trustee must not take any steps to perfect legal title and, in particular, it will not notify any Obligor of its interest in the Purchased Receivables.

The consequences of the Trustee not holding legal title in the Purchased Receivables include:

(a) until an Obligor has notice of the Trustee's interest in the Purchased Receivables, such person is not bound to make payment to anyone other than the Seller, and can obtain a valid discharge from the Seller;

(b) rights of set-off or counterclaim may accrue in favour of the Obligor against its obligations under the Purchased Receivables which may result in the Trustee receiving less money than expected from the Purchased Receivables;

(c) the Trustee's interest in those Purchased Receivables may become subject to the interests of third parties created after the creation of the Trustee's equitable interest but prior to it acquiring a legal interest; and

(d) the Seller may need to be a party to certain legal proceedings against any Obligor in relation to the enforcement of those Purchased Receivables.

You face an additional possibility of loss because of set-off risk

The Purchased Receivables can only be sold free of set-off to the Trustee to the extent permitted by law. The consequence of this is that if an Obligor has funds standing to the credit of an account with the Seller or amounts are otherwise payable to such a person by the Seller, that person may have a right on the enforcement of the Purchased Receivable or the related securities or on the insolvency of the Seller to set-off the Seller's liability to that person in reduction of the amount owing by that person in connection with the Purchased Receivable. If the Seller becomes insolvent, it can be expected that set-off rights are exercised. To the extent that, on the insolvency of Seller, set-off is claimed in respect of deposits, the amount available for payment to the Noteholders may be reduced to the extent that those claims are successful.

The Servicer may commingle collections on the Purchased Receivables with their assets

Before the Servicer remits Collections to the Collection Account, the Collections may be commingled with the assets of the Servicer. If the Servicer becomes insolvent, the Trustee may only be able to claim those Collections as an unsecured creditor of the insolvent company. This could lead to a failure to receive the Collections on the Purchased Receivables, delays in receiving the Collections, or losses to you.

If the Servicer has a credit rating from each Designated Rating Agency which is at least equal to the Required Credit Rating, the Servicer is not required to remit Collections to the Collection Account until the Payment Date immediately following the relevant Collection Period. However, if the Servicer does not have a credit rating from each Designated Rating Agency which is at least equal to the Required Credit Rating, the Servicer is required to remit all Collections to the Collection Account within 1 Business Day of receipt.

Losses and delinquent payments on the Purchased Receivables

There can be no assurance that delinquency and default rates affecting the Purchased Receivables will remain in the future at levels corresponding to historic rates for assets similar to the Purchased

may affect the return on the Offered Notes	Receivables. In particular, a downturn in the Australian economy, an increase in unemployment, a fall in real property values, increases in interest rates or any combination of these factors, may increase delinquencies or losses on the Purchased Receivables which might cause losses on the Offered Notes. If Obligors fail to make payments of interest and principal under the Purchased Receivables when due and the credit enhancement described in this Information Memorandum is not enough to protect the Offered Notes from the Obligors' failure to pay, then the Trustee may not have enough funds to make full payments of interest and principal due on the Offered Notes. Consequently, the yield on the Offered Notes could be lower than you expect and you could suffer losses.
Reimbursement of Redraws and Redraw Drawings will be paid before the Offered Notes	Reimbursement of Redraws and repayment of Redraw Drawings will rank ahead of repayment of all classes of Offered Notes with respect to payment of principal both prior to and after the occurrence of an Event of Default and enforcement of the General Security Agreement and consequently a Noteholder will, if a Redraw is made, receive repayments of principal on the Offered Notes later and may not receive full repayment of principal on the Offered Notes.
The termination of the Basis Swap and the Fixed Rate Swap may subject you to losses from interest rate fluctuations	The Trustee will exchange the interest payments from the fixed-rate Purchased Receivables for variable rate payments, on a monthly basis, based upon the BBSW Rate plus a margin. If the Fixed Rate Swap is terminated or the Fixed Rate Swap Provider fails to perform its obligations, the Noteholders will be exposed to the risk that the floating rate of interest payable on the Offered Notes will be greater than the fixed rate set by the Servicer on the fixed rate Purchased Receivables, which may lead to the Trustee having insufficient funds to pay interest on the Offered Notes. The Trustee will exchange the interest payments from the variable rate Purchased Receivables for variable rate payments, on a monthly basis, based upon the BBSW Rate plus a margin. If the Basis Swap is terminated, the Manager will direct the Servicer to set the weighted average interest rate on the variable Purchased Receivables to at least the Threshold Rate. If the rates on the variable rate Purchased Receivables are set above the market interest rate for similar variable-rate Purchased Receivables, the affected Obligors will have an incentive to refinance their loans with another institution, which may lead to higher rates of principal prepayment than the Noteholders initially expected, which will affect the yield on the Offered Notes. If the Fixed Rate Swap or the Basis Swap terminates before its scheduled termination date, a termination payment by either the Trustee or the Fixed Rate Swap Provider or the Basis Swap Provider (as applicable) may be payable. A termination payment could be substantial. Any termination payment owing by the Trustee to the Fixed Rate Swap Provider or the Basis Swap Provider (as applicable) will be payable out of the Series Assets and will have a higher priority than payments of interest on the Offered Notes, unless: (a) the swap is terminated following a default by, or certain termination events relating to, the Fixed Rate Swap Provider

or the Basis Swap Provider (as applicable) under the relevant swap; or

(b) (in the case of the Fixed Rate Swap and prior to an Event of Default and enforcement of the General Security Agreement) the Trustee has not received the corresponding amount under the Purchased Receivable, the prepayment of which gave rise to the termination of the Fixed Rate Swap.

Therefore, if the Trustee makes a termination payment there may not be sufficient funds remaining to pay interest on the Offered Notes on the next Payment Date, and the principal on the Offered Notes may not be repaid in full.

Cessation of, or material change to, the BBSW benchmark may result in reduced liquidity and/or losses on the Offered Notes

Interest rate benchmarks (such as BBSW) have been and continue to be the subject of national and international regulatory guidance and proposals for reform. These reforms may cause such benchmarks to perform differently than in the past, to disappear entirely, or have other consequences which cannot be predicted. Any such consequence could have a material adverse effect on the Offered Notes.

In Australia, examples of reforms that are already effective include the replacement of the Australian Financial Markets Association as BBSW administrator with ASX Benchmarks Pty Limited (ABN 38 616 075 417), changes to the methodology for calculation of BBSW, and amendments to the Corporations Act made by the Treasury Laws Amendment (2017 Measures No. 5) Act 2018 (Cth) which, among other things, enable ASIC to make rules relating to the generation and administration of financial benchmarks. On 6 June 2018, ASIC designated BBSW as a "significant financial benchmark" and made the ASIC Financial Benchmark (Administration) Rules 2018 and the ASIC Financial Benchmarks (Compelled) Rules 2018.

Although many of the Australian reforms were designed to support the reliability and robustness of BBSW, it is not possible to predict with certainty whether, and to what extent, BBSW will continue to be supported or the extent to which related regulations, rules, practices or methodologies may be amended going forward. This may cause BBSW to perform differently than it has in the past, and may have other consequences which cannot be predicted. For example, it is possible that these changes could cause BBSW to cease to exist, to become commercially or practically unworkable, or to become more or less volatile or liquid. Any such changes could have a material adverse effect on the Offered Notes.

Investors should be aware that the RBA has expressed a view that calculations of BBSW using 1 month tenors are not as robust as calculations using tenors of 3 months or 6 months, and that users of 1 month tenors such as the securitisation markets should be preparing to use alternative benchmarks such as the RBA cash rate or 3 month BBSW. The RBA criteria for repo eligibility includes a requirement that floating rate notes and marketed mortgage-backed securities such as the Offered Notes must contain at least one "robust" and "reasonable and fair" fallback rate for BBSW in the event that it permanently ceases to exist, if such securities are to be accepted by the RBA as being eligible collateral for the purposes of any repurchase agreements to be entered into with the RBA.

The Conditions of the Offered Notes incorporate fallback provisions that are consistent with the ASF Market Guidelines on BBSW fallback provisions dated 11 November 202 and which apply in the event of a temporary disruption or permanent discontinuation of the benchmark rate. The fallback methodology involves the use of alternative benchmark rates (to the extent available) as the benchmark rate applicable to the Offered Notes, including (i) in the case of a Permanent Discontinuation Trigger affecting BBSW, AONIA; (ii) in the event of a Permanent Discontinuation Trigger affecting AONIA, the RBA Recommended Rate; and (iii) in the event of a Permanent Discontinuation Trigger affecting the RBA Recommended Rate, the Final Fallback Rate. Any such alternative benchmark rates may, at the relevant time, be difficult to calculate, be more volatile than originally anticipated or not reflect the funding cost or return anticipated by investors.

For example, whereas BBSW is expressed on the basis of a forward-looking term and is based on observed bid and offer rates for Australian prime bank eligible securities (which bid and offer rates may incorporate a premium for credit risk) AONIA is an overnight, 'risk-free' cash rate and will be applied to calculate interest on the Offered Notes by methodology involving compounding in arrears using observed rates and the application of a spread adjustment. Accordingly, where AONIA (or any other benchmark rate determined by compounding in arrears) applies in respect of the Offered Notes, it may be difficult for investors in the Offered Notes to estimate reliably in advance the amount of interest which will be payable on those Offered Notes for a particular Interest Period.

No assurances can be provided that AONIA or any other alternate rate applied to the Offered Notes as described above will have characteristics that are similar to, or be sufficient to produce the economic equivalent of, BBSW or any other alternate rate which may have previously applied at any time under the framework described above. Prospective investors should be aware that the market is still developing in relation to AONIA as a reference rate in the capital markets. It is not possible to predict what effect the application of AONIA (or any other alternative benchmark rate for the Offered Notes) in determining the interest on the Offered Notes may have on the price, value or liquidity of the Offered Notes.

In addition, investors should be aware that, in addition to being used for interest calculations, a rate based on BBSW is also used to determine other payment obligations such as interest payable to the Liquidity Facility Provider under the Liquidity Facility and the Redraw Facility Provider under the Redraw Facility, and that the fall back rates for these payments may not be the same as the fall back rate for payments of interest on the Offered Notes. Any such mismatch may lead to shortfalls in cash flows necessary to support payments on the Offered Notes.

Certain amendments may be made to the Transaction Documents without the approval of the Offered Noteholders or other Secured Creditors if at any time a Permanent Discontinuation Trigger occurs with respect to BBSW (or other Applicable Benchmark Rate) and the Manager determines that such amendments to the Transaction Documents are necessary to give effect to the application of the applicable Fallback Rate in the manner contemplated by condition 6.11 ("Permanent Discontinuation Fallback") of Part 3 ("Conditions of the Notes"), such amendments being reasonably determined having

	regard to then current market practice. None of the Manager, the Trustee, the Security Trustee or any other party to the Transaction Documents have any liability to any Noteholder for either any determination of any Fallback Rate or the execution or application of any such amendments. Investors should consult their own independent advisers and make their own assessment about the potential risks imposed by BBSW reforms, the potential for BBSW to be discontinued and risks associated with the potential application of AONIA and other Applicable Benchmark Rates in making any investment decision with respect to any Offered Notes.
If the Manager directs the Trustee to redeem the Offered Notes, you could suffer losses and the yield on your Offered Notes could be lower than expected	If the Manager directs the Trustee to redeem the Offered Notes earlier than the Final Maturity Date and Principal Charge-Offs have occurred, the Noteholders may by Extraordinary Resolution consent to receiving an amount equal to the outstanding Invested Amount of the Offered Notes, less Principal Charge-Offs, plus accrued interest. As a result, the Noteholders may not fully recover their investment. In addition, such early redemption will shorten the average lives of the Offered Notes and potentially lower the yield on the Offered Notes.
The Servicer's ability to set the interest rate on variable-rate Purchased Receivables may lead to increased delinquencies or prepayments	The interest rates on the variable-rate Purchased Receivables are not tied to an objective interest rate index, but are set at the sole discretion of the Servicer. If the Servicer increases the interest rates on the variable-rate Purchased Receivables, Obligors may be unable to make their required payments under the Purchased Receivables, and accordingly, may become delinquent or may default on their payments. In addition, if the interest rates are raised above market interest rates, Obligors may refinance their loans with another lender to obtain a lower interest rate. This could cause higher rates of principal prepayment than the Noteholders expected and affect the yield on the Offered Notes.
A protracted period of elevated interest rates may lead to increased delinquencies	A protracted period of elevated interest rates may continue to increase household financial stress across Australia, particularly for those Obligors who are highly geared and/or facing reduced income due to weaker economic activity. This may drive an increase in corporate and business bankruptcies, job losses and higher unemployment. The heightened credit risk in affected sectors and elevated levels of household and business financial stress may result in an increase in Obligors defaulting on their loan obligations, which in turn could lead to losses on the Offered Notes if credit enhancement is insufficient.
The use of Principal Collections or a draw upon the Liquidity Facility to cover Liquidity Shortfalls may lead to principal losses	If Principal Collections or the Liquidity Facility are drawn upon to cover shortfalls in interest collections, and there are insufficient excess interest collections in succeeding monthly collection periods to repay those Principal Draws or Liquidity Drawings (as the case may be), the Noteholders may not receive full repayment of principal on the Offered Notes.
Noteholders will not receive physical Notes representing their Offered Notes, which can cause delays in receiving distributions and hamper	A Noteholder's registered ownership of the Offered Notes will be registered electronically through Austraclear. The Noteholders will not receive physical Notes, except in limited circumstances. The lack of physical certificates could:

their ability to pledge or resell the Offered Notes

(a) cause Noteholders to experience delays in receiving payments on the Offered Notes because the Trustee will be sending distributions on the Offered Notes to Austraclear instead of directly to the Noteholders;

(b) limit or prevent Noteholders from using their Offered Notes as collateral; and

(c) hinder Noteholder's ability to resell the Offered Notes or reduce the price that Noteholders receive for them.

Losses in excess of the protection afforded by the Mortgage Insurance Policies, excess Total Available Income, the Loss Allocation Reserve Account and the subordination of the subordinated classes of Notes will result in losses on the Offered Notes

The amount of credit enhancement provided through the Mortgage Insurance Policies, excess Total Available Income, the Loss Allocation Reserve Account and the subordination of:

(a) the Class B Notes, Class C Notes, Class D Notes, Class E Notes and Class F Notes to the Class A Notes;

(b) the Class C Notes, Class D Notes, Class E Notes and Class F Notes to the Class B Notes;

(c) the Class D Notes, Class E Notes and Class F Notes to the Class C Notes;

(d) the Class E Notes and Class F Notes to the Class D Notes; and

(e) the Class F Notes to the Class E Notes,

is limited and could be depleted prior to the payment in full of the relevant Class of Offered Notes.

If there is no Mortgage Insurance Policy or if it does not provide coverage for all losses incurred in respect of a Purchased Receivable, if there is insufficient excess Total Available Income or the Loss Allocation Reserve Draw is insufficient to make the Trustee whole in respect of any such losses, or if the aggregated Stated Amount of subordinated Classes of Notes (if any) are reduced to zero, Noteholders of a relevant Class may suffer losses on their Offered Notes.

Voting Secured Creditors must act to effect enforcement of the General Security Agreement

If an Event of Default occurs and is continuing, the Security Trustee must convene a meeting of the Secured Creditors to obtain directions as to what actions the Security Trustee is to take under the General Security Agreement and the Security Trust Deed. Any meeting of Secured Creditors will be held in accordance with the terms of the Security Trust Deed. However, only the Voting Secured Creditors are entitled to vote at a meeting of Secured Creditors or to otherwise direct or give instructions or approvals to the Security Trustee in accordance with the Transaction Documents.

Accordingly, if the Voting Secured Creditors have not directed the Security Trustee to do so, enforcement of the General Security Agreement will not occur, other than where in the opinion of the Security Trustee, the delay required to obtain instructions from the Voting Secured Creditors would be materially prejudicial to the interests of those Voting Secured Creditors and the Security Trustee has determined to take action (which may include enforcement) without instructions from them.

If at any time there is a conflict between a duty the Security Trustee owes to a Secured Creditor, or a class of Secured Creditor, of the Series and a duty the Security Trustee owes to another Secured Creditor, or class of Secured Creditor, of the Series, the Security Trustee must give priority to the duties owing to the Voting Secured Creditors.

The enforcement of the security over the Purchased Receivables may result in a shortfall on payments due on the Offered Notes

If an Event of Default occurs while any Notes are outstanding, the Security Trustee may and, if directed to do so by an Extraordinary Resolution of Voting Secured Creditors, must, declare all amounts outstanding under the Notes immediately due and payable and enforce the General Security Agreement in accordance with its terms and the Security Trust Deed. That enforcement may include the sale of the Series Assets.

No assurance can be given that the Security Trustee will be in a position to sell the Series Assets for an amount equal to the then outstanding amount under the Purchased Receivables.

Accordingly, the Security Trustee may not be able to realise the full value of the underlying Purchased Receivables. The Trustee, the Security Trustee, the Manager, the Trust Administrator, the Servicer, the Basis Swap Provider, the Fixed Rate Swap Provider, Liquidity Facility Provider and Redraw Facility Provider will generally be entitled to receive the proceeds of any sale of the Series Assets, to the extent they are owed fees and expenses, before the Noteholders. Consequently, the proceeds from the sale of the Series Assets after an Event of Default may be insufficient to pay principal and interest due on the Offered Notes in full.

The moneys available to the Security Trustee for distribution may not be sufficient to satisfy in full the claims of all or any of the Secured Creditors and this may have an impact upon the Trustee's ability to repay all amounts outstanding in relation to the Offered Notes.

Neither the Security Trustee nor the Trustee will have any liability to the Secured Creditors in respect of any such deficiency (except in the limited circumstances described in the Master Trust Deed and the Security Trust Deed).

The Servicer's ability to change the features of the Purchased Receivables may affect the payment on the Offered Notes

The Servicer may initiate certain changes to the Purchased Receivables. Most frequently, the Servicer will change the interest rate applying to a Purchased Receivable. In addition, subject to certain conditions, the Servicer may from time to time offer additional features and/or products with respect to the Purchased Receivables which are not described in this Information Memorandum.

As a result of such changes, the characteristics of the Purchased Receivables may differ from the characteristics of the Purchased Receivables at any other time, which may affect the timing and amount of payments the Noteholders receive. If the Servicer elects to change certain features of the Purchased Receivables this could result in different rates of principal repayment on the Offered Notes than initially anticipated and Obligors may elect to refinance their loan with another lender to obtain more favourable features.

The refinancing of Purchased Receivables could cause the Noteholders to experience higher rates of principal prepayment than expected, which will affect the yield on the Offered Notes.

The Manager is responsible for this Information Memorandum

Except in respect of certain limited information, the Manager takes responsibility for the Information Memorandum, not the Trustee. As a result, in the event that a person suffers loss due to any information contained in this Information Memorandum being inaccurate or misleading, or omitting a material matter or thing, that person will not have recourse to the Trustee or the Series Assets.

A limited number of Purchased Receivables have mortgage insurance policies, and those mortgage insurance policies may not be available to cover losses on the applicable Purchased Receivables

Mortgage insurance policies cover approximately 11.94% of the Purchased Receivables pool (by Outstanding Principal Balance as at the Cut-Off Date). The mortgage insurance policies are subject to some exclusions from coverage and rights of termination that may allow that Approved Mortgage Insurer to reduce a claim or terminate mortgage insurance cover in respect of a Purchased Receivable in certain circumstances which are described in Part 7.13 ("Mortgage Insurance"). Any such reduction or termination may affect the ability of the Trustee to pay principal and interest on the Offered Notes.

Furthermore, QBE Lenders' Mortgage Insurance Limited is acting as a mortgage insurance provider with respect to approximately 9.18% of the Purchased Receivables pool (by Outstanding Principal Balance as at the Cut-Off Date) and Helia Insurance Pty Limited is acting as a mortgage insurance provider with respect to approximately 2.76% of the Purchased Receivables pool (by Outstanding Principal Balance as at the Cut-Off Date). The availability of funds under these mortgage insurance policies will ultimately be dependent on the financial strength of these entities.

Therefore, an Obligor's payments that are expected to be covered by the mortgage insurance policies may not be covered because of these exclusions or because of financial difficulties impeding the mortgage insurer's ability to perform its obligations. There is no guarantee that an Approved Mortgage Insurer will promptly make payment under any Mortgage Insurance Policy or that the Approved Mortgage Insurer will have the necessary financial capacity to make any such payment at the relevant time.

As well, the rating of the Offered Notes may be adversely affected in the event that an Approved Mortgage Insurer is downgraded by either Designated Rating Agency.

Substantial delays could be encountered in connection with the enforcement of a Purchased Receivable or Related Security and result in shortfalls in distributions to Noteholders to the extent not covered by a Mortgage Insurance Policy or if the relevant Approved Mortgage Insurer fails to perform its obligations. Further, Enforcement Expenses such as legal fees, real estate taxes and maintenance and preservation expenses (to the extent not covered by a Mortgage Insurance Policy) will reduce the net amounts recoverable by the Trustee from an enforced Receivable or Related Security.

In addition, if a Purchased Receivable does not have a mortgage insurance policy, payments that would otherwise be covered if the Purchased Receivable had mortgage insurance will not be covered. If such circumstances arise the Trustee may not have enough money to make timely and full payments of principal and interest on the Offered Notes.

In the event that any of the properties fail to provide adequate security for the relevant Purchased Receivable, Noteholders could

	experience a loss to the extent the loss was not covered by a Mortgage Insurance Policy or if the relevant Mortgage Insurer failed to perform its obligations under the relevant Mortgage Insurance Policy.
Australian Taxation	A summary of certain material tax issues is set out in Part 8.1 ("Australian Taxation").
The imposition of a withholding tax will reduce payments to Noteholders and may lead to an early redemption of the Offered Notes	If a withholding tax is imposed on payments of interest on the Offered Notes, the Noteholders will not be entitled to receive additional amounts to compensate for such withholding tax. Thus, the Noteholders will receive an amount less than the interest than is scheduled to be paid on the Offered Notes. If an optional redemption of the Offered Notes affected by a withholding tax is exercised, the Noteholders may not be able to reinvest the redemption payments at a comparable interest rate.
The availability of support facilities regarding payment on the Offered Notes will ultimately depend on the financial condition of NAB (or any replacement service provider); NAB and its affiliates will be subject to conflicts of interest	NAB is acting in the capacities of Liquidity Facility Provider, Redraw Facility Provider, Fixed Rate Swap Provider and Basis Swap Provider with respect to the Offered Notes. In certain circumstances NAB may resign or be removed from acting in such capacities. Accordingly, the availability of these various support facilities with respect to the Offered Notes will ultimately be dependent on the financial strength of NAB (or any replacement facility providers). There are however provisions in the Liquidity Facility Agreement, Redraw Facility Agreement, Fixed Rate Swap and the Basis Swap that provide for the replacement of NAB in its capacities as Liquidity Facility Provider, Redraw Facility Provider, Fixed Rate Swap Provider and Basis Swap Provider with respect to the Offered Notes following certain events, including (except for the Redraw Facility Agreement and the Basis Swap) rating agency downgrades. If NAB (or any replacement facility provider) encounters financial difficulties which impede or prohibit the performance of its obligations under the various support facilities, the Trustee may not have sufficient funds to timely pay the full amount of principal and interest due on the Offered Notes. Various potential and actual conflicts of interest may arise from the activities and conduct of NAB and its affiliates.
Payment holidays may result in Investors not receiving their full interest payments	In respect of certain Purchased Receivables, if an Obligor prepays principal on his or her loan, the Servicer may permit the Obligor to skip subsequent payments, including interest payments, provided that the Outstanding Principal Balance of the Purchased Receivable is not less than the scheduled balance. If a significant number of Obligors take advantage of this practice at the same time, the Trustee may not have sufficient funds to pay Noteholders the full amount of interest on the Offered Notes on the next Payment Date.
The expiration of fixed rate interest periods may result in significant repayment increases and hence increased Obligor defaults	The fixed rate Purchased Receivables in the mortgage pool have fixed interest rates that are set for a shorter time period (generally not more than 5 years) than the life of the loan (up to 30 years). At the end of the fixed rate period, the loan either converts to a variable rate, or can be refixed for a further period, again generally not for more than 5 years. When the loan converts to a variable rate or a new fixed rate, prevailing interest rates may result in the scheduled repayments increasing significantly in comparison to the repayments required during the fixed rate term just completed. This may increase the likelihood of Obligor delinquencies.

Because interest accrues on the loans on a simple interest basis, interest payable may be reduced if Obligors pay installments before scheduled due dates

Interest accrues on the Purchased Receivables on a daily simple interest basis, *i.e.*, the amount of interest payable each weekly, bi-weekly or monthly period is based on each daily balance for the period elapsed since interest was last charged to the Obligor. Thus, if an Obligor pays a fixed instalment before its scheduled due date, the portion of the payment allocable to interest for the period since the preceding payment was made may be less than would have been the case had the payment been made as scheduled.

Australian Anti-Money Laundering and Counter-Terrorism Financing Regime

The Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (Cth) ("**AML/CTF Act**") imposes obligations on reporting entities that are intended to assist reporting entities to identify, mitigate and manage the risk that their services will be used to facilitate money laundering or terrorism financing.

Under the AML/CTF Act, a reporting entity is an entity that provides a designated service which includes:

- making a loan in the course of carrying on a loans business or allowing a transaction to occur in respect of that loan;
- opening or providing an account, allowing any transaction in relation to such an account or receiving instructions to transfer money in and out of such an account;
- in the capacity of an agent of a person, acquiring or disposing of securities;
- issuing or selling a security in certain circumstances; and
- exchanging one currency for another, where the exchange is provided in the course of carrying on a currency exchange business.

A reporting entity must comply with the obligations contained in the AML/CTF Act. These obligations will include (among other things), enrolment with the Australian Transaction Reports and Analysis Centre (AUSTRAC), maintaining an adequate AML/CTF Program, undertaking customer identification procedures as outlined in the reporting entity's AML/CTF Program before providing a designated service and conducting ongoing due diligence and monitoring in relation to those customers, reporting certain matters to the regulator including suspicious matters and information about international and domestic institutional transfers of funds and maintaining records in accordance with Part 10 of the AML/CTF Act.

AUSTRAC has a broad range of enforcement tools where an entity breaches its obligations under the AML/CTF Act, including commencing civil penalty proceedings in respect of civil penalty provisions, applying for injunctive relief, issuing infringement notices in respect of certain breaches of the AML/CTF Act, issuing remedial directions requiring reporting entities to comply with the AML/CTF Act, requiring reporting entities to give enforceable undertakings or appointing an external auditor.

Australia also implements sanctions laws under the Autonomous Sanctions Act 2011 (Cth) and Charter of the United Nations Act 1945 (Cth) that prohibit a person from entering into certain transactions (e.g., making a loan or making payments) to persons and entities that have been listed on the Australian sanctions list maintained by the Department of Foreign Affairs and Trade, or that are controlled, owned or acting at the direction of someone on this list. Australian sanctions laws also prohibit transactions that relate to certain

industries within sanctioned jurisdictions and the provision of certain services (including financial services) to sanctioned jurisdictions.

Compliance with Australian sanctions laws could affect the services of an entity or the funds it provides and ultimately may result in a delay or decrease in the amounts received by a Noteholder.

Personal Property Security regime

A personal property securities regime commenced operation throughout Australia on 30 January 2012 pursuant to the Personal Property Securities Act 2009 (Cth) ("**PPSA**"). The PPSA has established a national system for the registration of security interests in personal property and introduced rules for the creation, priority and enforcement of security interests in personal property.

Security interests for the purposes of the PPSA include traditional securities such as charges and mortgages over personal property. However, they also include transactions that, in substance, secure payment or performance of an obligation but may not have previously been legally classified as securities. Further, certain other interests are deemed to be security interests whether or not they secure payment or performance of an obligation – these deemed security interests include assignments of certain monetary obligations and certain leases of goods.

The security granted by the Trustee under the General Security Agreement and the assignment of Receivables by the Seller to the Trustee are security interests under the PPSA. The Transaction Documents may also contain other security interests. The agreements under which the Purchased Receivables arise may also constitute security interests for purposes of the PPSA.

A person who holds a security interest under the PPSA will need to register (or otherwise perfect) the security interest to ensure that the security interest has priority over competing interests (and in some cases, to ensure that the security interest survives the insolvency of the grantor). If they do not do so, the consequences include the following:

- another security interest may take priority;
- another person may acquire an interest in the assets which are subject to the security interest free of their security interest; and
- they may not be able to enforce the security interest against a grantor who becomes insolvent.

Under the Security Trust Deed and the General Security Agreement, the Trustee grants a security interest over all the Series Assets in favour of the Security Trustee to secure the payment of moneys owing to the Secured Creditors (including, among others, the Noteholders).

Under the General Security Agreement, the Trustee has agreed to not do anything to create any encumbrances over the Series Assets other than in accordance with the Transaction Documents.

However, under Australian law:

- dealings by the Trustee with the Purchased Receivables in breach of such undertaking may nevertheless have the consequence that a third party acquires title to the relevant Purchased Receivables free of the security interest created under the General Security Agreement or another security interest over such Purchased Receivables has priority over that security interest; and

- contractual prohibitions upon dealing with the Purchased Receivables (such as those contained in the General Security Agreement) will not of themselves prevent a third party from obtaining priority or taking such Purchased Receivables free of the security interest created under the General Security Agreement (although the Security Trustee would be entitled to exercise remedies against the Trustee in respect of any such breach by the Trustee).

Whether this would be the case, depends upon matters including the nature of the dealing by the Trustee, the particular Purchased Receivable concerned and the agreement under which it arises and the actions of the relevant third party.

Enforcement of the Purchased Receivables may cause delays in payment and losses

Substantial delays could be encountered in connection with the liquidation of a Purchased Receivable.

If the proceeds of the sale of a mortgaged property, net of preservation and liquidation expenses, are less than the amount due under the related Purchased Receivable, the Trustee may not have enough funds to make full payments of interest and principal due to a Noteholder, unless the difference is covered under a mortgage insurance policy.

Securitisation Regulation and other EU and UK regulatory initiatives may result in increased regulatory capital requirements and/or decreased liquidity in respect of the Offered Notes

Each of the EU Securitisation Regulation Rules and the UK Securitisation Regulation Rules imposes certain restrictions and obligations with regard to securitisations (as such term is defined for purposes of the EU Securitisation Regulation or the UK Securitisation Regulation (as applicable)). See above heading "**Securitisation Regulation Rules**" on page 8 for further details.

Japan Due Diligence and Retention Rules and other Japanese regulatory initiatives may result in increased regulatory capital requirements and/or decreased liquidity in respect of the Offered Notes

The Japan Due Diligence and Retention Rules impose certain restrictions and obligations with regard to securitisation exposures (as such term is used for the purposes of the Japan Due Diligence and Retention Rules). See above heading "**Japan Due Diligence and Retention Rules**" on page 16 for further details.

No risk retention by NAB for the purposes of the U.S. Risk Retention Rules

The U.S. Risk Retention Rules came into effect on 24 December 2016 and generally require the "securitizer" of a "securitization transaction" to retain at least 5 per cent. of the "credit risk" of "securitized assets", as such terms are defined for purposes of that statute, and generally prohibit a securitizer from directly or indirectly eliminating or reducing its credit exposure by hedging or otherwise transferring the credit risk that the securitizer is required to retain. The

U.S. Risk Retention Rules also provide for certain exemptions from the risk retention obligation that they generally impose.

The transactions described in this Information Memorandum will not involve risk retention by NAB (or any other person) for the purposes of the U.S. Risk Retention Rules and the issuance of the Offered Notes was not designed to comply with the U.S. Risk Retention Rules. Prospective investors should note that the definition of U.S. person in the U.S. Risk Retention Rules is substantially similar to, but not identical to, the definition of U.S. person under Regulation S, and that persons who are not "U.S persons" under Regulation S may be U.S. persons under the U.S. Risk Retention Rules. The definition of U.S. person in the U.S. Risk Retention Rules is excerpted below. Particular attention should be paid to paragraphs (b) and (h)(b) below, which are different than the comparable provisions in Regulation S. Under the U.S. Risk Retention Rules, and subject to limited exceptions, "U.S. person" (and Risk Retention U.S. Person as used in this Information Memorandum) means any of the following:

(a) any natural person resident in the United States;

(b) any partnership, corporation, limited liability company, or other organisation or entity organised or incorporated under the laws of any State or of the United States;

(c) any estate of which any executor or administrator is a U.S. person as defined under any other clause of this definition);

(d) any trust of which any trustee is a U.S. person (as defined under any other clause of this definition);

(e) any agency or branch of a foreign entity located in the United States;

(f) any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. person (as defined under any other clause of this definition);

(g) any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organised, incorporated, or (if an individual) resident in the United States; and

(h) any partnership, corporation, limited liability company, or other organisation or entity if:

- organised or incorporated under the laws of any foreign jurisdiction; and
- formed by a U.S. person (as defined under any other clause of this definition) principally for the purpose of investing in securities not registered under the Securities Act.

No assurance can be given as to whether the absence of retention by the Seller for the purposes of the U.S. Risk Retention Rules may give rise to regulatory action which may adversely affect the Offered Notes or their market value. Furthermore, the impact of the U.S. Risk Retention Rules on the securitisation market generally is uncertain,

and the absence of retention by the Seller for the purposes of the U.S. Risk Retention Rules could therefore materially and adversely affect the market value and secondary market liquidity of the Offered Notes.

Each investor purchasing Offered Notes, including beneficial interests therein, will, by its acquisition of an Offered Note or beneficial interest therein, be deemed to have made, and in certain circumstances will be required to make, certain representations and agreements, including that it: (1) is not a Risk Retention U.S. Person; (2) is acquiring such Offered Note or a beneficial interest therein for its own account and not with a view to distribute such Offered Note; and (3) is not acquiring such Offered Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules (including acquiring such Offered Note through a non-Risk Retention U.S. Person, rather than a Risk Retention U.S. Person, as part of a scheme to evade the 10 per cent. Risk Retention U.S. Person limitation in the exemption provided for in Section 20 of the U.S. Risk Retention Rules described herein).

No Relevant Person makes any representation to any prospective investor or purchaser of the Offered Notes as to whether the transactions described in this Information Memorandum comply as a matter of fact with the U.S. Risk Retention Rules on the Closing Date or at any time in the future and as to the regulatory capital treatment of their investment in the Offered Notes at any time.

Failure of the transaction to comply with the U.S. Risk Retention Rules (regardless of the reason for such failure to comply) could give rise to regulatory action which may adversely affect the Offered Notes. Furthermore, the impact of the U.S. Risk Retention Rules on the securitisation market generally is uncertain, and a failure by a transaction to comply with the risk retention requirements of the U.S. Risk Retention Rules could negatively affect the market value and secondary market liquidity of the Offered Notes and may be experienced immediately, due to the effects of the U.S. Risk Retention Rules on market expectations or uncertainty, the relative appeal of alternative investments not impacted by the U.S. Risk Retention Rules or other factors. Investors should consult their own advisors as to the U.S. Risk Retention Rules. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

Listing on the Australian Securities Exchange

An application has been or will be made by the Manager to list the Class A Notes on the Australian Securities Exchange. There can be no assurance that any such listing will be obtained. The issuance and settlement of the Class A Notes on the Closing Date is not conditioned on listing the Class A Notes on the Australian Securities Exchange.

Repo-eligibility may not be granted or withdrawn

An application will be made by the Manager to the Reserve Bank of Australia ("**RBA**") for the Class A Notes to be "eligible securities" (or "repo eligible") for the purposes of repurchase agreements with the RBA. No assurance can be given that any application by the Manager for repo-eligibility in respect of the Class A Notes will be successful, or that the Class A Notes will continue to be repo-eligible at all times even if they are eligible in relation to their initial issue. For example, subsequent changes by the RBA to its criteria could affect whether the Class A Notes continue to be repo-eligible.

US Foreign Account Tax Compliance Act and OECD Common Reporting Standard

The United States Foreign Account Tax Compliance Act, enacted as part of the Hiring Incentives to Restore Employment Act of 2010 ("**FATCA**"), establishes a due diligence, reporting and withholding regime. The purpose of FATCA is to detect U.S. taxpayers who use non-U.S. financial accounts with "foreign financial institutions" ("**FFIs**") to conceal income and assets from the U.S. Internal Revenue Service ("**IRS**").

FATCA withholding

Under FATCA, a 30% withholding may be imposed (i) on certain payments of U.S. source income and (ii) on "foreign passthru payments" (a term which is not yet defined under FATCA), which are, in each case, paid to or in respect of entities that fail to meet certain certification or reporting requirements ("**FATCA withholding**").

A FATCA withholding may be required if (i) an investor does not provide information sufficient for the Trust, the Trustee or any other financial institution through which payments on the Offered Notes are made to determine whether the investor is subject to FATCA withholding or (ii) an FFI to or through which payments on the Offered Notes are made is a "non-participating FFI". The Trust is an Australian trust whose trustee is making payments of non-U.S. sourced income.

FATCA withholding is not expected to apply if the Offered Notes are treated as debt for U.S. federal income tax purposes and the payment is made under a grandfathered obligation, generally being any obligation issued on or before the date that is six months after the date on which final regulations defining the term "foreign passthru payment" are filed with the U.S. Federal Register.

In any event, FATCA withholding is not expected to apply on payments made before the date that is two years after the date on which final regulations defining the term "foreign passthru payment" are published in the U.S. Federal Register.

Australian IGA

Australia and the United States signed an inter-governmental agreement in respect of FATCA on 28 April 2014 ("**Australian IGA**"). The Australian Government has enacted legislation amending, among other things, the Taxation Administration Act 1953 of Australia to give effect to the Australian IGA ("**Australian IGA Legislation**").

Australian financial institutions which are Reporting Australian Financial Institutions under the Australian IGA must comply with specific due diligence procedures. In general, these procedures seek to identify their account holders (e.g. the Noteholders) and provide the Australian Taxation Office ("**ATO**") with information on financial accounts (for example, the Offered Notes) held by U.S. persons and recalcitrant account holders. The ATO is required to provide such information to the IRS. Consequently, Noteholders may be requested to provide certain information and certifications to the Trust, the Trustee and to any other financial institutions through which payments on the Offered Notes are made in order for the Trust, the Trustee and such financial institutions to comply with their FATCA obligations.

A Reporting Australian Financial Institution (which may include the Trust or the Trustee) that complies with its obligations under the Australian IGA will not generally be subject to FATCA withholding on amounts it receives, and will not generally be required to deduct FATCA withholding from payments it makes with respect to the Offered Notes, other than in certain prescribed circumstances.

To the extent amounts paid to or from the Trust are subject to FATCA withholding, it could reduce the amounts available to the Trustee to make payments to the Noteholders. In the event the Trustee was required to deduct FATCA withholding from a payment it makes in respect of the Offered Notes there will be no "gross up" (or any additional amount) payable by way of compensation to any Noteholders for the deducted amount.

As the Trustee may be required to comply with certain obligations as a result of FATCA and the Australian IGA Legislation, each Noteholder may be requested to provide any information and tax documentation, including information concerning the direct or indirect owners of such Noteholder, that the Trustee (at the direction of the Manager) determines are necessary to satisfy such obligations.

Each Offered Noteholder should consult its own tax advisor to obtain a more detailed explanation of FATCA and the Australian IGA and to learn how it might affect such holder in its particular circumstance.

Common Reporting Standard

The OECD Common Reporting Standard for Automatic Exchange of Financial Account Information ("**CRS**") requires certain financial institutions to report information regarding certain accounts (which may include the Offered Notes) to their local tax authority and follow related due diligence procedures. Noteholders may be requested to provide certain information and certifications to ensure compliance with the CRS. A jurisdiction that has signed a CRS Competent Authority Agreement may provide this information to other jurisdictions that have signed the CRS Competent Authority Agreement. The Australian Government has enacted legislation amending, among other things, the Taxation Administration Act 1953 of Australia to give effect to the CRS.

Changes of law may impact the structure of the transaction and the treatment of the Offered Notes

The structure of the transaction and, inter alia, the issue of the Offered Notes and ratings assigned to the Offered Notes are based on Australian law, tax and administrative practice in effect at the date of this Information Memorandum, and having due regard to the expected tax treatment of all relevant entities under such law and practice. No assurance can be given that Australian law, tax or administrative practice will not change after the Closing Date or that such change will not adversely impact the structure of the transaction and the treatment of the Offered Notes.

Turbulence in the financial markets and economy may adversely affect the performance and market value of the Offered Notes

Market and economic conditions during the past several years have caused significant disruption in the credit markets. Increased market uncertainty and instability in both Australian and international capital and credit markets, combined with declines in business and consumer confidence and increased unemployment, have contributed to volatility in domestic and international markets and may negatively affect the Australian housing market.

Such disruptions in markets and credit conditions have had (in some cases), and may continue to have, the effect of depressing the market values of residential mortgage-backed securities, and reducing the liquidity of residential mortgage-backed securities generally.

These factors may adversely affect the performance, marketability and overall market value of the Offered Notes.

Ipso facto moratorium

On 18 September 2017, the Treasury Laws Amendment (2017 Enterprise Incentives No. 2) Act 2017 (Cth) ("**TLA Act**") received Royal Assent.

The TLA Act enacted reform (known as "**ipso facto**") which varies the enforceability of certain contractual rights against Australian companies which are subject to one of the following insolvency-related procedures ("**Applicable Procedures**"):

(a) an application for a scheme of arrangement for the purpose of avoiding being wound up in insolvency;

(b) the appointment of a managing controller (that is, a receiver or other controller with management functions or powers);

(c) the appointment of an administrator; or

(d) the appointment of a restructuring practitioner in respect of a company which has liabilities of less than $1 million (from 1 January 2021).

The ipso facto reform imposes a stay or moratorium on the enforcement of certain contractual rights while the company is subject to the Applicable Procedure (the "**stay**") or in other specified circumstances.

In summary:

(a) Appointment Trigger: Any right which triggers for the reason of any of the Applicable Procedures will not be enforceable;

(b) Financial Position Protection: Any rights which arise for the reason of adverse changes in the financial position of a company which is subject to any of the Applicable Procedures will not be enforceable;

(c) Anti-Avoidance: The Corporations Act (as amended by the TLA Act) contains very broad anti-avoidance provisions. For example:

- The Corporations Act (as amended by the TLA Act) deems that any contractual provision which is "in substance contrary to" the stay will also be unenforceable.

- Any self-executing provision which is expressed to automatically trigger rights otherwise subject to the stay is unenforceable.

The length of the stay depends on the Applicable Procedure and the type of stay concerned. Generally, the stay would end once the

Applicable Procedure has ended, unless extended by the court. The stay may also end later in certain circumstances specified under the relevant provisions for each Applicable Procedure.

The ipso facto reform applies to contracts, agreements or arrangements entered into on or after 1 July 2018. Pre-1 July 2018 contracts, agreements or arrangements that were novated or varied before 1 July 2023 will not be subject to the stay.

The Corporations Act (as amended by the TLA Act) provides that contracts, agreements or arrangements prescribed in regulations ("**Regulations**") or rights specified in ministerial declarations are not subject to the stay. The Regulations prescribe that, amongst other things, a right contained in a kind of contract, agreement or arrangement that involves a special purpose vehicle, and that provides for securitisation, is not subject to the stay.

However, there are still issues and ambiguities in relation to the stay, in respect of which a market view or practice will evolve over time. The scope of the ipso facto reform and its potential effect on the Transaction Documents and Offered Notes remains uncertain.

Privacy requirements may adversely affect investors in the Offered Notes

The collection and handling of personal information (including credit reporting information) about individuals (including Obligors) is regulated by the Australian Privacy Act 1988 (Cth). The Act contains, amongst other things, restrictions and requirements relating to the collection, use, disclosure and management of personal information. Depending on the type of personal information involved, if such collection, use, disclosure or management of personal information does not comply with the Act, the contravening party can be liable to civil penalties (and, in some instances can be guilty of an offence punishable by fines).

In addition, an individual affected by a breach of the Act may complain to the Office of the Australian Information Commissioner ("OAIC") or, in some circumstances, to a recognised external dispute resolution scheme. These bodies can investigate the complaint and make determinations which can become binding on the entity subject to the complaint, such as requiring the payment of compensation for loss or damage suffered by the individual as a result of a breach of the Act or the taking of remedial action to address such a breach. The OAIC also has extensive investigation and enforcement powers that can be applied to an entity subject to the Act.

An entity participating in credit reporting can also be subject to audits and compliance related investigations administered by any credit reporting bodies with which it deals. A credit reporting body has obligations under the Act to take such steps as are reasonable in the circumstances to protect credit reporting information from misuse, interference and loss, and from unauthorised access, modification or disclosure. This includes entering into agreements with credit providers to protect credit reporting information and identifying and dealing with suspected breaches of those agreements. As a result, a credit reporting body is likely to impose obligations on a credit provider under contract in respect of credit reporting information and may seek to exercise their rights in the event of breach, which may include a right to cease access to credit reporting information.

These factors may adversely affect the performance, marketability and overall market value of the Offered Notes.

Privacy, information security and data breaches may adversely affect investors in the Offered Notes

The Seller, Servicer, Manager and Trustee process, store and transmit large amount of personal and/or confidential information through their respective technology systems and networks. Threats to information security are constantly evolving and techniques used to perpetrate cyber-attacks are increasingly sophisticated.

The Seller, Servicer, Manager and Trustee may not always be able to anticipate a security threat, or be able to implement effective information security policies, procedures and controls to prevent or minimise the resulting damage. The Seller, Servicer, Manager and Trustee may also inadvertently retain information which is not specifically required or is not permitted by legislation, thus increasing the impact of a potential data breach or non-compliance. A successful cyber-attack could persist for an extended period before being detected and, following detection, it could take considerable time for the Seller, Servicer, Manager and/or Trustee to obtain full and reliable information about the cybersecurity incident and the extent, amount and type of information compromised. During an investigation, the Seller, Servicer, Manager and/or Trustee may not necessarily know the full effects of the incident or how to remediate it, and actions and decisions that are taken or made to mitigate risk may further increase the costs and other negative consequences of the incident.

The Seller, Servicer, Manager and Trustee use select external providers (in Australia and overseas) to process and store confidential data and to develop and provide its technology services, including the increasing use of cloud infrastructure. Confidential information may also be submitted to regulators under a legal obligation and as part of regulatory reporting.

A breach of security at any of these external providers, regulators or within the Seller, Servicer, Manager and/or Trustee may result in operational disruption, theft or loss of customer data, a breach of privacy laws, regulatory enforcement actions, customer redress, litigation, financial losses, or loss of market share, property or information. This may be wholly or partially beyond the control of the relevant entity and may adversely impact its financial performance and position.

In addition, any such event may give rise to increased regulatory scrutiny or adversely affect the view of ratings agencies or the relevant entity's reputation.

These factors may adversely affect the performance, marketability and overall market value of the Offered Notes.

3 Part 3 – Conditions of the Notes

The following is a summary of the terms and conditions of the Notes. The complete terms and conditions of the Notes are set out in the Note Deed Poll and the Issue Supplement and in the event of a conflict the terms and conditions set out in the Note Deed Poll or Issue Supplement (as applicable) will prevail.

1 Definitions

The definitions are as set out in the Note Deed Poll (including by incorporation).

2 General

2.1 Issue Supplement

Notes are issued on the terms set out in the Conditions and the Issue Supplement. If there is any inconsistency between the Conditions and the Issue Supplement, the Issue Supplement prevails.

Notes are issued in 7 Classes:

(a) Class A1 Notes;

(b) Class A2 Notes;

(c) Class B Notes;

(d) Class C Notes;

(e) Class D Notes;

(f) Class E Notes; and

(g) Class F Notes.

2.2 Currency

Notes are denominated in Australian dollars.

2.3 Clearing Systems

Notes may be held in a Clearing System. If Notes are held in a Clearing System, the rights of each Noteholder and any other person holding an interest in those Notes are subject to the rules and regulations of a Clearing System. The Trustee is not responsible for anything a Clearing System does or omits to do.

3 Form

3.1 Constitution

Notes are debt obligations of the Trustee constituted by, and owing under, the Note Deed Poll and the Issue Supplement.

3.2 Registered form

Notes are issued in registered form by entry in the Note Register.

No certificates will be issued in respect of any Notes unless the Manager determines that certificates should be issued or they are required by law.

3.3 Effect of entries in Note Register

Each entry in the Note Register in respect of a Note constitutes:

(a) an irrevocable undertaking by the Trustee to the Noteholder to:

(i) pay principal, any interest and any other amounts payable in respect of the Note in accordance with the Conditions; and

(ii) comply with the other conditions of the Note; and

(b) an entitlement to the other benefits given to the Noteholder in respect of the Note under the Conditions.

3.4 Note Register conclusive as to ownership

Entries in the Note Register in relation to a Note are conclusive evidence of the things to which they relate (including that the person entered as the Noteholder is the owner of the Note or, if two or more persons are entered as joint Noteholders, they are the joint owners of the Note) subject to correction for fraud, error or omission.

3.5 Non-recognition of interests

Except as ordered by a court of competent jurisdiction or required by law, the Trustee must treat the person whose name is entered as the Noteholder of a Note in the Note Register as the owner of that Note.

No notice of any trust or other interest in, or claim to, any Note will be entered in the Note Register. The Trustee need not take notice of any trust or other interest in, or claim to, any Note, except as ordered by a court of competent jurisdiction or required by law.

This condition applies whether or not a Note is overdue.

3.6 Joint Noteholders

If two or more persons are entered in the Note Register as joint Noteholders of a Note, they are taken to hold the Note as joint tenants with rights of survivorship. However, the Trustee is not bound to register more than four persons as joint Noteholders of a Note.

3.7 Inspection of Note Register

On providing reasonable notice to the Registrar, a Noteholder will be permitted, during business hours, to inspect the Note Register. A Noteholder is entitled to inspect the Note Register only in respect of information relating to that Noteholder.

The Registrar must make a copy of the Note Register available to a Noteholder upon request by that Noteholder within one Business Day of receipt of the request.

3.8 Notes not invalid if improperly issued

No Note is invalid or unenforceable on the ground that it was issued in breach of the Note Deed Poll or any other Transaction Document.

3.9 Location of the Notes

The property in the Notes for all purposes is situated where the Note Register is located.

4 Status

4.1 Status

Notes are direct, secured, limited recourse obligations of the Trustee.

4.2 Security

The Trustee's obligations in respect of the Notes are secured by the General Security Agreement.

4.3 Ranking

The Notes of each Class rank equally amongst themselves.

The Classes of Notes rank against each other in the order set out in the Issue Supplement.

5 Transfer of Notes

5.1 Transfer

Noteholders may only transfer Notes in accordance with the Master Trust Deed, the Issue Supplement and the Conditions.

5.2 Title

Title to Notes passes when details of the transfer are entered in the Note Register.

5.3 Transfers in whole

Notes may only be transferred in whole.

5.4 Compliance with laws

(a) Notes may only be transferred if:

(i) the offer or invitation giving rise to the transfer is not:

(A) an offer or invitation which requires disclosure to investors under Part 6D.2 of the Corporations Act; or

(B) an offer to a retail client under Chapter 7 of the Corporations Act; and

(ii) the transfer complies with any applicable law or directive of the jurisdiction where the transfer takes place.

(b) Without limiting this Condition 5.4, each Noteholder acknowledges and agrees that the Notes have not been and will not be registered under the Securities Act and may not be offered, issued, sold or re sold within the United States or to, or for the account of, investors that are U.S. persons (within the meaning of Regulation S of the Securities Act or the U.S. Risk Retention Rules).

5.5 No transfers to unincorporated associations

Noteholders may not transfer Notes to an unincorporated association.

5.6 Transfer procedures

Interests in Notes held in a Clearing System may only be transferred in accordance with the rules and regulations of a Clearing System.

Notes not held in a Clearing System may be transferred by sending a transfer form to the Specified Office of the Registrar.

To be valid, a transfer form must be:

(a) in the form set out in Schedule 2 of the Note Deed Poll;

(b) duly completed and signed by, or on behalf of, the transferor and the transferee; and

(c) accompanied by any evidence the Registrar may require to establish that the transfer form has been duly signed.

No fee is payable to register a transfer of Notes so long as all applicable Taxes in connection with the transfer have been paid.

5.7 CHESS

Notes listed on the ASX are not:

(a) transferred through, or registered on, the Clearing House Electronic Subregister System operated by the ASX; or

(b) "Approved Financial Products" (as defined for the purposes of that system).

5.8 Transfers of unidentified Notes

If a Noteholder transfers some but not all of the Notes it holds and the transfer form does not identify the specific Notes transferred, the Registrar may choose which Notes registered in the name of Noteholder have been transferred. However, the aggregate Invested Amount of the Notes registered as transferred must equal the aggregate Invested Amount of the Notes expressed to be transferred in the transfer form.

6 Interest

6.1 Interest on Notes

(a) Each Note bears interest at its Interest Rate:

(i) subject to paragraph (ii) below, on its Invested Amount; or

(ii) on its Stated Amount if the Stated Amount of that Note is zero,

from (and including) its Issue Date to (but excluding) the date on which the Note is taken to be finally redeemed under Condition 8.6 ("Final Redemption").

(b) Interest in respect of a Note:

(i) accrues daily from and including the first day of an Interest Period to but excluding the last day of the Interest Period; and

(ii) is calculated on actual days elapsed and a year of 365 days; and

(iii) is payable in arrears on each Payment Date.

(c) The amount of interest payable for a Note is calculated by multiplying the Interest Rate for the Interest Period, the Invested Amount or the Stated Amount of the Note (as applicable) and the Day Count Fraction.

6.2 Interest Rate determination

The Calculation Agent must determine the Interest Rate for the Notes for an Interest Period in accordance with the Conditions and the Issue Supplement.

The Interest Rate must be expressed as a percentage rate per annum.

6.3 Interest Rate

(a) The Interest Rate for a Class A Note:

(i) for each Interest Period ending prior to the first Call Option Date is the sum of:

(A) the relevant Note Margin; and

(B) the BBSW Rate determined on the Interest Determination Date,

for the Class A Notes and that Interest Period; and

(ii) for the Interest Period beginning on the first Call Option Date and each Interest Period thereafter is the sum of:

(A) the relevant Note Margin;

(B) the Class A Note Step-up Margin; and

(C) the BBSW Rate determined on the Interest Determination Date,

for the Class A Notes and that Interest Period.

(b) The Interest Rate for a Class of Notes (other than Class A Notes) for each Interest Period is the sum of:

(i) the relevant Note Margin; and

(ii) the BBSW Rate determined on the Interest Determination Date,

for that Class of Notes and that Interest Period.

6.4 Calculation of interest payable on Notes

As soon as practicable after determining the Interest Rate for any Note for an Interest Period, the Calculation Agent must calculate the amount of interest payable on that Note for the Interest Period and notify the Trustee and the Manager of that amount.

6.5 Notification of Interest Rate and other things

If any Interest Period or calculation period changes, the Calculation Agent may amend its determination or calculation of any rate, amount, date or other thing. If the Calculation Agent amends any determination or calculation, it must notify the Trustee and the Manager. The Calculation Agent must give notice as soon as practicable after amending its determination or calculation.

6.6 Decisions and determinations are final and conclusive

All determinations, decisions, calculations, settings and elections required by this condition 6 ("Interest") and any related definitions are to be made by the Calculation Agent. Any such determination, decision, calculation, setting or election, including (without limitation) any determination with respect to the level of a benchmark, rate or spread, the adjustment of a benchmark, rate or spread or of the occurrence or non-occurrence of an event, circumstance or date and any decision to take or refrain from taking any action, will be conclusive and binding absent manifest error, may be made in the Calculation Agent's sole discretion and, notwithstanding anything to the contrary in the Transaction Documents, will become effective as made without any requirement for the consent or approval of Noteholders or any other person.

6.7 Rounding

For any determination or calculation required under the Conditions:

(a) all percentages resulting from the determination or calculation must be rounded to the nearest one ten-thousandth of a percentage point (with 0.00005 per cent. being rounded up to 0.0001 per cent.);

(b) all amounts that are due and payable resulting from the determination or calculation must be rounded (with halves being rounded up) to:

(i) in the case of Australian dollars, one cent; and

(ii) in the case of any other currency, the lowest amount of that currency available as legal tender in the country of that currency; and

(c) all other figures resulting from the determination or calculation must be rounded to four decimal places (with halves being rounded up).

6.8 Default interest

If the Trustee does not pay an amount under Condition 6 ("Interest") of the Conditions on the due date, then the Trustee agrees to pay interest on the unpaid amount at the last applicable Interest Rate.

Interest payable under this condition accrues daily from (and including) the due date to (but excluding) the date the Trustee actually pays and is calculated using the Day Count Fraction.

6.9 Interpolation

In respect of the first Interest Period for a Note (but only if the actual number of days in that Interest Period is more than one month), the Calculation Agent must determine the Interest Rate for that Interest Period using straight line interpolation by reference to two BBSW Rates where:

(a) the first rate must be determined on the Interest Determination Date of that Interest Period as being the per annum rate expressed as a decimal which is the level of BBSW for a period of one month provided by the Administrator and published as of the Publication Time on that Interest Determination Date; and

(b) the second rate must be determined on the Interest Determination Date of that Interest Period as being the per annum rate expressed as a decimal which is the level of BBSW for a period of two months provided by the Administrator and published as of the Publication Time on that Interest Determination Date.

The rate calculated or determined in accordance with the foregoing procedures will be rounded (if necessary) upwards to 4 decimal places.

6.10 Temporary Disruption Fallback

Subject to condition 6.11 ("Permanent Discontinuation Fallback"), if a Temporary Disruption Trigger occurs in respect of an Applicable Benchmark Rate, the rate for any day for which that Temporary Disruption Trigger is continuing and that Applicable Benchmark Rate is required will be the rate determined in accordance with the Temporary Disruption Fallback for that Applicable Benchmark Rate.

6.11 Permanent Discontinuation Fallback

If a Permanent Discontinuation Trigger occurs in respect of an Applicable Benchmark Rate, the rate for any Interest Determination Date which occurs on or following the applicable Permanent Fallback Effective Date will be the Fallback Rate determined in accordance with the Permanent Discontinuation Fallback for that Applicable Benchmark Rate.

The Calculation Agent must notify each Designated Rating Agency upon becoming aware of the occurrence of a Permanent Discontinuation Trigger and upon the commencement of the application of the applicable Fallback Rate, following that Permanent Discontinuation Trigger.

7 Allocation of Charge-Offs

The Issue Supplement contains provisions for:

(a) allocating Carryover Principal Charge-Offs to the Notes and reducing the Stated Amount of the Notes; and

(b) reinstating reductions in the Stated Amount of the Notes.

8 Redemption

8.1 Redemption of Notes – Final Maturity

The Trustee agrees to redeem each Note on the Final Maturity Date by paying to the Noteholder the Redemption Amount for the Note. However, the Trustee is not required to redeem a Note on the Final Maturity Date if the Trustee redeems, or purchases and cancels the Note before the Final Maturity Date.

8.2 Redemption of Notes – Call Option

(a) The Manager may (at its option, but subject to paragraph (c) below) direct the Trustee to redeem all (but not some only) of the Notes before the Final Maturity Date and upon receipt of such direction the Trustee must redeem the Notes by paying to the Noteholders the Redemption Amount for the Notes.

(b) The Manager may only direct the Trustee to redeem the Notes under Condition 8.2 ("Redemption of Notes – Call Option") of the Conditions if:

(i) at least 5 Business Days before the proposed redemption date, the Manager notifies the proposed redemption to the Registrar and the Noteholders and any stock exchange on which the Notes are listed; and

(ii) the proposed redemption date is a Call Option Date.

(c) If the Manager gives a notice of the proposed redemption to the Noteholders in accordance with paragraph (b), then the Manager must exercise its option under paragraph (a) above to direct the Trustee to redeem all (but not some) of the Notes on the relevant Call Option Date.

8.3 Redemption for taxation reasons

(a) If the Trustee is required under Condition 10.2 ("Withholding tax") of the Conditions to deduct or withhold an amount in respect of Taxes from a payment in respect of a Note the Manager may (at its option) direct the Trustee to redeem all (but not some only) of the Notes and upon receipt of such direction the Trustee must redeem the Notes by paying to the Noteholders the Redemption Amount for the Notes.

(b) The Trustee, at the direction of the Manager, must notify the proposed redemption to the Registrar and the Noteholders and any stock exchange on which the Notes are listed at least 20 Business Days before the proposed redemption date.

(c) For any redemption of Notes under Condition 8.3 ("Redemption for taxation reasons") of the Conditions, the proposed redemption date must be a Payment Date.

8.4 Payment of principal in accordance with Issue Supplement

Payments of principal on each Note will be made in accordance with the Issue Supplement. The Invested Amount of each Note reduces from the date, and by the amount, of each payment of principal that the Trustee makes under the Issue Supplement.

8.5 Late payments

If the Trustee does not pay an amount under Condition 8 ("Redemption") of the Conditions on the due date, then the Trustee agrees to pay interest on the unpaid amount at the last applicable Interest Rate.

Interest payable under this condition accrues daily from (and including) the due date to (but excluding) the date the Trustee actually pays and is calculated using the Day Count Fraction.

8.6 Final Redemption

A Note will be finally redeemed, and the obligations of the Trustee with respect to the payment of the Invested Amount of that Note will be finally discharged, on the date upon which the Invested Amount of that Note is reduced to zero and all accrued but previously unpaid interest in respect of the Note is paid in full.

9 Payments

9.1 Payments to Noteholders

The Trustee agrees to Pay:

(a) interest and amounts of principal (other than a payment due on the Final Maturity Date for the relevant Note), to the person who is the Noteholder at 5:00pm on the Record Date in the place where the Note Register is maintained; and

(b) amounts due on the Final Maturity Date for the relevant Note to the person who is the Noteholder at 5.00pm in the place where the Note Register is maintained on the due date.

9.2 Payments to accounts

The Trustee agrees to make payments in respect of a Note:

(a) if the Note is held in a Clearing System, by crediting on the Payment Date, the amount due to the account previously notified by a Clearing System to the Trustee and the Registrar in accordance with a Clearing System rules and regulations in the country of the currency in which the Note is denominated; and

(b) if the Note is not held in a Clearing System, subject to Condition 9.3 ("Payments by cheque") of the Conditions, by crediting on the Payment Date, the amount due to an account previously notified by the Noteholder to the Trustee and the Registrar in the country of the currency in which the Note is denominated.

9.3 Payments by cheque

If a Noteholder has not notified the Trustee of an account to which payments to it must be made by close of business in the place where the Note Register is maintained on the Record Date, the Trustee may make payments in respect of the Notes held by that Noteholder by cheque.

If the Trustee makes a payment in respect of a Note by cheque, the Trustee agrees to send the cheque by prepaid ordinary post on the Business Day immediately before the due date to the Noteholder (or, if two or more persons are entered in the Note Register as joint Noteholders of the Note, to the first named joint Noteholder) at its address appearing in the Note Register at close of business in the place where the Note Register is maintained on the Record Date.

Cheques sent to a Noteholder are sent at the Noteholder's risk and are taken to be received by the Noteholder on the due date for payment. If the Trustee makes a payment in respect of a Note by cheque, the Trustee is not required to pay any additional amount (including under Condition 8.5 ("Late payments") of the Conditions) as a result of the Noteholder not receiving payment on the due date.

9.4 Payments subject to law

All payments are subject to applicable law. However, this does not limit Condition 10 ("Taxation") of the Conditions.

9.5 Currency indemnity

The Trustee waives any right it has in any jurisdiction to pay an amount other than in the currency in which it is due. However, if a Noteholder receives an amount in a currency other than that in which it is due:

(a) it may convert the amount received into the due currency (even though it may be necessary to convert through a third currency to do so) on the day and at such rates (including spot rate, same day value rate or value tomorrow rate) as it reasonably considers appropriate. It may deduct its costs in connection with the conversion; and

(b) the Trustee satisfies its obligation to pay in the due currency only to the extent of the amount of the due currency obtained from the conversion after deducting the costs of the conversion.

10 Taxation

10.1 No set-off, counterclaim or deductions

The Trustee agrees to make all payments in respect of a Note in full without set-off or counterclaim, and without any withholding or deduction in respect of Taxes, unless such withholding or deduction is required by law or is made under or in connection with, or in order to ensure compliance with FATCA.

10.2 Withholding tax

If a law requires the Trustee to withhold or deduct an amount in respect of Taxes from a payment in respect of a Note, then (at the direction of the Manager):

(a) the Trustee agrees to withhold or deduct the amount; and

(b) the Trustee agrees to pay an amount equal to the amount withheld or deducted to the relevant authority in accordance with applicable law.

The Trustee is not liable to pay any additional amount to the Noteholder in respect of any such withholding or deduction (including, without limitation, for or on account of a FATCA Withholding).

10.3 Information reporting

Promptly upon request, each Noteholder shall provide to the Trustee (or other person responsible for FATCA reporting or delivery of information under FATCA) with information sufficient to allow the Trustee to perform its FATCA reporting obligations, including properly completed and signed tax certifications:

(a) IRS Form W-9 (or applicable successor form) in the case of a Noteholder that is a "United States Person" within the meaning of the Code; or

(b) the appropriate IRS Form W-8 (or applicable successor form) in the case of a Noteholder that is not a "United States Person" within the meaning of the Code.

If the Manager determines that the Trustee has made a "foreign passthru payment" (as that term is or will at the relevant time be defined under FATCA), the Manager shall provide notice of such payment to the Trustee, and, to the extent reasonably requested by the Trustee, the Manager shall provide the Trustee with any non-confidential information provided by Noteholders in its possession that would assist the Trustee in determining whether or not, and to what extent, FATCA Withholding is applicable to such payment on the Notes.

11 Time limit for claims

A claim against the Trustee for a payment under a Note is void unless made within 10 years (in the case of principal) or 5 years (in the case of interest and other amounts) from the date on which payment first became due.

12 General

12.1 Role of Calculation Agent

In performing calculations under the Conditions, the Calculation Agent is not an agent or trustee for the benefit of, and has no fiduciary duty to or other fiduciary relationship with, any Noteholder.

12.2 Meetings of Secured Creditors

The Security Trust Deed contains provisions for convening meetings of the Secured Creditors to consider any matter affecting their interests, including any variation of the Conditions.

13 Notices

13.1 Notices to Noteholders

All notices and other communications to Noteholders must be in writing and must be:

(a) sent by prepaid post (airmail, if appropriate) to the address of the Noteholder (as shown in the Note Register at close of business in the place where the Note Register is maintained on the day which is 3 Business Days before the date of the notice or communication); or

(b) given by an advertisement published in:

(i) the Australian Financial Review or The Australian; or

(ii) if the Issue Supplement for that Series specifies an additional or alternate newspaper, that additional or alternate newspaper.

(c) posted on an electronic source approved by the Manager and generally accepted for notices of that type (such as Bloomberg or LSEG);

(d) distributed through the Clearing System in which the relevant Notes are held; or

(e) if the relevant Notes are listed, announced on the stock exchange on which those Notes are listed.

13.2 When effective

Communications take effect from the time they are received or taken to be received (whichever happens first) unless a later time is specified in them.

13.3 When taken to be received

Communications are taken to be received:

(a) if published in a newspaper, on the first date published in all the required newspapers;

(b) if sent by post, six Business Days after posting (or ten days after posting if sent from one country to another);

(c) if distributed through a clearing system, on the date of such distribution; or

(d) in respect of Notes that are listed, on the date of announcement on the stock exchange on which those Notes are listed.

14 Governing law

14.1 Governing law and jurisdiction

The Conditions are governed by the law in force in New South Wales. The Trustee and each Noteholder submit to the non-exclusive jurisdiction of the courts of that place.

14.2 Serving documents

Without preventing any other method of service, any document in any court action in connection with any Notes may be served on the Trustee by being delivered to or left at the Trustee's address for service of notices in accordance with clause 23 ("Notices and other communications") of the Security Trust Deed.

15 Limitation of liability

The Trustee's liability to the Noteholders of the Series (and any person claiming through or under a Noteholder of the Series) in connection with the Conditions and the other Transaction Documents of the Series is limited in accordance with clause 18 ("Indemnity and limitation of liability") of the Master Trust Deed.

4 Part 4 – Origination and Servicing of the Receivables

4.1 Origination of the Purchased Receivables

NAB originated the Purchased Receivables in two ways:

(a) via its proprietary network, comprising personal bankers, mobile bankers and call centre bankers ("**Proprietary Channel**"); and

(b) via NAB Broker ("**Third Party Channel**").

NAB also generates residential mortgage loans via other channels, including Advantedge Financial Services Pty Ltd and ubank, part of NAB, however, those loans are not included in the Purchased Receivables and are therefore not described in this Information Memorandum.

The following discussion summarises the underwriting standards applicable to residential mortgage loans generated through the Proprietary Channel and the Third Party Channel (together, the "**Mortgage Loans**") and describes certain key features and characteristics of the Mortgage Loans. These standards, features and characteristics are under regular review and may change from time to time as a result of business and regulatory changes.

Where circumstances warrant, giving overall consideration of the strength of the application, a Mortgage Loan may be made with a Delegated Commitment Authority ("**DCA**") where certain elements are outside NAB's normal underwriting criteria.

4.2 Servicing of Purchased Receivables

Pursuant to the Servicing Deed, the Servicer will be responsible for the servicing and administration of the Purchased Receivables as described in this Information Memorandum. The Servicer or any successor servicer may contract with sub-servicers or third parties to perform all or a portion of the servicing functions on behalf of the Servicer.

Servicing procedures include responding to customer inquiries, managing, and servicing the features and facilities available under the Purchased Receivables and the management of delinquent Purchased Receivables.

The Servicer is contractually obliged to administer the Purchased Receivables:

(a) in accordance with all applicable laws;

(b) according to the Servicing Deed;

(c) with the same degree of diligence and care expected of an appropriately qualified and prudent servicer of similar receivables; and

(d) subject to the preceding paragraphs, according to the Servicer's procedures and policies for servicing the Purchased Receivables, which are under regular review and may change from time to time as a result of business changes, or legislative and regulatory changes.

4.3 Underwriting Process

Loans are considered for origination on the basis of a rate internally calculated by NAB designed to determine an applicant's capacity to repay a Mortgage Loan. The rate calculated by NAB is the higher of (i) the current rate payable by the applicant plus a serviceability buffer of 3% or (ii) a rate of 5.75% (applicable as at April 2024). Regardless of the determined rate, applicants must demonstrate the capacity to repay the Mortgage Loan and satisfy all other commitments including general living expenses. Scheduled payments are calculated based on the current interest rate. Applicants must meet minimum risk-adjusted loan serviceability thresholds, using reliable, regular and verifiable income sources.

Mortgage Loan proceeds may only be applied for owner occupied, investment or personal purposes (including consolidation of personal debts), and for the purchase, construction or renovation of a residential or investment property. Construction loans are provided in instalments until construction is completed, after which the loan is fully drawn. Under standard policy, provided a sound history (minimum six months) is held with another financial institution, NAB will consider refinancing debts. The minimum loan amount available is twenty thousand dollars (A$20,000). There is no maximum amount (subject to security credit assessment criteria). The minimum term for a Mortgage Loan is one year. The maximum term for a Mortgage Loan is 30 years.

NAB's Mortgage Loan lending is limited to a maximum of 95% of the market value of the property for principal and interest repayments (except for applicants eligible for the Australian Government's Family Home Guarantee – a maximum of 98%) or 80% of the market value of the property for interest only repayments. NAB applies a maximum of 95% of the market value of the property for owner occupier purpose, or 90% of the market value of the property for investment purpose (except under limited circumstances in which approval is granted, the purpose is restricted to property purchase, available products are limited and Lender's Mortgage Insurance ("**LMI**") is mandatory, or a guarantee provided by the Australian Government under the First Home Loan Deposit Scheme ("**FHLDS**") is provided).

LMI is mandatory for all Mortgage Loans where the loan-to-value ratio is greater than 80% with respect to any owner occupied or investment property, greater than 70%, with respect to certain inner city investment properties and greater than 90% for NAB employees (including children of staff members), specific medical practitioners (limited to medical and dental practitioners, pharmacists and optometrists) and veterinary practitioners – except where a security guarantee is provided. In exceptional circumstances LMI may be waived, however this must be approved by the Senior Credit Authority. LMI provides 100% coverage against loss on the entire Mortgage Loan.

FHLDS is a government initiative designed to support eligible first home buyers purchasing their first home under the First Home Guarantee and single parents purchasing a family home under the Family Home Guarantee by providing a limited guarantee. Mortgage Loans secured by a government guarantee may have a loan-to-value ratio of up to 95% for eligible first home buyers and up to 98% for eligible single parents with the Australian Government providing a limited guarantee to reduce the loan-to-value ratio to 80%. The government guarantee provides coverage against loss on the portion of the Mortgage Loan guaranteed (between 0-15% for eligible first home buyers or 0-18% for eligible single parents).

NAB takes a first registered mortgage only over suitable residential property as security for a Mortgage Loan. In certain circumstances, usually when a customer is selling one property and buying another and simultaneous property settlements do not occur, a Mortgage Loan can be secured for a short period of time by a cash deposit held by NAB. The relevant customer must agree in writing to grant NAB a right of set-off against the deposit to secure repayment of the Mortgage Loan during this period.

NAB determines the market value of the property provided as security by reference to the current realisable value of the property on a normal sale basis (where both the buyer and seller would be willing and legitimate participants).

An acceptable valuation type is determined considering the property type and risk and various other market factors.

There are three main types of property valuations:

(a) Automated Valuation Models (AVM) – these are statistical tools used to estimate values for specific residential properties based on property characteristic data and sales data. These values are usually returned as a range and with an indication of the suppliers'

confidence in their accuracy expressed as a score and/or as a forecast standard deviation:

(i) NAB's Proprietary Channel currently uses AVMs on low risk transactions for properties up to A$3 million in value (to A$4 million Sydney/Melbourne/Brisbane metro areas). This valuation type accounts for 50-55% of overall valuation requests for Mortgage Loans originated through NAB's Proprietary Channel.

(ii) NAB's Third Party Channel currently uses AVMs on low risk transactions for properties up to A$3 million in value (to A$4 million Sydney/Melbourne/Brisbane metro areas). This valuation methodology accounts for 45-50% of overall valuation requests for Mortgage Loans originated through NAB's Third Party Channel.

(b) Desktop Valuation - valuations undertaken by an experienced valuer (from a NAB approved panel valuer or NAB's own internal valuation team) with local area knowledge of the property without physical inspection. Desktop Valuations are used for low risk transactions up to A$3 million in value (to A$4 million Sydney/Melbourne/Brisbane metro areas).

(c) Physical Valuation – external/kerbside valuations completed in-person (from a NAB approved panel valuer or NAB's own internal valuation team).

For construction loans, a final internal inspection is mandatory.

4.4 Credit and Lending Procedures

The following is a summary description of the credit and lending procedures adopted by NAB.

A bank officer is always the intermediary for NAB's Proprietary Channel home loan customers until the Mortgage Loan is underwritten. The bank officer initially reviews with the customer, his or her borrowing needs and credit situation and recommends a product, which is not unsuitable for the customer. A physical or digital application form is completed and processed through one of two application origination systems: "Siebel electronic Consumer Lending" ("**eCL**") platform or Personal Banking Origination Platform ("**PBOP**"). NAB's Third Party Channel uses "ApplyOnline" ("**AOL**") to receive applications from brokers with a bank officer required review information provided and verify correctness of the application in "Work Flow Manager" ("**WFM**").

NAB's Proprietary systems (eCL and PBOP) use an Experian product, "New Business Strategy Manager" ("**NBSM**"). Third Party utilises a new version of NBSM, "Credit Assessment Service" ("**CAS**"). Both NBSM and CAS use the same credit and lending processes. NAB's bank officers may also undertake manual credit assessments within an approved DCA.

The decision tools control the application process by retrieving existing NAB customer data and account performance from relevant source systems and makes calls to external systems to capture further information on the customer. "nabCalc" (an internal NAB system used for eCL), the PBOP repayment calculator (embedded in PBOP) or the "Serviceability Assessment Microservice" ("**SAM**") is called to calculate the customer's repayments. The decision tools use serviceability calculations to determine how much the customer can borrow. Data is retrieved from multiple credit bureaus to incorporate any available information on loans held and applied for at other financial institutions. Transaction data is also sourced from internal ledger systems and customer bank statements provided by customers. This transaction data is categorised and can be used to pre-populate forms, verify information (such as income), and used in credit decisioning.

NBSM and CAS contain application risk scorecards and strategies to assess the risk of an application. Different scorecards and strategies are in place for different segments within the portfolio. Application risk scorecards are made up of individual characteristics with score values assigned. The combination of characteristics is added up for the overall application risk score

which is a statistical measure that predicts the probability of the customer defaulting. A minimum score threshold is required, which varies by segment, purpose, and product.

The decision tool returns one of three results: "approve", "decline" or "refer" along with reasons for the decision. A "refer" decision is escalated to the relevant bank officer (which differs according to whether the Mortgage Loan was originated through the Proprietary Channel or the Third Party Channel) to be reviewed under an approved DCA. If a "decline" result is obtained, these applications may be referred to a credit manager who is afforded sufficient review DCA to review and, where appropriate, override the "decline" decision.

All NAB home loan applications are subject to underwriting criteria guidelines that are used in assessing Mortgage Loans. The criteria are intended as a guide and are used in determining the suitability of loan applicants. Criteria guidelines include:

(a) applicant be a minimum of 18 years of age;

(b) legal capacity of the applicant of entering into the loan contract;

(c) employment/eligible income sources;

(d) satisfactory credit checks;

(e) satisfactory savings history/loan repayment history;

(f) sound asset/liability position;

(g) capacity to repay the Mortgage Loan; and

(h) eligible residential collateral.

It is a requirement that an applicant's income is evidenced and verified.

All bank officers involved in assessing/approving Mortgage Loans have ready, online access to NAB's Credit Policy, and process and training materials. Any significant change or review of underwriting policy is updated immediately and communicated to such officers via a credit bulletin. Other changes or amendments are forwarded on a periodic basis.

If LMI is required, the bank officer makes all arrangements.

If the Mortgage Loan is declined, the bank officer can request the application be reviewed by an appropriate DCA holder. DCA holders are experienced lending officers who have been given authority to review and approve applications that may be outside bank policy. If the Mortgage Loan is still declined, NAB formally advises the customer in writing.

If a Proprietary Channel Mortgage Loan is approved, the application is then transferred for further processing to one of NAB's centralised fulfilment centres. The fulfilment centre is responsible for verifying financial information, preparing the appropriate documentation, checking that the security is in order, administering settlement, and drawing down the Mortgage Loan. Once an application is received at the fulfilment centre, a title search is ordered, and valuation requested if necessary.

Documentation is then prepared, and a copy is forwarded to the customer and a copy to the appropriate bank officers.

Once all documentation is executed, it is returned to the fulfilment centre for preparation of the file for settlement.

In respect of Mortgage Loans originated through NAB Broker in NAB's Third Party Channel, a regionalised production team is responsible for preparing the appropriate documents which allows the customer's personal and loan details to be entered but prohibits the production officer

from further modifying the contract, checking that the security is in order, drawing down of the Mortgage Loan, continued loan maintenance and account control. The loan "letter of offer" is then prepared and is forwarded to the customer for signing.

Once all documentation is executed, it is returned to the Third Party Channel mortgage services centre for preparation of the file for settlement. NAB's Third Party Channel engages the services of an external settlement agent to perform settlement and registration for complex activities.

After settlement has occurred, the Mortgage Loan is drawn down and fees charged. All the documentation is then imaged, and originals are sent to a central storage facility and the title is sent away for stamping and registration. Once returned from the titles office, it too is filed centrally.

NAB moved to a single LMI provider in late November 2020. All home loans originated after this date that require LMI have been underwritten by QBE Lenders' Mortgage Insurance Limited ("**QBE**") across all channels. All home lending with LMI prior to November 2020 was underwritten by QBE (for proprietary home lending) or Helia Insurance Pty Limited (for broker originated lending).

A delegated underwriting authority ("**DUA**") policy has been negotiated with NAB's preferred insurer (QBE), which provides NAB with the ability to write lenders mortgage insurance without prior approval. The DUA agreement is conditional on NAB adhering to credit assessment policies and ensuring that:

(a) the home loan is approved by NAB's credit scoring system;

(b) the loan-to-value ratio is within thresholds set;

(c) a valuation has been completed; and

(d) the security is a registered mortgage held over a suitable residential property (less than ten hectares), or vacant land (less than 2.2 hectares).

Applications outside the DUA thresholds (loan is greater than $2.5m or above 95% LVR) are forwarded to QBE for approval on a case-by-case basis.

Depending on the loan type, scheduled payments can consist of either principal and interest or interest only. Interest on the Mortgage Loans is calculated on a daily "simple" interest basis, and is payable as follows:

(a) principal and interest Mortgage Loans – (in arrears) either weekly, fortnightly, or monthly;

(b) interest only (in arrears) – paid monthly in arrears; and

(c) interest only (in advance) – paid annually in advance.

For variable rate Mortgage Loans, prepayments may be made at any time without penalty.

For fixed rate Mortgage Loans, a prepayment penalty may be charged to the customer where part or the entire fixed rate Mortgage Loan is prepaid prior to the expiry of the fixed rate period. Customers are permitted to make up to $20,000 of additional repayments over the fixed rate term of their loan without incurring a penalty.

Scheduled repayments are based on the loan amount, the prevailing interest rate and time to expiry of the loan. Scheduled repayments are only automatically increased (if applicable) as a part of the annual loan review. Scheduled payments are not automatically reduced when prevailing interest rates reduce; however this can occur by application.

With respect to certain Mortgage Loans, the security pledged to secure the Mortgage Loan may be changed at the customer's request (without the need to write a new Mortgage Loan or contract). In all cases, the replacement security must be an approved residential home or, in the limited circumstances described in this Information Memorandum, a cash deposit. Any change in security is at the discretion of NAB.

Certain Mortgage Loans originated by NAB provide the customer with the right to convert the variable rate at which interest accrues to a fixed rate, and vice-versa. Certain interest-only Mortgage Loans provide the customer with the right to convert the Mortgage Loan to an amortising Mortgage Loan.

In certain cases, exercise of such rights are conditional on the payment of a fee and in other cases, the right is subject to NAB's approval.

NAB offers a "100% offset" feature on certain products which provides customers with the means to offset the balance of eligible deposit accounts against the balance of eligible Mortgage Loans for interest calculation purposes. Interest is only charged on the amount by which the outstanding principal loan balance exceeds the credit balance of the linked deposit account.

4.5 Redraw Mortgage Loans

Customers with variable rate Mortgage Loans can access their loan funds when they have made additional loan repayments above their agreed payment schedule. This is referred to as Home Loan Redraw. Certain variable rate Mortgage Loans provide NAB with the discretion to allow the customer to make redraws in certain circumstances.

Home Loan Redraws can generally be made when certain conditions, including those set out below, are met, or otherwise at NAB's discretion:

(a) the customer is not in default;

(b) any consent required under a Mortgage Insurance Policy has been obtained;

(c) no other interest in the mortgaged property has been granted, unless acceptable arrangements have been put in place;

(d) the redraw amount is not to be used for business purposes; and

(e) any building work has been completed.

In addition, Home Loan Redraws may only be made where:

(a) for Mortgage Loans originated through NAB's Proprietary Channel, the amount that would have been outstanding under the Mortgage Loan (if repayments owing had been made on the due date required and no additional repayments had been made) is more than the balance owing on the loan; and

(b) for Mortgage Loans originated through NAB Broker in NAB's Third Party Channel, the amount that would have been outstanding under the Mortgage Loan (if repayments owing had been made on the due date required and no additional repayments had been made), less an amount equal to the next required repayment is more than the balance owing on the loan.

In each case, subject to NAB's discretion, a customer may make a Home Loan Redraw in an amount equal to the amount of the excess.

NAB has reserved the discretion to cancel its obligation to provide Home Loan Redraw in respect of such Mortgage Loans.

6 Part 6 – Cashflow Allocation Methodology

All amounts received by the Trustee will be allocated by the Manager and paid in accordance with the Cashflow Allocation Methodology.

The Cashflow Allocation Methodology (other than as described in Part 6.15 ("Application of proceeds following an Event of Default")) applies only in respect of payments to be made before the occurrence of an Event of Default and enforcement of the General Security Agreement in accordance with its terms.

6.1 Collections

The Servicer is obliged to collect all Collections on behalf of the Trustee during each Collection Period.

"**Collections**" means all amounts received by the Seller, the Servicer, the Manager or the Trustee in respect of the Purchased Receivables (on and from the Closing Date), including, without limitation:

(a) all principal and interest in respect of the Purchased Receivables;

(b) the proceeds received under any Mortgage Insurance Policy;

(c) any proceeds recovered from any enforcement action in respect of a Purchased Receivable;

(d) amounts received on any sale or Reallocation of a Purchased Receivable; and

(e) any amount receivable as damages in respect of a breach of any representation, warranty or covenant in connection with the Purchased Receivables.

6.2 Distributions during a Collection Period

(a) Prior to the occurrence of an Event of Default and enforcement of the General Security Agreement, the Seller may on any day make Redraws in respect of Purchased Receivables in accordance with the relevant Receivables Terms. The Redraw Facility will be deemed to be drawn where the Seller provides a Redraw in such circumstances from its own funds and the Seller is not immediately reimbursed in respect of that Redraw as described below, subject to the Redraw Limit not being exceeded and all other conditions precedent under the Redraw Facility Agreement being satisfied.

(b) If:

(i) the Seller is to make a Redraw in respect of a Purchased Receivable in accordance with paragraph (a); and

(ii) at that time the Seller is the Servicer and the Servicer is permitted to retain Collections in accordance with the Issue Supplement,

then with effect from the making of that Redraw, the amount of Collections (that would otherwise constitute part of the Principal Collections) required to be deposited or paid by the Servicer, in accordance with the Issue Supplement, on the Payment Date immediately following the end of the Collection Period in which that Redraw was made will be reduced by an amount equal to the lesser of:

(A) the amount of that Redraw; and

(B) the amount specified by the Manager to the Seller, such that the Manager is satisfied that there will be sufficient Total Available

Principal to fund any required Principal Draw under Part 6.8 ("Principal Draw") on that Payment Date.

(c) If:

(i) the Seller proposes to make a Redraw in respect of a Purchased Receivable in accordance with paragraph (a); and

(ii) at that time:

(A) the Seller is not the Servicer; or

(B) the Servicer is not permitted to retain Collections in accordance with the Issue Supplement,

then the Seller may (but is not obliged to) notify the Manager of the amount of that Redraw on or before the date such Redraw is to be made, in which case paragraph (d) below will apply to that Redraw. If the Seller elects not to provide such notice to the Manager, paragraph (f) below will apply to that Redraw.

(d) On receipt of a notice from the Seller under paragraph (c) in respect of a Redraw, the Manager may, subject to paragraph (e)(ii), direct the Trustee to apply Principal Collections (and the Trustee must apply on that direction) received during that Collection Period towards reimbursing the Seller in respect of the relevant Redraw made or to be made on that day.

(e) The Manager must not direct the Trustee to apply Collections in accordance with paragraph (d):

(i) if the aggregate of such payments would exceed the aggregate of Principal Collections received up to that point in time in respect of the Collection Period; and

(ii) unless the Manager is satisfied that there will be sufficient Total Available Principal on the next Payment Date to fund any required Principal Draw under Part 6.8 on that Payment Date.

(f) If:

(i) the Seller makes a Redraw in respect of a Purchased Receivable in accordance with paragraph (a); and

(ii) either:

(A) the amount of such Redraw is not applied to reduce the amount of Collections required to be deposited or paid by the Seller to the Trustee in accordance with paragraph (b);

(B) the Seller elects not to provide notice to the Manager in accordance with paragraph (c); or

(C) the Seller is not reimbursed in respect of that Redraw in accordance with paragraph (d),

then the Redraw Facility Provider will be deemed to have made an advance under the Redraw Facility to the Seller in an amount equal to that Redraw (a "**Redraw Drawing**") subject to the Redraw Limit not being exceeded and all other conditions precedent under the Redraw Facility Agreement being satisfied.

6.3 Determination of Principal Collections

On each Determination Date, the "**Principal Collections**" are calculated as the aggregate of:

(a) the Collections for the immediately preceding Collection Period; plus

(b) any Total Available Income to be applied on the Payment Date immediately following that Determination Date as described in paragraph (l) of Part 6.11 ("Income Distributions") towards repayment of Principal Draws; plus

(c) any Total Available Income to be applied on the Payment Date immediately following that Determination Date as described in paragraph (m) of Part 6.11 ("Income Distributions") in respect of Losses for the immediately preceding Collection Period; plus

(d) any Total Available Income to be applied on the Payment Date immediately following that Determination Date as described in paragraph (n) of Part 6.11 ("Income Distributions") towards Carryover Principal Charge-Offs; plus

(e) any Loss Allocation Reserve Draw to be made on the Payment Date immediately following that Determination Date as described in Part 6.4 ("Loss Allocation Reserve Draw"); plus

(f) in respect of the first Determination Date only, any amount received by the Trustee upon the initial issue of Notes in excess of the purchase price of the Purchased Receivables,

less the sum of:

(g) the Finance Charge Collections as calculated on that Determination Date;

(h) any Collection Period Distributions during the immediately preceding Collection Period as described in paragraph (d) of Part 6.2 ("Distributions during a Collection Period");

(i) any Collections for the immediately preceding Collection Period which the Servicer retains in connection with the making of Redraws during that Collection Period as described in paragraph (b) of Part 6.2 ("Distributions during a Collection Period"); and

(j) any Mortgage Insurance Interest Proceeds received during the immediately preceding Collection Period.

6.4 Loss Allocation Reserve Draw

If, on any Determination Date, there is a Notional Charge-Off, the Manager must direct the Trustee to withdraw from the Loss Allocation Reserve Account, on the Payment Date immediately following that Determination Date, an amount equal to the lesser of:

(a) the Notional Charge-Off; and

(b) the Loss Allocation Reserve Account Balance,

(a "**Loss Allocation Reserve Draw**") and apply that amount as part of the Principal Collections on that Payment Date.

6.5 Principal Distributions

Prior to the occurrence of an Event of Default and enforcement of the General Security Agreement, on each Payment Date and based on the calculations, instructions and directions provided to it by the Manager, the Trustee must distribute out of Principal Collections (as

calculated on the Determination Date immediately preceding that Payment Date), the following amounts in the following order of priority:

(a) first, as a Principal Draw (if required) as described in Part 6.8 ("Principal Draw") on that Payment Date;

(b) next, to the Seller in repayment of any unreimbursed Redraws made during or prior to the immediately preceding Collection Period (to the extent those Redraws are not treated as a Redraw Drawing under the Redraw Facility);

(c) next, to the Redraw Facility Provider, towards repayment or reimbursement of any Redraw Drawing made before that Payment Date;

(d) next, if the Subordination Conditions are not satisfied on that Payment Date, in the following order of priority:

(i) first, pari passu and rateably towards the repayment of the Class A1 Notes until the aggregate Invested Amount of the Class A1 Notes is reduced to zero;

(ii) next, pari passu and rateably towards repayment of the Class A2 Notes until the aggregate Invested Amount of the Class A2 Notes is reduced to zero;

(iii) next, pari passu and rateably towards repayment of the Class B Notes until the aggregate Invested Amount of the Class B Notes is reduced to zero;

(iv) next, pari passu and rateably towards repayment of the Class C Notes until the aggregate Invested Amount of the Class C Notes is reduced to zero;

(v) next, pari passu and rateably towards repayment of the Class D Notes until the aggregate Invested Amount of the Class D Notes is reduced to zero;

(vi) next, pari passu and rateably towards repayment of the Class E Notes until the aggregate Invested Amount of the Class E Notes is reduced to zero;

(vii) next, pari passu and rateably towards repayment of the Class F Notes until the aggregate Invested Amount of the Class F Notes is reduced to zero;

(e) next, if the Subordination Conditions are satisfied on that Payment Date, pari passu and rateably:

(i) towards repayment of the Class A1 Notes until the aggregate Invested Amount of the Class A1 Notes is reduced to zero;

(ii) towards repayment of the Class A2 Notes until the aggregate Invested Amount of the Class A2 Notes is reduced to zero;

(iii) towards repayment of the Class B Notes until the aggregate Invested Amount of the Class B Notes is reduced to zero;

(iv) towards repayment of the Class C Notes until the aggregate Invested Amount of the Class C Notes is reduced to zero;

(v) towards repayment of the Class D Notes until the aggregate Invested Amount of the Class D Notes is reduced to zero;

(vi) towards repayment of the Class E Notes until the aggregate Invested Amount of the Class E Notes is reduced to zero; and

(vii) towards repayment of the Class F Notes until the aggregate Invested Amount of the Class F Notes is reduced to zero; and

(f) next, as to any surplus (if any), to the Participation Unitholder.

6.6 Determination of Finance Charge Collections

On each Determination Date, the "**Finance Charge Collections**" for the immediately preceding Collection Period will be calculated by the Manager as the aggregate of the following items (without double counting):

(a) all Collections comprising interest and other amounts in the nature of interest or income (including any previously capitalised interest) received during that immediately preceding Collection Period in respect of any Purchased Receivable or Related Security, or any similar amount deemed by the Servicer to be in the nature of income or interest, including without limitation amounts of that nature:

(i) recovered from the enforcement of a Purchased Receivable or Related Security (but excluding any amount received under any Mortgage Insurance Policy);

(ii) paid to the Trustee upon the sale or Reallocation of a Purchased Receivable or Related Security;

(iii) in respect of a breach of a representation or warranty contained in the Transaction Documents in respect of a Purchased Receivable or Related Security or under any obligation to indemnify or reimburse the Trustee; and

(iv) received from the Seller in respect of the Seller's gross-up obligations for set-off and related amounts; and

(b) any Recoveries received during that immediately preceding Collection Period in respect of a Purchased Receivable or Related Security.

6.7 Determination of Available Income

On each Determination Date, the "**Available Income**" is calculated by the Manager (without double counting) as follows:

(a) the Finance Charge Collections received during the immediately preceding Collection Period; plus

(b) the Mortgage Insurance Interest Proceeds received during the immediately preceding Collection Period; plus

(c) any Other Income in respect of that Determination Date; plus

(d) any net payments due to be received by the Trustee under the Fixed Rate Swap or the Basis Swap on the next Payment Date.

6.8 Principal Draw

If, on any Determination Date, there is a Payment Shortfall, the Manager must direct the Trustee to apply an amount of Principal Collections (in accordance with Part 6.5 ("Principal Distributions")) on the Payment Date immediately following that Determination Date equal to the lesser of:

(a) the Payment Shortfall; and

(b) the amount of Principal Collections available for application for that purpose on the following Payment Date,

(a "**Principal Draw**") as part of the Total Available Income on that Payment Date.

6.9 Liquidity Drawing

If, on any Determination Date, there is a Liquidity Shortfall, the Manager must direct the Trustee to request a drawing to be made under the Liquidity Facility on the Payment Date immediately following that Determination Date equal to the lesser of:

(a) the Liquidity Shortfall on that Determination Date; and

(b) the Available Liquidity Amount on that Determination Date,

(a "**Liquidity Drawing**") and apply that amount as part of the Total Available Income on that Payment Date.

The Trustee must, if so directed by the Manager, make that Liquidity Drawing and have the proceeds deposited or transferred into the Collection Account on the relevant Payment Date.

6.10 Calculation of Total Available Income

On each Determination Date, the "**Total Available Income**" is calculated as the aggregate of:

(a) any Available Income calculated in accordance with Part 6.7 ("Determination of Available Income") on that Determination Date;

(b) any Principal Draw calculated in accordance with Part 6.8 ("Principal Draw") on that Determination Date; and

(c) any Liquidity Drawing calculated in accordance with Part 6.9 ("Liquidity Drawing") on that Determination Date.

The Total Available Income in respect of a Determination Date must be applied on the immediately following Payment Date in accordance with Part 6.11 ("Income Distributions").

6.11 Income Distributions

Prior to the occurrence of an Event of Default and enforcement of the General Security Agreement, the Manager must direct the Trustee to pay (or direct the payment of) the following items in the following order of priority out of the Total Available Income (as calculated on the relevant Determination Date) on each Payment Date:

(a) first, $100 to the Participation Unitholder;

(b) next, in respect of the first Payment Date only, any Accrued Interest Adjustment due to the Seller;

(c) next, pari passu and rateably:

(i) any Taxes payable in relation to the Trust for the Collection Period immediately preceding that Payment Date (after the application of the balance of the Tax Account towards payment of such Taxes);

(ii) the Trustee's fee payable on that Payment Date;

(iii) the Servicer's fee payable on that Payment Date;

(iv) the Manager's fee payable on that Payment Date;

(v) the Trust Administrator's fee payable on that Payment Date;

(vi) the Security Trustee's fee payable on that Payment Date;

(vii) in reimbursement of any Enforcement Expenses incurred during the Collection Period immediately preceding that Payment Date; and

(viii) in reimbursement of any other Expenses of the Series incurred during the Collection Period immediately preceding that Payment Date;

(d) next, pari passu and rateably:

(i) to the Liquidity Facility Provider:

(A) towards payment of any fees payable by the Trustee to the Liquidity Facility Provider on that Payment Date under the Liquidity Facility Agreement (excluding, for the avoidance of doubt, any amount payable under clause 11 ("Changed costs event") or clause 23 ("Costs, Charges, Expenses and Indemnities") of the Liquidity Facility Agreement);

(B) towards payment of any interest payable by the Trustee under the Liquidity Facility Agreement for the Liquidity Interest Period ending on (but excluding) that Payment Date and any unpaid interest in respect of preceding Liquidity Interest Periods; and

(C) towards repayment or reimbursement of any Liquidity Drawing made before that Payment Date;

(ii) towards payment to each Derivative Counterparty of all amounts due under the relevant Derivative Contract, excluding:

(A) any break costs in respect of the termination of that Derivative Contract to the extent that the Derivative Counterparty is the Defaulting Party or sole Affected Party (other than in relation to a Termination Event due to section 5(b)(i) ("Illegality"), section 5(b)(ii) ("Force Majeure Event") or section 5(b)(iii) ("Tax Event") of the Derivative Contract); and

(B) any break costs in respect of the termination of that Derivative Contract to the extent it is being terminated as a result of the prepayment of any related Purchased Receivable, except to the extent the Trustee has received the applicable Prepayment Costs from the relevant Obligors during the Collection Period; and

(iii) to the Redraw Facility Provider:

(A) towards payment of any fees payable by the Trustee to the Redraw Facility Provider on that Payment Date under the Redraw Facility Agreement (excluding, for the avoidance of doubt, any amount payable under clause 10 ("Changed costs event") or clause 22 ("Costs, Charges, Expenses and Indemnities") of the Redraw Facility Agreement); and

(B) towards payment of any interest payable by the Trustee under the Redraw Facility Agreement for the Redraw Interest Period ending on (but excluding) that Payment Date and any unpaid interest in respect of preceding Redraw Interest Periods;

(e) next, the Note Interest Amount for the Class A1 Notes for the Interest Period ending on (but excluding) that Payment Date and any unpaid Note Interest Amounts for the Class A1 Notes in respect of preceding Interest Periods;

(f) next, the Note Interest Amount for the Class A2 Notes for the Interest Period ending on (but excluding) that Payment Date and any unpaid Note Interest Amounts for the Class A2 Notes in respect of preceding Interest Periods;

(g) next, the Note Interest Amount for the Class B Notes for the Interest Period ending on (but excluding) that Payment Date and any unpaid Note Interest Amount for the Class B Notes in respect of preceding Interest Periods;

(h) next, the Note Interest Amount for the Class C Notes for the Interest Period ending on (but excluding) that Payment Date and any unpaid Note Interest Amounts for the Class C Notes in respect of preceding Interest Periods;

(i) next, the Note Interest Amount for the Class D Notes for the Interest Period ending on (but excluding) that Payment Date and any unpaid Note Interest Amounts for the Class D Notes in respect of preceding Interest Periods;

(j) next, the Note Interest Amount for the Class E Notes for the Interest Period ending on (but excluding) that Payment Date and any unpaid Note Interest Amounts for the Class E Notes in respect of preceding Interest Periods;

(k) next, the Note Interest Amount for the Class F Notes for the Interest Period ending on (but excluding) that Payment Date and any unpaid Note Interest Amounts for the Class F Notes in respect of preceding Interest Periods;

(l) next, as an allocation to Principal Collections, all Principal Draws which have not been repaid as at that Payment Date;

(m) next, as an allocation to Principal Collections, an amount equal to the aggregate of any Losses (calculated on that Determination Date) in respect of the immediately preceding Collection Period;

(n) next, as an allocation to Principal Collections, an amount equal to the aggregate of any Carryover Principal Charge-Offs (calculated in respect of previous Determination Dates which have not been reimbursed on or before that Payment Date);

(o) next, to be applied as a deposit to the Loss Allocation Reserve Account until the Loss Allocation Reserve Account Balance is equal to the Loss Allocation Reserve Maximum Balance;

(p) next, pari passu and rateably:

(i) any other amounts payable on or prior to that Payment Date to the Liquidity Facility Provider under the Liquidity Facility Agreement (to the extent not paid as described in Part 6.11(d)(i);

(ii) any indemnity amount payable on or prior to that Payment Date to the Dealer (whether in its capacity as Dealer or Lead Manager) under clause 14.1 (“Indemnity by the Trustee and Manager”) of the Dealer Agreement; and

(iii) any other amounts payable on or prior to that Payment Date to the Redraw Facility Provider under the Redraw Facility Agreement (to the extent not paid as described in Part 6.11(d)(iii));

(q) next, to retain in the Tax Account an amount equal to the Tax Shortfall (if any) in respect of that Payment Date;

(r) next, any other amounts payable on or prior to the Payment date to each Derivative Counterparty (of any amounts payable to it under a Derivative Contract (to the extent not otherwise paid as described in Part 6.11(d)(d)(ii); and

(s) next, as to any surplus, to the Participation Unitholder by way of distribution of the income of the Trust.

6.12 Carryover Principal Charge-Offs

If, on any Determination Date, the Manager determines that there are Principal Charge-Offs in respect of that Determination Date, the Manager must, on and with effect from the next Payment Date, allocate such Principal Charge-Offs in the following order:

(a) first, to reduce the Aggregate Stated Amount of the Class F Notes until the Aggregate Stated Amount of the Class F Notes (as at that Determination Date) is reduced to zero;

(b) next, to reduce the Aggregate Stated Amount of the Class E Notes until the Aggregate Stated Amount of the Class E Notes (as at that Determination Date) is reduced to zero;

(c) next, to reduce the Aggregate Stated Amount of the Class D Notes until the Aggregate Stated Amount of the Class D Notes (as at that Determination Date) is reduced to zero;

(d) next, to reduce the Aggregate Stated Amount of the Class C Notes until the Aggregate Stated Amount of the Class C Notes (as at that Determination Date) is reduced to zero;

(e) next, to reduce the Aggregate Stated Amount of the Class B Notes until the Aggregate Stated Amount of the Class B Notes (as at that Determination Date) is reduced to zero;

(f) next, to reduce the Aggregate Stated Amount of the Class A2 Notes until the Aggregate Stated Amount of the Class A2 Notes (as at that Determination Date) is reduced to zero; and

(g) next, to reduce the Aggregate Stated Amount of the Class A1 Notes until the Aggregate Stated Amount of the Class A1 Notes (as at that Determination Date) is reduced to zero,

(each a "**Carryover Principal Charge-Off**").

6.13 Reinstatement of Carryover Principal Charge-Offs

To the extent that on any Payment Date amounts are available for allocation as described in paragraph (n) of Part 6.11 ("Income Distributions"), then an amount equal to those amounts shall be applied on that Payment Date to increase respectively:

(a) first, the Aggregate Stated Amount of the Class A1 Notes, until it reaches the Aggregate Invested Amount of the Class A1 Notes (as at that Determination Date);

(b) next, the Aggregate Stated Amount of the Class A2 Notes until it reaches the Aggregate Invested Amount of the Class A2 Notes (as at that Determination Date);

(c) next, the Aggregate Stated Amount of the Class B Notes until it reaches the Aggregate Invested Amount of the Class B Notes (as at that Determination Date);

(d) next, the Aggregate Stated Amount of the Class C Notes until it reaches the Aggregate Invested Amount of the Class C Notes (as at that Determination Date);

(e) next, the Aggregate Stated Amount of the Class D Notes until it reaches the Aggregate Invested Amount of the Class D Notes (as at that Determination Date);

(f) next, the Aggregate Stated Amount of the Class E Notes until it reaches the Aggregate Invested Amount of the Class E Notes (as at that Determination Date); and

(g) next, the Aggregate Stated Amount of the Class F Notes until it reaches the Aggregate Invested Amount of the Class F Notes (as at that Determination Date).

6.14 Subordination Conditions

The Subordination Conditions are satisfied on a Payment Date if:

(a) that Payment Date falls:

(i) on or after the date which is two years after the Closing Date; and

(ii) prior to the first Call Option Date;

(b) on the Determination Date immediately prior to that Payment Date:

(i) the aggregate Invested Amount of all Notes (other than the Class A1 Notes) on that Determination Date is equal to or greater than 16% of the aggregate Invested Amount of all Notes on that Determination Date;

(ii) there are no Carryover Principal Charge-Offs; and

(iii) the Average Arrears Ratio on that Determination Date does not exceed 4.0%.

6.15 Application of proceeds following an Event of Default

Following the occurrence of an Event of Default and enforcement of the General Security Agreement, the Security Trustee must apply all moneys received by it in respect of the Collateral in the following order:

(a) first, to pay pari passu and rateably amounts owing or payable under the Security Trust Deed to indemnify the Security Trustee against all loss and liability incurred by the Security Trustee or any receiver in acting under the Security Trust Deed, including the Receiver's remuneration;

(b) next, to pay pari passu and rateably any security interests over the Series Assets of which the Security Trustee is aware having priority to the General Security Agreement in the order of their priority;

(c) next, to pay pari passu and rateably all Secured Money owing to the Trustee and the Security Trustee;

(d) next, to pay pari passu and rateably all Secured Money owing to the Manager, the Trust Administrator and the Servicer;

(e) next, to pay pari passu and rateably:

(i) all Secured Money owing to the Liquidity Facility Provider (excluding, for the avoidance of doubt, any amount payable under clause 11 ("Changed costs event") or clause 23 ("Costs, Charges, Expenses and Indemnities") of the Liquidity Facility Agreement);

(ii) all Secured Money owing to each to each Derivative Counterparty under each Derivative Contract (excluding any break costs in respect of the termination of that Derivative Contract to the extent that the Derivative Counterparty is the Defaulting Party or sole Affected Party (other than in relation to a Termination Event (as defined in the Derivative Contract) due to section 5(b)(i) ("Illegality"), section 5(b)(ii) ("Force Majeure Event") or section 5(b)(iii) ("Tax Event") of the Derivative Contract); and

(iii) all Secured Money owing to the Redraw Facility Provider (excluding, for the avoidance of doubt, any amount payable under clause 10 ("Changed costs event") or clause 22 ("Costs, Charges, Expenses and Indemnities") of the Redraw Facility Agreement);

(f) next, all Secured Money owing in relation to the Class A1 Notes to be applied:

(i) first, pari passu and rateably towards all unpaid interest on the Class A1 Notes; and

(ii) next, pari passu and rateably to reduce the aggregate Invested Amount of the Class A1 Notes;

(g) next, all Secured Money owing in relation to the Class A2 Notes to be applied:

(i) first, pari passu and rateably towards all unpaid interest on the Class A2 Notes; and

(ii) next, pari passu and rateably to reduce the aggregate Invested Amount of the Class A2 Notes;

(h) next, all Secured Money owing in relation to the Class B Notes to be applied:

(i) first, pari passu and rateably towards all unpaid interest on the Class B Notes; and

(ii) next, pari passu and rateably to reduce the aggregate Invested Amount of the Class B Notes;

(i) next, all Secured Money owing in relation to the Class C Notes to be applied:

(i) first, pari passu and rateably towards all unpaid interest on the Class C Notes; and

(ii) next, pari passu and rateably to reduce the aggregate Invested Amount of the Class C Notes;

(j) next, all Secured Money owing in relation to the Class D Notes to be applied:

(i) first, pari passu and rateably towards all unpaid interest on the Class D Notes; and

(ii) next, pari passu and rateably to reduce the aggregate Invested Amount of the Class D Notes;

(k) next, all Secured Money owing in relation to the Class E Notes to be applied:

(i) first, pari passu and rateably towards all unpaid interest on the Class E Notes; and

(ii) next, pari passu and rateably to reduce the aggregate Invested Amount of the Class E Notes;

(l) next, all Secured Money owing in relation to the Class F Notes to be applied:

(i) first, pari passu and rateably towards all unpaid interest on the Class F Notes; and

(ii) next, pari passu and rateably to reduce the aggregate Invested Amount of the Class F Notes;

(m) next, pay pari passu and rateably:

(i) all other Secured Money owing to the Liquidity Facility Provider not paid under the preceding paragraphs;

(ii) all other Secured Money owing to each Derivative Counterparty not paid under the preceding paragraphs; and

(iii) all other Secured Money owing to the Redraw Facility Provider not paid under the preceding paragraphs;

(n) next, to pay pari passu and rateably to each Secured Creditor any Secured Money owing to that Secured Creditor under any Transaction Document and not satisfied under the preceding paragraphs;

(o) next, to pay subsequent security interests over the Series Assets of which the Security Trustee is aware, in the order of their priority; and

(p) next, to pay any surplus to the Trustee to be distributed in accordance with the terms of the Master Trust Deed and the Issue Supplement. The surplus will not carry interest as against the Security Trustee.

6.16 Seller's gross up for set-off

If:

(a) the Seller exercises a right of set-off or combination in respect of any Purchased Receivable;

(b) any right of set-off is exercised against the Seller in respect of any Purchased Receivable; or

(c) any amount which would otherwise be payable by the relevant Obligor to the Seller in respect of any Purchased Receivable is discharged or reduced solely as a result of the terms of a linked deposit account,

the Seller must pay to the Servicer (as part of the Collections to be deposited by the Servicer into the Collection Account in accordance with the Transaction Documents), subject to any laws relating to preferences (or the equivalent), the amount of, respectively, any such benefit accruing to the Seller as a result of the exercise of its right of set-off or combination or the amount of such any right of set-off exercised against the Seller or the amount of any such discharge or reduction (as applicable). The Seller must make such payment within one Business Day of the day the relevant amount would otherwise have been received under the terms of the relevant Purchased Receivable.

6.17 Further Advance or Product Change

If during a Collection Period:

(a) an Obligor requests the making of a Further Advance or a Product Change in respect of a Purchased Receivable; and

(b) the Servicer notifies the Manager that it proposes to consent to the making of that Further Advance or Product Change (as applicable),

then:

(c) the Manager may direct the Trustee to deliver an Offer to Sell Back (which specifies a settlement date which is not later than 5 Business Days after the end of that Collection

Period) in respect of that Purchased Receivable to the Seller in accordance with the Sale Deed; and

(d) the Seller may accept that Offer to Sell Back by the payment of an amount equal to the Repurchase Price, determined as at the relevant settlement date specified in that Offer to Sell Back, in respect of that Purchased Receivable, provided that such Repurchase Price is not less than the Outstanding Principal Balance (plus any accrued but unpaid interest) on that Purchased Receivable as at the relevant settlement date.

6.18 Loss Allocation Reserve Account

(a) The Manager must maintain the Loss Allocation Reserve Account by recording:

(i) all deposits as a credit to the Loss Allocation Reserve Account; and

(ii) all withdrawals as a debit from the Loss Allocation Reserve Account.

(b) Amounts in the Loss Allocation Reserve Account:

(i) may only be applied to make a Loss Allocation Reserve Draw as described in Part 6.4 (“Loss Allocation Reserve Draw”); and

(ii) will constitute Collateral available for distribution as described in Part 6.15 (“Application of proceeds following an Event of Default”).

7 Part 7 – Transaction Structure

7.1 General Features of the Trust

Constitution of the Trust

The Trust was established in and subject to the laws of New South Wales on 14 May 2024, by the execution of the Notice of Creation of Trust and the lodgement with the Trustee of the sum of A$110 by or on behalf of the initial holders of the units in the Trust, plus an additional A$10 to constitute the initial Trust Assets.

The detailed terms of the Trust are set out in the Master Trust Deed, the Notice of Creation of Trust, the Security Trust Deed and the Issue Supplement for the Series. An unlimited number of trusts may be established under the Master Trust Deed. The Trust is separate and distinct from any other trust established under the Master Trust Deed.

The Trust may only act through the Trustee as trustee of the Trust. Accordingly, references to actions or obligations of the Trustee refer to such actions or obligations of the Trust.

The Trust will terminate on the earlier of:

(a) the day before the eightieth anniversary of the date it begins; and

(b) the date on which the Trust Administrator notifies the Trustee that it is satisfied that the Secured Money of the Series has been unconditionally and irrevocably repaid in full.

Purpose of the Trust

The Trust has been established as a special purpose entity for the purpose of:

(a) acquiring (and disposing of) the Purchased Receivables, and acquiring (and disposing of) Authorised Investments, in accordance with the Transaction Documents;

(b) issuing (and redeeming) the Notes and the Units in accordance with the Transaction Documents; and

(c) entering into, performing its obligations and exercising its rights under and taking any action contemplated by any of the Transaction Documents.

As at the Closing Date, and prior to the issue of the Notes, the Trust has not commenced operations and the Trust will, following the Closing Date, undertake no activity other than that contemplated by the Transaction Documents.

Capital

The beneficial interest in the Trust is represented by:

- ten Residual Units; and
- one Participation Unit.

The initial holder of the ten Residual Units is National Australia Bank Limited (ABN 12 004 044 937).

The initial holder of the one Participation Unit is National Australia Bank Limited (ABN 12 004 044 937).

Series Segregation

The Master Trust Deed and the Security Trust Deed establish the framework under which "series" may be created in respect of any trust established pursuant to the National RMBS Trust Programme. An unlimited number of series may be created in respect of any such trust.

The assets of the Trust are allocated to separate "series", each established by the execution of a "notice of creation of security trust", "general security agreement" and "issue supplement" for that series by the Trustee in accordance with the Master Trust Deed and the Security Trust Deed.

A series will comprise the assets allocated to it by the Trustee and liabilities incurred by the Trustee in respect of that series (including liabilities under the relevant Notes). The liabilities of a series will be secured against those assets under the relevant general security agreement for that series. The assets of a series of a trust are not available to meet the liabilities of any other series of that trust or any other trust.

The series created by the Issue Supplement is known as "Series 2024-1" (the "**Series**"). No other Series in respect of the Trust will be issued by the Trustee.

Tax Consolidation of the Trust

The Trust is a subsidiary member of a consolidated group with National Australia Bank Limited as its head company. The Trustee has entered into a tax sharing agreement to ensure that it is liable only for an allocated share of the tax liability of the consolidated group. It is expected that the allocated share of that liability will be nil.

7.2 Series Assets

The series assets of the Series ('**Series Assets**') will include the following:

(a) the Receivables and Related Securities to be acquired by the Trustee in respect of the Series on the Closing Date;

(b) the Collection Account;

(c) any Authorised Investments acquired by the Trustee in respect of the Series; and

(d) the Trustee's rights under the Transaction Documents in respect of the Series.

The Receivables

The Receivables are secured by registered first ranking mortgages or second ranking mortgages as described in by Part 1.7(e)(ii) on properties located in Australia. The Receivables were originated by NAB either through its Proprietary Channel or its Third Party Channel (as set out in Part 4 ("Origination and Servicing of the Receivables")). The Receivables are either fixed rate (but only for a limited period, generally no longer than 5 years, with the rate at the end of such period, either converting to a new fixed rate for another limited period or to a variable rate) or variable rate loans.

Acquisition of Receivables and Related Securities

The Receivables and Related Securities which will comprise Series Assets will be sold (by way of equitable assignment) to the Trustee in respect of the Series on the Closing Date, by the Seller, in accordance with the procedures set out in the Sale Deed.

As a result of such sale, on the Closing Date all rights relating to the Receivables and Related Securities will cease to be assets of the Seller and instead such Receivables and Related Securities will be held by the Trustee as trustee of the Trust and in respect of the Series.

Representations and warranties

The Seller will represent and warrant to the Trustee in relation to the Receivables to be acquired by the Trustee on the Closing Date that each Receivable and Related Security referred to in the Offer to Sell under the Sale Deed is a Qualifying Receivable.

If the Seller, the Manager or the Trustee becomes aware that the representation and warranty from the Seller relating to any Purchased Receivable is materially incorrect when given it must give such notice with all relevant details to the other and (in the case of the Seller only) to each Designated Rating Agency within 5 Business Days of becoming aware.

If the representation and warranty is materially incorrect when given and notice of this is given not later than 5 Business Days prior to the date that is 120 days after the Closing Date (the "**Prescribed Period**"), and the Seller does not remedy the breach (in a manner determined by it) to the satisfaction of the Trustee within that 5 Business Days of the Seller giving or receiving the notice (as the case may be), the Manager must direct the Trustee to deliver an Offer to Sell Back in respect of that Purchased Receivable for a price equal to the Outstanding Principal Balance of that Purchased Receivable plus any accrued but unpaid interest in respect of that Purchased Receivable.

If the breach of a representation or warranty in relation to a Purchased Receivable is discovered after the last day on which notices can be given during the Prescribed Period, then, if the Seller does not remedy the breach (in a manner determined by it) to the satisfaction of the Trustee or the Manager within 5 Business Days of NAB giving or receiving the notice (as the case may be) (or any longer period that the Trustee and the Manager permits), the Seller must pay damages to the Trustee for any direct loss suffered by the Trustee as a result. The maximum amount which the Seller is liable to pay is the principal amount outstanding and any accrued but unpaid interest in respect of the Purchased Receivables at the time of payment of the damages. This is the Trustee's only remedy for a breach of any representation and warranty which is found after the last day on which a notice can be given during the Prescribed Period.

Realisation of Series Assets

Upon the occurrence of the Termination Date of the Trust, the Trustee, at the direction of the Manager, must sell and realise the Series Assets (and, in relation to the sale (other than as described below) of any Purchased Receivables, the Manager must obtain appropriate expert advice prior to the sale) and such sale (so far as is reasonably practicable and reasonably commercially viable) must be completed within 180 days of the Termination Date of the Trust provided that during the period of 180 days from that Termination Date:

(a) the Manager must not direct the Trustee to sell the Purchased Receivables at less than an amount equal to the Repurchase Price of the Purchased Receivables;

(b) the Manager must not direct the Trustee to sell any Purchased Receivables unless the sale is on terms described below; and

(c) the Manager must not direct the Trustee to sell any Purchased Receivables unless it has first offered the Purchased Receivables for sale to the Seller ("**Purchaser**") as described below and the Purchaser has either not accepted that offer within 90 days of that Termination Date or has accepted that offer but not paid the consideration due by the time described below.

The Trustee must not conclude a sale, except as described above, unless:

(a) any Purchased Receivables sold pursuant to that sale are assigned in equity only (unless the Trustee already holds legal title to such Purchased Receivables);

(b) the sale is expressly subject to the Servicer's rights to be retained as Servicer of the Purchased Receivables in accordance with the terms of the Issue Supplement; and

(c) the sale is expressly subject to the rights of the Seller Trust in respect of those Purchased Receivables.

Right of refusal

On the Termination Date of the Trust, the Trustee is deemed to irrevocably offer to sell to the Purchaser, its entire right, title and interest in the Purchased Receivables in return for the payment to the Trustee of an amount equal to the Repurchase Price (as at the Termination Date of the Trust) of the Purchased Receivables.

The Purchaser may verbally accept the offer referred to above within 90 days after the Termination Date of the Trust and having accepted the offer, must pay to the Trustee, in immediately available funds, the amount referred to above by the expiration of 180 days after the Termination Date of the Trust. If the Purchaser accepts such offer, the Trustee must execute whatever documents the Purchaser reasonably requires to complete the sale of the Trustee's rights, title and interest in the Purchased Receivables.

The Trustee must not sell any Purchased Receivables referred to above unless the Purchaser has failed to accept the offer referred to above within 90 days after the Termination Date of the Trust or, having accepted the offer, has failed to pay the amount referred to above by the expiration of 180 days after the Termination Date of the Trust.

7.3 Entitlement of holders of the Residual Units and holder of the Participation Unit

The beneficial interest in the assets of the Trust is vested in the Residual Unitholder and the Participation Unitholder in accordance with the terms of the Master Trust Deed and the issue supplement for the Series.

Entitlement to payments

The Residual Unitholder and the Participation Unitholder have the right to receive distributions only to the extent that funds are available for distribution to them in accordance with the Issue Supplement. Subject to this, the Residual Unitholder and the Participation Unitholder have no right to receive distributions other than a right to receive on the termination of the Trust the amount of the initial investment it made in respect of the Trust and any other surplus Series Assets on its termination in accordance with the terms of the Master Trust Deed.

Transfer

The Residual Units and the Participation Units may be transferred in accordance with the Master Trust Deed. The Residual Units and the Participation Unit may only be transferred if the Trustee agrees.

Ranking

The rights, claims and interest of the Participation Unitholder and the Residual Unitholder at all times rank after, and are subject to, the interests of the Secured Creditors of the Series.

Restricted rights

Under the Master Trust Deed, the Participation Unitholder and the Residual Unitholder are not entitled to:

(a) exercise a right or power in respect of, lodge a caveat of other notice affecting, or otherwise claim any interest in, any Series Assets;

(b) require the Trustee or any other person to transfer a Series Asset to it;

(c) interfere with any powers of the Trust Administrator, the Manager or the Trustee under the Transaction Document;

(d) take any step to remove the Trust Administrator, the Manager or the Trustee;

(e) take any step to end the Trust; or

(f) interfere in any way with any other trust established under the Master Trust Deed.

7.4 The Trustee

The Trustee has been appointed as trustee of the Trust. The Trustee will issue Notes in its capacity as trustee of the Trust and in respect of the Series.

Powers of the Trustee

The Trustee has all the powers in respect of the Trust that it is legally possible for a natural person or corporation to have and as though it were the absolute owner of the Series Assets and acting in its personal capacity. For example, the Trustee has power to borrow (whether or not on security) and to incur all types of obligations and liabilities.

Delegation by the Trustee

(a) Subject to paragraphs (b) and (c), the Trustee may employ agents and attorneys and may delegate any of its rights or obligations as trustee without notifying any person of the delegation.

(b) The Trustee is not responsible or liable to any Unitholder or Secured Creditor for any act or omission of any delegate appointed by the Trustee if:

(i) the Trustee appoints the delegate in good faith and using reasonable care, and the delegate is not an officer or employee of the Trustee;

(ii) the delegate is a clearing system;

(iii) the Trustee is obliged to appoint the delegate pursuant to an express provision of a Transaction Document or pursuant to an instruction given to the Trustee in accordance with a Transaction Document; or

(iv) the Trust Administrator consents to the delegation in accordance with paragraph (c).

(c) The Trustee agrees that it will not:

(i) delegate a material part of its rights or obligations under the Master Trust Deed; or

(ii) appoint any Related Entity of it as its delegate,

unless it has received the prior written consent of the Trust Administrator.

Trustee's undertakings

The Trustee undertakes that it will (among other things), in respect of the Series:

(a) comply with its obligations under the Transaction Documents of the Series;

(b) carry on the Series Business at the direction of the Manager and as contemplated by the Transaction Documents of the Series;

(c) not to do anything which is not part of the Series Business, without the Security Trustee's consent;

(d) obtain, review on time and comply with the terms of each authorisation necessary for it to enter into the Transaction Documents and comply with its obligations under them;

(e) comply with all laws and requirements of authorities affecting it and the Series Business;

(f) at the direction of the Manager, take action that a prudent, diligent and reasonable person would take to ensure that each counterparty complies with its obligations in connection with the Transaction Documents of the Series;

(g) notify the Security Trustee if it becomes aware that any counterparty has not complied with any of its obligations in connection with a Transaction Document of the Series, unless the Manager has already notified the Security Trustee;

(h) not do anything to create any Encumbrances (other than the applicable Security Interest) over the Collateral;

(i) not commingle the Collateral of the Series with any of its other assets or the assets of any other person (other than as permitted under the Transaction Documents of the Series); and

(j) not amend the Transaction Documents of the Series without the Security Trustee's consent.

Trustee fees and expenses

In consideration for performing its functions under the Transaction Documents, the Trustee is entitled to a fee (as agreed between the Manager and the Trustee from time to time).

All expenses incurred by the Trustee in connection with the Series in accordance with the Transaction Documents or in exercising their powers under the Transaction Documents are payable or reimbursable out of the Series Assets.

Trustee's voluntary retirement

The Trustee may retire as trustee of the Trust by giving the Trust Administrator at least 90 days' notice of its intention to do so. The retirement of the Trustee takes effect when:

(a) a successor trustee is appointed for the Trust;

(b) the successor trustee obtains title to, or obtains the benefit of, each Transaction Document of the Trust to which the Trustee is a party as trustee of the Trust; and

(c) the successor trustee and each other party to the Transaction Documents to which the Trustee is a party as trustee of the Trust have the same rights and obligations among themselves as they would have had if the successor trustee had been party to them at the dates of those documents.

Mandatory retirement

The Trustee must retire as trustee of the Trust if:

(a) the Trustee becomes Insolvent;

(b) required by law;

(c) the Trustee ceases to carry on business as a professional trustee; or

(d) the Trustee merges or consolidates with another entity and unless that entity assumes the obligations of the Trustee under the Transaction Documents of that Trust and each Designated Rating Agency has been notified of the proposed retirement.

In addition, the Trust Administrator must request the Trustee to, and the Trustee must (if so requested), retire as trustee of the Trust if the Trustee does not comply with a material obligation under the Transaction Documents and, if the non-compliance can be remedied, the Trustee does not remedy the non-compliance within 30 days of being requested to do so by the Trust Administrator.

7.5 Indemnity and limitation of liability

The Trustee is indemnified out of the Series Assets against any liability or loss arising from, and any costs properly incurred in connection with, complying with its obligations or exercising its rights under the Transaction Documents.

To the extent permitted by law, this indemnity applies despite any reduction in value of, or other loss in connection with, the Series Assets as a result of any unrelated act or omission by the Trustee or any person acting on its behalf.

The indemnity does not extend to any liabilities, losses or costs to the extent that they are due to the Trustee's fraud, negligence or wilful default.

Legal Costs

The costs referred to above include all legal costs in accordance with any written agreement as to legal costs or, if no agreement, on whichever is the higher of a full indemnity basis or solicitor and own client basis.

These legal costs include any legal costs which the Trustee incurs in connection with proceedings brought against it alleging fraud, negligence or wilful default on its part in relation to the Series. However, the Trustee must repay any amount paid to it in respect of those legal costs under the above paragraph if and to the extent that a court determines that the Trustee was fraudulent, negligent or in wilful misconduct in relation to the Series or the Trustee admits it.

Limitation of Trustee's liability

The Trustee enters into the Transaction Documents only in its capacity as trustee of the Trust and in no other capacity. Notwithstanding any other provisions of the Transaction Documents, a liability arising under or in connection with the Transaction Documents is limited to and can be enforced against the Trustee only to the extent to which it can be satisfied out of the Series Assets out of which the Trustee is actually indemnified for the liability. This limitation of the Trustee's liability applies despite any other provision of any Transaction Document and extends to all liabilities and obligation of the Trustee in any way connected with any representation, warranty, conduct, omission, agreement or transaction related to any Transaction Document.

The parties (other than the Trustee) may not sue the Trustee in any capacity other than as trustee of the Trust, including seek the appointment of a receiver (except in relation to the Series Assets), a liquidator, an administrator or any similar person to the Trustee or prove in any liquidation, administration or arrangement of or affecting the Trustee (except in relation to the Series Assets).

The Trustee's limitation of liability shall not apply to any obligation or liability of the Trustee to the extent that it is not satisfied because under the Master Trust Deed or by operation of law there is a reduction in the extent of the Trustee's indemnification out Series Assets as a result of the Trustee's fraud, negligence or wilful default in relation to the Series or the Trust.

The Relevant Parties are responsible under the Master Trust Deed and the other Transaction Documents for performing a variety of obligations relating to the Trust. No act or omission of

the Trustee (including any related failure to satisfy its obligations or breach of representation or warranty under the Master Trust Deed or any other Transaction Document) will be considered fraud, negligence or wilful default of the Trustee to the extent to which the act or omission was caused or contributed to by any failure by any Relevant Party or any other person to fulfil its obligations relating to the Trust or by any other act or omission of any Relevant Party or any other person.

No attorney, agent, receiver or receiver and manager appointed in accordance with the Master Trust Deed or any other Transaction Document has authority to act on behalf of the Trustee in a way which exposes the Trustee to any personal liability and no act or omission of any such person will be considered fraud, negligence or wilful default of the Trustee for the purpose of this Part 7.5.

The Trustee is not obliged to do or refrain from doing anything under the Master Trust Deed or any other Transaction Document (including incur any liability) unless the Trustee's liability is limited in the same manner as set out in this Part 7.5.

A reference to "wilful default" in relation to the Trustee means any wilful failure to comply with or wilful breach by the Trustee of any of its obligations under the Master Trust Deed, other than a failure or breach which:

(a) is in accordance with a lawful court order or direction or otherwise required by law;

(b) is in accordance with a proper instruction or direction given by the Manager or from any other person permitted to give such instruction or direction under the Transaction Document; or

(c) arose as a result of a breach by a person (other than the Trustee) of any of its obligations under the Transaction Documents of a Series and performance of the action (or non performance of which gave rise to such breach) is a precondition to the Trustee performing its obligations under the Master Trust Deed.

Liability must be limited and must be indemnified

The Trustee is not obliged to do or not do any thing in connection with the Transaction Documents (including enter into any transaction or incur any liability) unless:

(a) the Trustee's liability is limited in a manner which is consistent with this Part 7.5; and

(b) it is indemnified against any liability or loss arising from, and any costs properly incurred in connection with, doing or not doing that thing in a manner which is consistent with this Part 7.5.

Exoneration

Neither the Trustee nor any of its directors, officers, employees, agents or attorneys will be taken to be fraudulent, negligent or in wilful default in certain circumstances including (but not limited to) because:

(a) any person other than the Trustee does not comply with its obligations under the Transaction Documents;

(b) of the financial condition of any person other than the Trustee;

(c) any statement, representation or warranty of any person other than the Trustee in a Transaction Document is incorrect or misleading;

(d) of any omission from or statement or information contained in any information memorandum or any advertisement, circular or other document issued in connection with any Notes;

(e) of the lack of effectiveness, genuineness, validity, enforceability, admissibility in evidence or sufficiency of the Transaction Documents or any document signed or delivered in connection with the Transaction Documents;

(f) of acting, or not acting, in accordance with instructions of:

(i) the Manager (for the avoidance of doubt, the Trustee will be able to rely on a direction from the Manager even if it has received notice of delegation by the Manager of any of its rights or obligations);

(ii) any other person permitted to give instructions or directions to the Trustee under the Transaction Documents (or instructions or directions that the Trustee believes to be genuine and to have been given by an appropriate officer of any such person); or

(iii) any person to whom the Manager has delegated any of its rights or obligations in its capacity as manager, as notified by the Manager to the Trustee (for the avoidance of doubt, the Trustee is not required to investigate the scope of any such delegation or whether the delegate giving the instructions is entitled to give such instruction to the Trustee under the terms of its delegation);

(g) of acting, or not acting, in good faith in reliance on:

(i) any communication or document that the Trustee believes to be genuine and correct and to have been signed or sent by the appropriate person;

(ii) any opinion or advice of any legal, accounting, taxation or other professional advisers used by it or any other party to a Transaction Document in relation to any legal, accounting, taxation or other matters;

(iii) the contents of any statements, representation or warranties made or given by any party other than itself pursuant to the Master Trust Deed, or direction from the Manager provided in accordance with the Transaction Documents or from any other person permitted to give such instructions or directions under the Transaction Documents; or

(iv) any calculations made by the Manager under any Transaction Document (including without limitation any calculation in connection with the Collections);

(h) it is prevented or hindered from doing something by law or order;

(i) of any payment made by it in good faith to a fiscal authority in connection with Taxes (including Taxes assessed on the income of the Trust) or other charges in respect of a Trust even if the payment need not have been made;

(j) of any error of law or any matter done or omitted to be done by it in good faith in the event of the liquidation or dissolution of a company;

(k) of the exercise or non-exercise of a discretion on the part of the Manager or any other party to the Transaction Documents; or

(l) of a failure by the Trustee to check any calculation, information, document, form or list supplied or purported to be supplied to it by the Manager under this deed, under any Transaction Document, or any other person.

No supervision

Except as expressly set out in the Transaction Documents, the Trustee has no obligation to supervise, monitor or investigate the performance of the Trust Administrator, the Manager or any other person.

7.6 The Trust Administrator

Appointment of the Trust Administrator

Under the Trust Administration Deed, the Trustee appoints the Trust Administrator as the exclusive trust administrator of the Trust to perform the services described in the Trust Administration Deed on behalf of the Trustee.

Obligations of the Trust Administrator

Under the Trust Administration Deed, the Trust Administrator (amongst other things) carries on certain of the day to day administration, supervision and management of the Trust in accordance with the Transaction Documents.

The Trust Administration Deed contains various provisions relating to the Trust Administrator's exercise of its powers and duties under the Trust Administration Deed, including provisions entitling the Trust Administrator to act on expert advice.

Delegation by the Trust Administrator

The Trust Administrator may employ agents and attorneys and may delegate any of its rights or obligations in its capacity as manager and must notify the Trustee of the delegation. The Trust Administrator agrees to exercise reasonable care in selecting delegates and to supervise their actions, and is responsible for loss arising due to any acts or omissions of any person appointed as delegate and for the payment of any fees of that person.

Trust Administrator's voluntary retirement

The Trust Administrator may retire as manager of the Trust upon giving the Trustee 90 days' notice of its intention to do so. The Trust Administrator's retirement takes effect when a successor trust administrator is appointed for the Trust.

Trust Administrator's mandatory retirement

The Trust Administrator must retire as trust administrator of the Trust if the Trust Administrator becomes Insolvent or is required by law to retire. The Trust Administrator's retirement take effect when a successor trust administrator is appointed for the Trust. If the Trust Administrator becomes Insolvent, until the appointment of a successor trust administrator is complete, the Trustee must act as Trust Administrator.

Removal of the Trust Administrator

The Trustee may remove the Trust Administrator as trust administrator of the Trust by giving the Trust Administrator 90 days' notice if at the time it gives the notice:

(a) the Trust Administrator does not comply with an obligation under the Transaction Documents of any series of the Trust where such non-compliance has a Material Adverse Effect and, if the non-compliance is capable of remedy, it is not remedied within 30 days of the Trust Administrator becoming aware of such non-compliance; and

(b) each Designated Rating Agency has been notified by the Trust Administrator of the proposed removal.

Appointment of successor trust administrator

If the Trust Administrator retires or is removed as trust administrator of the Series, the retiring Trust Administrator agrees to use its best endeavours to appoint a person to replace the Trust Administrator as trust administrator as soon as possible. If a successor trust administrator is not appointed within 90 days after notice of retirement or removal is given, the Trustee may appoint a successor trust administrator for the Trust. Other than in the case of the retirement

or removal of the Trust Administrator due to the Trust Administrator being Insolvent, the appointment of a successor trust administrator will only take effect once the successor trust administrator has become bound by the Transaction Documents and each Designated Rating Agency has been notified of the proposed appointment of the successor trust administrator. In the case of the retirement or removal of the Trust Administrator due to the Trust Administrator being Insolvent, the Trustee must act as Trust Administrator in accordance with the Transaction Documents in respect of the Series until a successor trust administrator is appointed and will be entitled to the same rights under the Transaction Documents as it would have had if it had been party to them as Trust Administrator at the dates of those Transaction Documents (including, without limitation, the right to any fees payable to the Trust Administrator).

Fee

The Trust Administrator is entitled to be paid a fee by the Trustee for performing its duties under the Trust Administration Deed in respect of the Series (on terms agreed between the Trust Administrator, the Manager and the Trustee).

7.7 The Manager

Appointment of the Manager

Under the Management Deed, the Trustee appoints the Manager as its exclusive manager of the Series Business of the Series to perform the services described in the Management Deed on behalf of the Trustee.

Manager's duties

Under the Management Deed, the Manager must (among other things) direct the Trustee in relation to how to carry on the Series Business, including:

(a) the Trustee entering into any document in connection with the Series (including the Transaction Documents) and the form of these documents;

(b) the Trustee issuing the Notes;

(c) the Trustee originating, acquiring, disposing of, or otherwise dealing with any Series Assets;

(d) the Trustee acquiring, disposing of or otherwise dealing with Authorised Investments; and

(e) the Trustee exercising its rights or complying with its obligations under the Transaction Documents.

The Management Deed contains various provisions relating to the Manager's exercise of its powers and duties under the Management Deed, including provisions entitling the Manager to act on expert advice.

Delegation by the Manager

The Manager may employ agents and attorneys and may delegate any of its rights or obligations in its capacity as manager. The Manager agrees to give notice to the Trustee of any such delegation. The Manager must exercise reasonable care in selecting delegates and to supervise their actions, and is responsible for loss arising due to any acts or omissions of any person appointed as delegate and for the payment of any fees of that person.

Manager's fees and expenses

The Manager is entitled to be paid a fee by the Trustee for performing its duties under the Management Deed in respect of the Series (on terms agreed between the Manager and the Trustee).

Manager's voluntary retirement

The Manager may retire from the management of the Series upon giving the Trustee at least 90 days' notice of its intention to do so. The Manager's retirement takes effect when a successor manager is appointed for the Series.

Mandatory Retirement

The Manager must retire as manager of the Series if the Manager becomes Insolvent or is required by law to retire. The Manager's retirement takes effect when a successor manager is appointed for the Series. If the Manager becomes Insolvent or is removed due to a failure by the Manager to instruct the Trustee to make payments in accordance with the Cashflow Allocation Methodology, until the appointment of a successor manager is complete, the Trustee must act as Manager.

Removal of the Manager

The Trustee may remove the Manager as manager of the Series Business of the Series by giving the Manager 90 days' notice if at the time it gives the notice:

(a) the Manager does not comply with an obligation under the Transaction Documents where such non-compliance has a Material Adverse Effect and, if the non-compliance is capable of remedy, it is not remedied within 30 days of the Manager becoming aware of such non-compliance; and

(b) each Designated Rating Agency has been notified by the Manager of the proposed removal.

Appointment of successor manager

If the Manager retires or is removed as manager of the Series, the retiring Manager agrees to use its best endeavours to appoint a person to replace the Manager as manager as soon as possible. If a successor manager is not appointed within 90 days after notice of retirement or removal is given, the Trustee may appoint a successor manager for the Series. Other than in the case of the retirement or removal of the Manager due to the Manager being Insolvent or due to a failure by the Manager to instruct the Trustee to make payments in accordance with Cashflow Allocation Methodology, the appointment of a successor manager will only take effect once the successor manager has become bound by the Transaction Documents and each Designated Rating Agency has been notified of the proposed appointment of the successor manager. In the case of the retirement or removal of the Manager due to the Manager being Insolvent, the Trustee must act as Manager in accordance with the Transaction Documents in respect of the Series until a successor manager is appointed and will be entitled to the same rights under the Transaction Documents as it would have had if it had been party to them as Manager at the dates of those Transaction Documents (including, without limitation, the right to any fees payable to the Manager).

7.8 The Servicer

Appointment of Servicer

The Servicer and the Trustee have entered into the Servicing Deed under which the Servicer agrees to service the Purchased Receivables in accordance with the requirements of that document and the relevant Guidelines.

Duties of Servicer

The Servicing Deed requires the Servicer to (among other things):

(a) service the Series Assets in accordance with the Guidelines;

(b) collect all Collections in respect of the Series Assets;

(c) to remit such Collections into the Collection Account within the period of time specified in the Issue Supplement;

(d) to protect or enforce the terms of the Purchased Receivables;

(e) to make claims on behalf of the Trustee to the extent it is able to make a claim under any Mortgage Insurance Policy;

(f) prepare and give to the Manager performance statistics and reports in respect of the Series Assets; and

(g) comply with its obligations under the Transaction Documents.

Threshold Rate

The Manager shall on each Determination Date after the date on which the Basis Swap is terminated and is not replaced in accordance with the terms of the Transaction Documents:

(a) calculate the Threshold Rate on that day;

(b) notify the Trustee and the Servicer of that Threshold Rate; and

(c) direct the Servicer to set the weighted average (rounded up to 4 decimal places) of the variable interest rates payable under each applicable Purchased Receivable to at least equal to the Threshold Rate.

Guidelines

The Servicer and the Manager may amend the Guidelines from time to time. However, the Manager and the Servicer agree not to amend the Guidelines in a manner which would materially change the rights or obligations of the Trustee, without the prior approval of the Trustee or in a manner which would breach the National Credit Code (if applicable).

Delegation

The Servicer may employ agents and attorneys and may delegate in relation to some or all of its obligations in respect of the Series with notice to the Trustee and the Security Trustee of the delegation. The Servicer agrees to exercise reasonable care in selecting delegates and to supervise their actions. The Servicer is responsible for and remains liable for any loss arising due to any acts or omissions of any person appointed and for the payment of any fees of that person. The Servicer remains responsible for its obligations under the Transaction Documents notwithstanding any delegation by it.

Mandatory Retirement of the Servicer

The Servicer must retire as servicer of the Series if:

(a) required by law; or

(b) a Servicer Default in respect of that Series occurs (unless otherwise waived by the Trustee).

It is a "**Servicer Default**" if:

(i) the Servicer does not pay any amount payable by it under any Transaction Document on time and in the manner required under the relevant Transaction Document unless, in the case of a failure to pay on time, the Servicer pays the amount within 10 Business Days of notice from either the Trustee or the Security Trustee, except where that amount is subject to a good faith dispute between the Servicer, the Trustee and the Manager;

(ii) the Servicer:

(A) does not comply with any other obligation under any Transaction Document and such non-compliance is likely to have a Material Adverse Effect; and

(B) if the non-compliance can be remedied, does not remedy the non-compliance within 30 Business Days of the Servicer receiving a notice from the Trustee or the Security Trustee requiring its remedy (or such longer period as may be agreed between the Servicer and the Trustee);

(iii) the Servicer becomes Insolvent;

(iv) any representation or warranty made by the Servicer in connection with the Transaction Documents is incorrect or misleading when made and such failure is likely to have a Material Adverse Effect, unless such failure is remedied to the satisfaction of the Trustee within 90 days of the Servicer receiving a notice from the Trustee requesting the Servicer to remedy the failure.

Voluntary Retirement of Servicer

The Servicer may retire as servicer of the Series by giving the Trustee at least 90 days' notice of its intention to do so (or such lesser time as the Servicer and the Trustee agree). The retirement or removal of the Servicer as servicer of a Series of a Trust will only take effect once a successor Servicer is appointed for the Series.

Trustee to act as Servicer

If the Servicer retires as servicer of the Series, the Servicer agrees to use its best endeavours to ensure a successor servicer is appointed for the Series as soon as possible. In the case of the retirement or removal of the Servicer due to the Servicer being Insolvent or due to a failure by the Servicer to pay any amount payable by it under any Transaction Document, the Trustee must act as Servicer in accordance with the Transaction Documents in respect of the Series until a successor servicer is appointed and will be entitled to the same rights under the Transaction Documents as it would have had if it had been party to them as Servicer at the dates of those Transaction Documents (including, without limitation, the right to any fees payable to the Servicer). In all other cases, if a successor servicer is not appointed within 90 days after notice of retirement is given the Trustee must (subject to agreeing a fee with the Manager) act as servicer of the Series and will be entitled to the same rights under the Transaction Documents of the Series that it would have had if it had been party to them as Servicer at the dates of those documents (including, without limitation, the right to any fees payable to the Servicer), until a successor servicer is appointed by the Trustee.

Servicer to provide full co-operation

If the Servicer retires as servicer in respect of the Series, it agrees to promptly deliver to the successor servicer all original documents in its possession relating to the Series and the Series Assets and any other documents and information in its possession relating to the Series and the Series Assets as are reasonably requested by the Trustee (where the Trustee is acting as Servicer) or the successor servicer.

Notification to Designated Rating Agency

The Manager agrees to notify each Designated Rating Agency if:

(a) the Servicer retires as servicer in respect of that Series; or

(b) it is proposed that a successor servicer be appointed.

Servicer's fees and expenses

The Servicer is entitled to be paid a fee by the Trustee for performing its duties under the Servicing Deed in respect of the Series (on terms agreed between the Trustee, the Manager and the Servicer). The Trustee agrees to pay or reimburse the Servicer for all reasonable costs incurred by the Servicer in connection with the enforcement and recovery of defaulted Series Assets, including costs relating to any court proceedings, arbitration or other dispute.

Indemnity

The Servicer indemnifies the Trustee from and against any loss arising from or incurred in connection with:

(a) a representation or warranty given by it under a Transaction Document being incorrect;

(b) a failure by the Servicer to perform any obligation under any Transaction Document to which it is a party; and

(c) any Servicer Default.

7.9 Security Trustee

Security Trust Deed

P.T. Limited is appointed as Security Trustee on the terms set out in the Security Trust Deed. The Security Trustee is a professional trustee company.

The Security Trust Deed contains provisions that regulate the performance by the Security Trustee of its duties and obligations and the protections afforded to the Security Trustee in doing so. In addition, it contains provisions which regulate the steps that are to be taken by the Security Trustee upon the occurrence of an Event of Default. In general, if an Event of Default occurs, the Security Trustee must notify the applicable Secured Creditors and convene a meeting of the Secured Creditors of the Series to obtain directions as to what actions the Security Trustee should take in respect of the Collateral. Any meeting of Secured Creditors will be held in accordance with the terms of the Security Trust Deed. Only the Voting Secured Creditors are entitled to vote at a meeting of Secured Creditors.

The Security Trustee will be under no obligation to act if it is not satisfied that it is adequately indemnified.

General Security Agreement

The Noteholders in respect of the Series have the benefit of a security interest over all the Series Assets under the General Security Agreement and the Security Trust Deed. The Security Trustee holds this security interest on behalf of the Secured Creditors (including the Noteholders) pursuant to the Security Trust Deed and may (or, if directed to do so by an Extraordinary Resolution of the Voting Secured Creditors, the Security Trustee must) enforce the security interest if an Event of Default is continuing.

Actions following Event of Default

If an Event of Default in respect of a Series is continuing, the Security Trustee must do any one or more of the following if it is instructed to do so by the Voting Secured Creditors of the Series:

(a) declare at any time by notice to the Trustee that an amount equal to the Secured Money of that Series is either:

(i) payable on demand; or

(ii) immediately due for payment;

(b) take any action which it is permitted to take under the General Security Agreement.

If, in the opinion of the Security Trustee, the delay required to obtain instructions from the Voting Secured Creditors of the Series would be materially prejudicial to the interests of those Voting Secured Creditors, the Security Trustee may (but is not obliged to) do these things without instructions from them.

Call meeting on the occurrence of an Event of Default

If the Security Trustee becomes aware that an Event of Default is continuing and the Security Trustee does not waive the Event of Default, the Security Trustee agrees to do the following as soon as possible and in any event within 5 Business Days of the Security Trustee becoming aware of the Event of Default:

(a) notify all Secured Creditors of:

(i) the Event of Default;

(ii) any steps which the Security Trustee has taken, or proposes to take, under the Security Trust Deed; and

(iii) any steps which the Trustee or the Manager has notified the Security Trustee that it has taken, or proposes to take, to remedy the Event of Default; and

(b) call a meeting of the Secured Creditors. However, if the Security Trustee calls a meeting and before the meeting is held the Event of Default ceases to continue, the Security Trustee may cancel the meeting by giving notice to each person who was given notice of the meeting.

Security Trustee not liable for loss on Enforcement

Neither the Security Trustee (in its personal capacity only and not as trustee of the Security Trust) nor any of its directors, officers, employees, agents or attorneys will be taken to be fraudulent, negligent or in wilful default because:

(a) any person other than the Security Trustee does not comply with its obligations under the Transaction Documents;

(b) of the financial condition of any person other than the Security Trustee;

(c) any statement, representation or warranty of any person other than the Security Trustee in a Transaction Document is incorrect or misleading;

(d) of any omission from or statement or information contained in any information memorandum or any advertisement, circular or other document issued in connection with any Notes;

(e) of the lack of effectiveness, genuineness, validity, enforceability, admissibility in evidence or sufficiency of the Transaction Documents (or any document signed or delivered in connection with the Transaction Documents);

(f) of acting, or not acting, in accordance with instructions of Secured Creditors;

(g) of acting, or not acting, in good faith in reliance on:

(i) any communication or document that the Security Trustee believes to be genuine and correct and to have been signed or sent by the appropriate person; or

(ii) any opinion or advice of any professional advisers used by it in relation to any legal, accounting, taxation or other matters;

(h) of any error in the Note Register; or

(i) of giving priority to a Secured Creditor or class of Secured Creditors in accordance with its duties to the Secured Creditors (see "Security Trustee's Undertakings" above).

Meetings of Voting Secured Creditors

The Security Trust Deed contains provisions for convening meetings of the Secured Creditors to, among other things, enable the Secured Creditors to direct or consent to the Security Trustee taking or not taking certain actions under the Security Trust Deed; for example to enable the Secured Creditors, following the occurrence of an Event of Default, to direct the Security Trustee to declare the Notes immediately due and payable and/or to enforce the General Security Agreement.

For the purposes of the Series, the Voting Secured Creditors will be the only Secured Creditors entitled to:

(a) vote in respect of an Extraordinary Resolution or Circulating Resolution (excluding any Extraordinary Resolution or Circulating Resolution which is also a Special Quorum Resolution) or Ordinary Resolution of the Series;

(b) otherwise direct or give instructions or approvals to the Security Trustee in accordance with the Transaction Documents.

However, if a Transaction Document expressly provides for the passing of an Extraordinary Resolution, Ordinary Resolution or Circulating Resolution by a class of Secured Creditors only (but not all Secured Creditors), then the Secured Creditors of that class will be entitled to vote in respect of that Extraordinary Resolution, Ordinary Resolution or Circulating Resolution.

If at any time there is a conflict between a duty the Security Trustee owes to a Secured Creditor, or a class of Secured Creditor, of the Series and a duty the Security Trustee owes to another Secured Creditor, or class of Secured Creditor, of the Series, the Security Trustee must give priority to the duties owing to the Voting Secured Creditors.

Special Quorum Resolutions

Under the Security Trust Deed, certain matters require the passing of a Special Quorum Resolution of Secured Creditors. These include (but are not limited to):

(a) the compromise of the rights of any Noteholders of that Series against the Trustee, whether those rights arise under the Transaction Documents or otherwise;

(b) the exchange or substitution of any Notes for, or the conversion of those Notes into, other debt or equity securities or other obligations, other than an exchange, substitution or conversion which is expressly provided for in the Transaction Documents;

(c) a variation of the date on which any payment is due on any Notes, other than a variation which is expressly provided for in the Transaction Documents;

(d) a variation of the amount of any payment in respect of the Notes or a variation to the method of calculating such an amount, in each case, other than a variation which is expressly provided for in the Transaction Documents; and

(e) a variation of the due currency of any payment in respect of the Notes.

Protection of Security Trustee

Notwithstanding any other provision of the Security Trust Deed or any other Transaction Document, the Security Trustee will have no liability under or in connection with the Security Trust Deed, a Security Trust, or any other Transaction Document relating to the Series (whether to the Secured Creditors, the Trustee, the Manager or any other person in relation to the Series) other than to the extent to which the liability is able to be satisfied in accordance with the Security Trust Deed out of the Collateral from which the Security Trustee is actually indemnified for the liability. This limitation will not apply to a liability of the Security Trustee to the extent that it is not satisfied because, under the Security Trust Deed or any other Transaction Document relating to the Series or by operation of law, there is a reduction in the extent of the Security Trustee's indemnification as a result of the Security Trustee's fraud, negligence or wilful default. Nothing in the Security Trust Deed or any similar provision in any other Transaction Document limits or adversely affects the powers of the Security Trustee, any Receiver or attorney in respect of the General Security Agreement or the Collateral in respect of the Series.

Collateral support

The proceeds of any collateral provided by under a Derivative Contract or under the Liquidity Facility Agreement will not be treated as Collateral available for distribution as described above. Any such collateral shall (subject to the operation of any netting provisions in the relevant Derivative Contract) be returned to the relevant Derivative Counterparty or the Liquidity Facility Provider (as applicable) except to the extent that the relevant Derivative Counterparty or the Liquidity Facility Provider (as applicable) requires it to be applied to satisfy any obligation owed to the Trustee by the relevant Derivative Counterparty or the Liquidity Facility Provider (as applicable).

7.10 The Fixed Rate Swap and the Basis Swap

Overview of Basis Swap Provider and Fixed Rate Swap Provider

National Australia Bank Limited is the initial Basis Swap Provider and Fixed Rate Swap Provider.

Interest Rate mismatch between Purchased Receivables and Notes

The Trustee may receive interest on the Purchased Receivables with two different types of interest rate. These are:

(a) a variable rate; or

(b) a fixed rate, where the Obligor has elected this (with the approval of the Servicer).

There is an interest rate mismatch between:

(a) the floating Interest Rate payable on the Notes on the one hand; and

(b) the rate of interest earned on the Purchased Receivables on the other hand.

In order to minimise the mismatch, on the Closing Date, the Trustee and the Manager will enter into the Fixed Rate Swap with the Fixed Rate Swap Provider and the Basis Swap with the Basis Swap Provider.

The Fixed Rate Swap will apply in respect of any Purchased Receivable which charges a fixed rate of interest as at the Closing Date or which converts from a variable rate to a fixed rate after the Closing Date.

The Basis Swap will apply in respect of any Purchased Receivables which charge a variable rate of interest as at the Closing Date or which converts from a fixed rate to a variable rate of interest after the Closing Date.

The Basis Swap and the Fixed Rate Swap will be governed by a standard form 2002 ISDA Master Agreement, as amended by a supplementary schedule and confirmed by written confirmations in relation to each swap.

Fixed Rate Swap

The parties to the Fixed Rate Swap are the Fixed Rate Swap Provider, the Trustee and the Manager.

On each Payment Date the Trustee will pay to the Fixed Rate Swap Provider an amount calculated by reference to a fixed rate and a notional amount (referable to the Outstanding Principal Balance of the Purchased Receivables which are subject to a fixed rate of interest).

In return the Fixed Rate Swap Provider will pay to the Trustee on each Payment Date an amount calculated by reference to the BBSW Rate (plus a margin, which may only be amended as agreed between the Manager and the Fixed Rate Swap Provider and provided a Rating Notification has been given) and a notional amount (referable to the Outstanding Principal Balance of the Purchased Receivables which are subject to a fixed rate of interest).

Basis Swap

The parties to the Basis Swap are the Basis Swap Provider, the Trustee and the Manager.

On each Payment Date the Trustee will pay to the Basis Swap Provider an amount calculated by reference to weighted average interest rate of the Purchased Receivables which are subject to a variable rate of interest and the Outstanding Principal Balance of such Purchased Receivables.

In return the Basis Swap Provider will pay to the Trustee on each Payment Date an amount calculated by reference to the BBSW Rate (plus a weighted margin spread) and the Outstanding Principal Balance of the Purchased Receivables which are subject to a floating rate of interest.

Early Termination

Each party to the Fixed Rate Swap or the Basis Swap may have the right to terminate the Fixed Rate Swap or the Basis Swap, respectively, in the following circumstances (among others):

(a) the other party fails to make a payment under the Fixed Rate Swap or the Basis Swap within 10 Business Days after notice of failure given to it;

(b) certain insolvency related events occur in relation to the other party;

(c) in respect of the Fixed Rate Swap Provider or the Basis Swap Provider, it merges with, or otherwise transfers all or substantially all of its assets to, another entity and the new entity does not assume all of that other party's obligations under the Fixed Rate Swap or the Basis Swap (as applicable);

(d) a force majeure event occurs; or

(e) due to a change in or a change in interpretation of law, it becomes illegal for the other party to make or receive payments, perform its obligations under any credit support document or comply with any other material provision of the Fixed Rate Swap or the Basis Swap (as applicable).

The Fixed Rate Swap Provider or the Basis Swap Provider will also have the right to terminate the Fixed Rate Swap or the Basis Swap if an Event of Default occurs under the Security Trust Deed and the Security Trustee has declared the Notes immediately due and payable, or if the Notes become due and payable before their specified maturity date other than as a result of an Event of Default.

The Trustee will also have the rights to terminate the Fixed Rate Swap if (among other things) the Fixed Rate Swap Provider fails to comply with or perform any agreement or its obligations referred to in paragraphs (a) to (d) (inclusive) under the heading "Downgrade" below within the timeframes specified in the Fixed Rate Swap.

Downgrade of Fixed Rate Swap Provider

If, as a result of the withdrawal or downgrade of the credit rating of the Fixed Rate Swap Provider by any Designated Rating Agency, the Fixed Rate Swap Provider does not have a short term credit rating or long term credit rating as designated in the Fixed Rate Swap, the Fixed Rate Swap Provider may be required to, at its cost, take certain action within certain timeframes specified in the Fixed Rate Swap.

This action may include in respect of the particular downgrade one or more of the following:

(a) lodging collateral as determined under the Fixed Rate Swap;

(b) entering into an agreement novating the Fixed Rate Swap to a replacement counterparty which holds the relevant ratings;

(c) procuring another person to unconditionally and irrevocably guarantee the obligations of the Fixed Rate Swap Provider under the Fixed Rate Swap; or

(d) entering into other arrangements as agreed with the relevant Designated Rating Agency or in respect of which the Manager issued a Rating Notification.

If the Fixed Rate Swap Provider lodges collateral with the Trustee, any interest or income on that cash collateral will be paid to Fixed Rate Swap Provider, provided that any such interest or income will only be payable to the extent that any payment will not reduce the balance of the collateral to less than the amount required to be maintained.

The Trustee may only dispose of any investment acquired with the collateral lodged in accordance with paragraph (a) above or make withdrawals of the collateral lodged in accordance with paragraph (a) above if directed to do so by the Manager for certain purposes prescribed in the Fixed Rate Swap.

The complete obligations of Fixed Rate Swap Provider following the downgrade of its credit rating are set out in the Fixed Rate Swap.

7.11 Liquidity Facility

General

The Liquidity Facility Provider grants to the Trustee a loan facility in Australian dollars in respect of the Series in an amount equal to the Liquidity Limit.

The Liquidity Facility is only available to be drawn to meet any Liquidity Shortfall in relation to the Series.

Liquidity Advances

If, on any Determination Date during the availability period of the Liquidity Facility, the Manager determines that there is a Liquidity Shortfall on that Determination Date, the Manager must direct the Trustee to request a drawing to be made under the Liquidity Facility on the Payment Date immediately following that Determination Date in accordance with the Liquidity Facility Agreement and equal to the lesser of:

(a) the Liquidity Shortfall on that Determination Date; and

(b) the Available Liquidity Amount on that Determination Date.

Interest

The Trustee agrees to pay to the Liquidity Facility Provider interest on the daily balance of each Liquidity Drawing from and including its drawdown date until the Liquidity Drawing is repaid in full. On each Payment Date, the Trustee will pay to the Liquidity Facility Provider accrued interest on each Liquidity Drawing.

Interest is to be calculated for each Liquidity Interest Period. Interest accrues from day to day and is to be calculated on actual days elapsed and a 365 day year. The rate of interest paid to the Liquidity Facility Provider in respect of a Liquidity Interest Period is the sum of the Liquidity BBSW Rate (or such other alternative benchmark rate applicable at that time in accordance with the fallback regime in the Liquidity Facility Agreement, as outlined below) determined on the Liquidity Interest Determination Date in the relevant Liquidity Interest Period (rounded to 4 decimal places) and a margin ("**Liquidity Interest Rate**"). If the Liquidity Interest Rate for any Liquidity Interest Period would be less than zero, it will be taken to be zero.

The Liquidity Facility Agreement incorporates a fallback regime in the event of a temporary disruption or permanent discontinuation of BBSW (or other applicable benchmark rate) that is similar to the fallback regime which applies in relation to the BBSW Rate (and other Applicable Benchmark Rates) for the Notes.

"**Liquidity BBSW Rate**" means for a Liquidity Interest Determination Date, subject to clause 6.6 ("Temporary Disruption Fallback") and clause 6.7 ("Permanent Discontinuation Fallback") of the Liquidity Facility Agreement, the per annum rate expressed as a decimal which is the level of BBSW for a period of one month provided by the "Administrator" (as defined in the Liquidity Facility Agreement) and published as of the "Publication Time" (as defined in the Liquidity Facility Agreement) on that Liquidity Interest Determination Date provided that if the first Liquidity Interest Period is longer than one month, the BBSW Rate for the first Liquidity Interest Period will be the rate determined using straight line interpolation by reference to two rates where:

(a) the first rate must be determined on the Liquidity Interest Determination Date of that Liquidity Interest Period as being the per annum rate expressed as a decimal which is the level of BBSW for a period of one month provided by the Administrator and published as of the Publication Time on that Liquidity Interest Determination Date; and

(b) the second rate must be determined on the Liquidity Interest Determination Date of that Liquidity Interest Period as being the per annum rate expressed as a decimal which is the level of BBSW for a period of two months provided by the Administrator and published as of the Publication Time on that Liquidity Interest Determination Date.

The rate calculated by the Manager will be rounded up, if necessary, to four decimal places (the number 5 being rounded upwards).

A "**Liquidity Interest Determination Date**" means, in respect of a Liquidity Interest Period:

(a) where the Liquidity BBSW Rate applies or the "Final Fallback Rate" (as defined in the Liquidity Facility Agreement) applies under paragraph (a)(iii) of the definition of

"Permanent Discontinuation Fallback" (as defined in the Liquidity Facility Agreement), the first day of that Liquidity Interest Period; and

(b) otherwise, the fifth Business Day prior to the last day of that Liquidity Interest Period,

subject in each case to adjustment in accordance with the Business Day Convention.

A "**Liquidity Interest Period**" in respect of a Liquidity Drawing commences on (and includes) its drawdown date of that Liquidity Drawing and ends on (but excludes) the next Payment Date. Each subsequent Liquidity Interest Period will commence on (and include) a Payment Date and end on (but exclude) the next Payment Date.

Downgrade of Liquidity Facility Provider

If the Liquidity Facility Provider ceases to have in respect of:

(a) Moody's, so long as there are any Moody's rated Notes outstanding, a short term counterparty risk assessment of P-1(cr) or, if a short term counterparty risk assessment is not available for that financial institution, a short term credit rating equal to or higher than P-1; and

(b) so long as there are any Fitch rated Notes outstanding, a short term credit rating equal to or higher than F1 or a long term rating of equal to or higher than A,

or such other ratings by a Designated Rating Agency as may be notified in writing by the Manager to the Trustee, provided that Rating Notification has been provided in respect of such other ratings, the Liquidity Facility Provider must within 14 calendar days or such longer period as may be agreed by the Manager (provided that Rating Notification has been given in respect of that longer period) of such downgrade do one of the following (as determined by the Liquidity Facility Provider in its discretion):

(a) procure a replacement liquidity facility provider;

(b) request the Manager to make a request for an advance of an amount equal to the Available Liquidity Amount ("**Collateral Advance**"); or

(c) take such other steps as the Manager may identify provided that a Rating Notification has been provided in respect of such steps.

Notwithstanding that the Liquidity Facility Provider has elected to satisfy its obligations upon a downgrade in a particular manner, it may subsequently and from time to time vary the manner in which it satisfies its obligations upon a downgrade, provided that one of paragraphs (c), (d) or (e) above is satisfied at all relevant times.

If, after a Collateral Advance has been posted by the Liquidity Facility Provider, the Manager determines that a Liquidity Shortfall has occurred, the amount of such Liquidity Shortfall must be satisfied from the amount of that Collateral Advance deposited in the Liquidity Collateral Account. On the termination of the Liquidity Facility, or if the Liquidity Facility Provider obtains the ratings referred to above (or higher ratings than such ratings), the un-utilised portion of the Collateral Advance (together with all accrued, but unpaid, interest on that amount) must be repaid to the Liquidity Facility Provider.

On each Payment Date the Trustee, at the discretion of the Manager, will pay the Liquidity Facility Provider any interest that has been earned on the Liquidity Collateral Account or any other account held by the Trustee in respect of the Collateral Advance.

The Collateral Advance will not form part of the Series Assets, except to the extent it is available to the Trustee under the terms of the Liquidity Facility Agreement, and will not form part of the Total Available Income (except to the extent applied as described in paragraph above) or

Principal Collections for distribution on a Payment Date or be available to Secured Creditors upon enforcement of the General Security Agreement.

The "**Liquidity Collateral Account**" is a segregated account opened at the direction of the Manager in the name of the Trustee with an Eligible Bank to which the proceeds of any Collateral Advance are to be deposited.

Commitment Fee

The Trustee will pay to the Liquidity Facility Provider a commitment fee on the then Available Liquidity Limit.

The fee will be:

(a) calculated and accrue daily from the first day of the Availability Period on the basis of a 365 day year; and

(b) paid monthly in arrears on each Payment Date in accordance with the Issue Supplement.

The commitment fee payable under the Liquidity Facility Agreement may be varied from time to time by the Manager and the Liquidity Facility Provider (and notified to the Trustee) provided that a Rating Notification has been provided in respect of that variation.

Liquidity Event of Default

A "**Liquidity Event of Default**" occurs if:

(a) the Trustee fails to pay:

(i) subject to paragraph (ii) below, any amount owing under the Liquidity Facility Agreement where funds are available for that purpose under the Issue Supplement; or

(ii) any amount due in respect of interest,

in the manner contemplated by the Liquidity Facility Agreement, in each case within 10 Business Days of the due date for payment of such amount;

(b) the Trustee alters or the Manager instructs it to alter the priority of payments in the Issue Supplement without the consent of the Liquidity Facility Provider or breaches any of its undertakings under the Transaction Documents which affect its ability to perform its obligations thereunder and that breach will materially and adversely affect the amount of any payment to be made to the Liquidity Facility Provider (other than any payment to the Liquidity Facility Provider under Part 6.11(p)(i)("Income Distributions")), or will materially and adversely affect the timing of such payment;

(c) an Event of Default occurs and the Security Trustee (acting on the instructions of the Secured Creditors) appoints a Receiver to the Series Assets or is directed to sell or otherwise realise the Series Assets in accordance with the Security Trust Deed and the General Security Agreement; or

(d) the Trustee becomes Insolvent and the Trustee is not replaced in accordance with the Master Trust Deed within 60 days of it becoming Insolvent.

Termination and Extension of Liquidity Facility

The Liquidity Facility will terminate on the Liquidity Facility Termination Date.

On or before the Liquidity Facility Termination Date, the Trustee must repay:

(a) the Liquidity Principal Outstanding;

(b) interest accrued thereon; and

(c) all other money due but unpaid under the Liquidity Facility Agreement,

in each case to the extent that amounts are available for that purpose in accordance with the Security Trust Deed, the General Security Agreement and the Issue Supplement.

If all amounts due as described above are not paid or repaid in full on the Payment Date immediately following the Liquidity Facility Termination Date, the Trustee will repay so much of such amounts on succeeding Payment Dates as is available for that purpose in accordance with the Security Trust Deed, the General Security Agreement and the Issue Supplement until all such amounts are paid or repaid in full.

7.12 Redraw Facility

General

The Redraw Facility Provider grants to the Trustee a loan facility in Australian dollars in respect of the Series in an amount equal to the Redraw Limit.

The Redraw Facility is only available to be drawn to reimburse the Seller where the Seller provides a Redraw in respect of a Purchased Receivable from its own funds and the Seller is not immediately reimbursed in respect of that Redraw as described in Part 6.2 ("Distributions during a Collection Period"). In such circumstances and subject to satisfaction of conditions precedent, the Redraw Facility will be deemed to have been drawn in an amount equal to the lesser of the amount of the Redraw and the Available Redraw Amount.

Interest

The Trustee agrees to pay to the Redraw Facility Provider interest on the daily balance of each Redraw Drawing from and including its drawdown date until the Redraw Drawing is repaid in full. On each Payment Date, the Trustee will pay to the Redraw Facility Provider accrued interest on each Redraw Drawing.

Interest is to be calculated for each Redraw Interest Period. Interest accrues from day to day and is to be calculated on actual days elapsed and a 365 day year. The rate of interest paid to the Redraw Facility Provider in respect of a Redraw Interest Period is the sum of the Redraw BBSW Rate (or such other alternative benchmark rate applicable at that time in accordance with the fallback regime in the Redraw Facility Agreement, as outlined below) determined on the Redraw Interest Determination Date on the first day of that Redraw Interest Period (rounded to 4 decimal places) and a margin ("**Redraw Interest Rate**"). If the Redraw Interest Rate for any Redraw Interest Period would be less than zero, it will be taken to be zero.

The Redraw Facility Agreement incorporates a fallback regime in the event of a temporary disruption or permanent discontinuation of BBSW (or other applicable benchmark rate) that is similar to the fallback regime which applies in relation to the BBSW Rate (and other Applicable Benchmark Rates) for the Notes.

"Redraw BBSW Rate" means for a Redraw Interest Determination Date, subject to clause 6.6 ("Temporary Disruption Fallback") and clause 6.7 ("Permanent Discontinuation Fallback") of the Redraw Facility Agreement, the per annum rate expressed as a decimal which is the level of BBSW for a period of one month provided by the "Administrator" (as defined in the Redraw Facility Agreement) and published as of the "Publication Time" (as defined in the Redraw Facility Agreement) on that Redraw Interest Determination Date provided that if the first Redraw Interest Period is longer than one month, the BBSW Rate for the first Redraw Interest Period will be the rate determined using straight line interpolation by reference to two rates where:

(a) The first rate must be determined on the Redraw Interest Determination Date of that Redraw Interest Period as being the per annum rate expressed as a decimal which is the level of BBSW for a period of one month provided by the Administrator and published as of the Publication Time on that Redraw Interest Determination Date; and

(b) The second rate must be determined on the Redraw Interest Determination Date of that Redraw Interest Period as being the per annum rate expressed as a decimal which is the level of BBSW for a period of two months provided by the Administrator and published as of the Publication Time on that Redraw Interest Determination Date.

The rate calculated by the Manager will be rounded up, if necessary, to four decimal places (the number 5 being rounded upwards).

A "**Redraw Interest Determination Date**" means, in respect of a Redraw Interest Period:

(a) where the Redraw BBSW Rate applies or the "Final Fallback Rate" (as defined in the Redraw Facility Agreement) applies under paragraph (a)(iii) of the definition of "Permanent Discontinuation Fallback" (as defined in the Redraw Facility Agreement), the first day of that Redraw Interest Period; and

(b) otherwise, the fifth Business Day prior to the last day of that Redraw Interest Period,

subject in each case to adjustment in accordance with the Business Day Convention.

A "**Redraw Interest Period**" in respect of a Redraw Drawing commences on (and includes) its drawdown date of that Redraw Drawing and ends on (but excludes) the next Payment Date. Each subsequent Redraw Interest Period will commence on (and include) a Payment Date and end on (but exclude) the next Payment Date.

Commitment Fee

The Trustee will pay to the Redraw Facility Provider on each Payment Date a commitment fee on the then Available Redraw Limit.

The fee will be:

(a) calculated and accrue daily from the first day of the Availability Period on the basis of a 365 day year; and

(b) paid monthly in arrears on each Payment Date in accordance with the Issue Supplement.

The commitment fee payable under the Redraw Facility Agreement may be varied from time to time by the Manager and the Redraw Facility Provider (and notified to the Trustee) provided that a Rating Notification has been provided in respect of that variation.

Redraw Event of Default

A "**Redraw Event of Default**" occurs if:

(a) the Trustee fails to pay:

(i) subject to paragraph (ii) below, any amount owing under the Redraw Facility Agreement where funds are available for that purpose under the Issue Supplement; or

(ii) any amount due in respect of interest,

in the manner contemplated by the Redraw Facility Agreement, in each case within 10 Business Days of the due date for payment of such amount;

(b) the Trustee alters or the Manager instructs it to alter the priority of payments in the Issue Supplement without the consent of the Redraw Facility Provider or breaches any of its undertakings under the Transaction Documents which affect its ability to perform its obligations thereunder and that breach will materially and adversely affect the amount of any payment to be made to the Redraw Facility Provider (other than any payment to the Redraw Facility Provider under Part 6.11(p)(iii) ("Income Distributions")), or will materially and adversely affect the timing of such payment;

(c) an Event of Default occurs in respect of the Series and the Security Trustee (acting on the instructions of the Secured Creditors) appoints a Receiver to the Series Assets or is directed to sell or otherwise realise the Series Assets in accordance with the Security Trust Deed and the General Security Agreement; or

(d) the Trustee becomes Insolvent and the Trustee is not replaced in accordance with the Master Trust Deed within 60 days of it becoming Insolvent.

Termination and Extension of Redraw Facility

The Redraw Facility will terminate on the Redraw Facility Termination Date.

On or before the Redraw Facility Termination Date, the Trustee must repay:

(a) the Redraw Principal Outstanding;

(b) interest accrued thereon; and

(c) all other money due but unpaid under the Redraw Facility Agreement,

in each case to the extent that amounts are available for that purpose in accordance with the Security Trust Deed, the General Security Agreement and the Issue Supplement.

If all amounts due as described above are not paid or repaid in full on the Payment Date immediately following the Redraw Facility Termination Date, the Trustee will repay so much of such amounts on succeeding Payment Dates as is available for that purpose in accordance with the Security Trust Deed, the General Security Agreement and the Issue Supplement until all such amounts are paid or repaid in full.

7.13 Mortgage Insurance

As described in Part 4 ("Origination and Servicing of the Receivables"), the Receivables were originated by NAB (either through its Proprietary Channel or its Third Party Channel).

Generally, Receivables with a Loan to Value Ratio of more than 80% are insured with a 100% primary Mortgage Insurance Policy. See Part 4 ("Origination and Servicing of the Receivables") for a more detailed overview of the circumstances in which a Mortgage Insurance Policy is generally obtained in respect of a Receivable. In very limited circumstances where the Loan to Value Ratio is greater than 80%, NAB may not obtain a Mortgage Insurance Policy on a Receivable.

Each of the Mortgage Insurance Policies insures the Trustee against risk of default covering:

(a) the whole of the loan amount due under the Receivable;

(b) any reasonable expenses incurred in enforcing the Receivable and any Related Security; and

(c) any unpaid interest calculated at the interest rate applicable if interest is paid on the due date.

The Trustee is the insured party under each mortgage insurance policy in respect of each Receivable.

Receivables will be insured under Mortgage Insurance Policies that have been issued by one of the following insurers (each a "**Mortgage Insurer**"):

(a) Helia Insurance Pty Limited; or

(b) QBE Lenders' Mortgage Insurance Limited ("**QBE**").

Mortgage Insurance Policies may not provide cover, or may provide a reduced amount of cover, for losses arising as a result of, among other things:

(a) the Receivable becoming invalid or unenforceable, or losing its priority;

(b) any guarantee or indemnity in relation to a Receivable becoming invalid or unenforceable;

(c) any material misstatement, omission, or misrepresentation in connection with obtaining the policies; or

(d) any material breach of the terms and conditions of the policies.

The Servicer has undertaken, with respect to a Mortgage Insurance Policy, to:

(a) make claims on behalf of the Trustee to the extent it is able to make a claim under the Mortgage Insurance Policy;

(b) not do anything which could reasonably be expected to adversely affect or limit the rights of the Trustee under or in respect of the Mortgage Insurance Policy; and

(c) comply with all requirements and conditions of the Mortgage Insurance Policy.

8 Part 8 – General Information

8.1 Australian Taxation

*The following is a summary of the material Australian tax consequences under the Income Tax Assessment Acts of 1936 and 1997 of Australia (together, the "**Australian Tax Act**") and the Taxation Administration Act 1953 of Australia, at the date of this Information Memorandum, of payments of interest (as defined in the Australian Tax Act) on Offered Notes to be issued by the Trustee under this Information Memorandum and certain other matters. The summary is not exhaustive and, in particular, does not deal with the position of certain classes of holders of Offered Notes (including, without limitation, dealers in securities, custodians or other third parties who hold Offered Notes on behalf of other persons). In addition, unless expressly stated, the summary does not consider the Australian tax consequences for persons who hold interests in the Offered Notes through the Austraclear system or another clearing system.*

Noteholders should also be aware that particular terms of issue of any supplement to this Information Memorandum may affect the tax treatment of the Offered Notes. Information regarding taxes in respect of the Offered Notes may also be set out in that supplement.

This summary is not intended to be, nor should it be construed as, legal or tax advice to any particular Noteholder. It is a general guide only and should be treated with appropriate caution. Prospective Noteholders should consult their professional advisers on the tax implications of an investment in the Offered Notes for their particular circumstances.

This Summary applies to Noteholders that are:

- *residents of Australia for tax purposes that do not hold their Offered Notes, and do not derive any payments under the Offered Notes, in carrying on a business at or through a permanent establishment outside of Australia, and non-residents of Australia for tax purposes that hold their Offered Notes, and derive all payments under the Offered Notes, in carrying on a business at or through a permanent establishment in Australia ("**Australian Holders**"); and*

- *non-residents of Australia for tax purposes that do not hold their Offered Notes, and do not derive any payments under the Offered Notes, in carrying on a business at or through a permanent establishment in Australia, and residents of Australia for tax purposes that hold their Offered Notes, and derive all payments under the Offered Notes, in carrying on a business at or through a permanent establishment outside of Australia ("**Non-Australian Holders**").*

Interest Withholding Tax

The Australian Tax Act characterises securities as either "debt interests" (for all entities) or "equity interests" (for companies), including for the purposes of Australian interest withholding tax imposed under Division 11A of Part III of the Australian Tax Act ("**IWT**"). For IWT purposes, "interest" is defined to include amounts in the nature of, or in substitution for, interest and certain other amounts.

Unless an exemption applies, IWT at a rate of 10% may be imposed on payments of interest by the Trustee, where the Offered Notes are issued to and the interest is paid to:

(a) Australian residents who hold the Offered Notes in the course of carrying on business at or through a permanent establishment outside Australia; or

(b) non-residents of Australia who do not hold the Offered Notes in the course of carrying on business at or through a permanent establishment in Australia.

Exemption under section 128F of the Australian Tax Act

An exemption from IWT is available, in respect of the Offered Notes issued by the Trustee under section 128F of the Australian Tax Act, if the following conditions are met:

(a) the Trustee is a company as defined in section 128F(9) (which includes certain companies acting as a trustee) and a resident of Australia when it issues those Offered Notes and when interest (as defined in section 128A(1AB) of the Australian Tax Act) is paid. Interest is defined to include amounts in the nature of, or in substitution for, interest and certain other amounts;

(b) those Offered Notes are debentures that are not equity interests, and are issued in a manner which satisfies the public offer test outlined in section 128F of the Australian Tax Act. There are five principal methods of satisfying the public offer test, the purpose of which is to ensure that lenders in capital markets are aware that the Trustee is offering those Offered Notes for issue. In summary, the five methods are:

    (i) offers to 10 or more unrelated persons carrying on a business of providing finance, or investing or dealing in securities, in the course of operating in financial markets;

    (ii) offers to 100 or more investors of a certain type;

    (iii) offers of listed Offered Notes;

    (iv) offers via publicly available information sources; and

    (v) offers to a dealer, manager or underwriter who offers to sell those Offered Notes within 30 days by one of the preceding methods;

(c) the Trustee does not know, or have reasonable grounds to suspect, at the time of issue, that those Offered Notes or interests in those Offered Notes were being, or would later be, acquired, directly or indirectly, by an "associate" (as defined in section 128F(9) of the Australian Tax Act) of the Trustee, except as permitted by section 128F(5) of the Australian Tax Act (see below); and

(d) at the time of the payment of interest, the Trustee does not know, or have reasonable grounds to suspect, that the payee is an "associate" (as defined in section 128F(9) of the Australian Tax Act) of the Trustee, except as permitted by section 128F(6) of the Australian Tax Act (see below).

Associates

Since the Trustee is a trustee of the Trust, the entities that are associates of the Trustee for the purposes of section 128F of the Australian Tax Act include:

(a) any entity that benefits, or is capable of benefiting, under the Trust ("**Beneficiary**"), either directly or through any interposed entities; and

(b) any entity that is an associate of a Beneficiary. If the Beneficiary is a company, an associate of that Beneficiary for these purposes includes:

    (i) a person or entity which holds more than 50% of the voting shares in, or otherwise controls, the Beneficiary;

    (ii) an entity in which more than 50% of the voting shares are held by, or which is otherwise controlled by, the Beneficiary;

    (iii) a trustee of a trust where the Beneficiary benefits or is capable of benefiting (whether directly or indirectly) under that trust; and

(iv) a person or entity which is an "associate" of another person or company which is an "associate" of the Beneficiary under (i) above.

However, the following are permitted associates for the purposes of the tests in section 128F(5) and 128F(6):

(a) Australian Holders; or

(b) Non-Australian Holders acting in the capacity of:

(i) in the case of section 128F(5), a dealer, manager or underwriter in relation to the placement of the relevant Offered Notes or a clearing house, custodian, funds manager or responsible entity of an Australian registered scheme; or

(ii) in the case of section 128F(6), a clearing house, paying agent, custodian, funds manager or responsible entity of an Australian registered scheme.

Compliance with section 128F of the Australian Tax Act

Unless otherwise specified in any relevant Series Supplement (or another relevant supplement to this Information Memorandum), the Trustee intends to issue the Offered Notes in a manner which will satisfy the requirements of section 128F of the Australian Tax Act.

Noteholders in Specified Countries

The Australian Government has signed double tax conventions with a number of countries (the "**Specified Countries**"), which contain certain exemptions from IWT ("**Specified Treaties**"). The Specified Treaties apply to interest derived by a resident of a Specified Country.

In broad terms, the Specified Treaties prevent IWT applying to interest derived by:

(a) the government of the relevant Specified Country and certain governmental authorities and agencies in the Specified Country; or

(b) a "financial institution" resident in a Specified Country which is unrelated to and dealing wholly independently with the Trustee. The term "financial institution" refers to either a bank or any other enterprise which substantially derives its profits by carrying on a business of raising and providing finance. However, interest paid under a back to back loan or an economically equivalent arrangement will not qualify for the exemption.

The Australian Federal Treasury currently maintains a listing of Australia's double tax conventions which is available to the public at the Federal Treasury Department's website.

No payment of additional amounts

Despite the fact that the Offered Notes are intended to be issued in a manner which will satisfy the requirements of section 128F of the Australian Tax Act, if the Trustee is at any time required by law to deduct or withhold an amount in respect of any IWT imposed or levied by the Commonwealth of Australia in respect of the Offered Notes, the Trustee is not obliged to pay any additional amounts to the Noteholders in respect of such deduction or withholding.

Goods and Services Tax

Neither the issue nor receipt of the Offered Notes will give rise to a liability for GST in Australia on the basis that the supply of Offered Notes will comprise either an input taxed financial supply or (in the case of an offshore non-resident subscriber who is not in the "indirect tax zone") a GST-free supply. Furthermore, neither the payment of principal or interest by the Trust, nor the disposal of the Offered Notes, would give rise to any GST.

The supply of some services made to the Trust may give rise to a liability for GST on the part of the relevant service provider.

In relation to the acquisition of services by the Trust:

(a) In the ordinary course of business, the service provider would charge the Trust an additional amount on account of GST unless the agreed fee is already GST-inclusive (any supplies to the Trust by a member of the NAB GST Group (on which the Trust is a member), generally speaking, not be subject to GST).

(b) Assuming that NAB GST Group exceeds the financial acquisitions threshold for the purposes of Division 189 of the GST Act, the representative member of the NAB GST Group would not be entitled to a full input tax credit from the ATO to the extent that the acquisition relates to:

(i) the Trust's input taxed supply of issuing Offered Notes (ie Offered Notes issued to (A) Australian residents or (B) to non-residents acting through a fixed place of business in Australia); and

(ii) the acquisition by the Trust of the Receivables.

In the case of acquisitions which relate to the making of supplies of the nature described above, the representative member of the NAB GST Group may still be entitled to a "reduced input tax credit" in relation to certain acquisitions prescribed in the GST regulations, but only where the Trust is the recipient of the taxable supply and the Trust either provides or is liable to provide the consideration for the taxable supply. The amount of the reduced input tax credit will generally be 75% of the GST payable by the service provider on the taxable supplies made to the Trust. However, where the acquisitions made by the Trust are for certain services and the Trust is a "recognised trust scheme", the reduced input tax credit available to the representative member of the NAB GST Group will be 55% of the GST payable by the service provider. As the Trust will be a member of the NAB GST Group with effect from the date that the Trust is established, the members of the NAB GST Group are to be treated under the GST Act as a single entity for the purposes of determining whether an acquisition is solely or partly for a creditable purpose and also the amount of input tax credits to which the representative member of the NAB GST Group is entitled. Since the members of the NAB GST Group are regarded as a single entity, that single entity would not be a "recognised trust scheme". As such, the representative member of the NAB GST Group should be entitled to reduced input tax credits of 75% (rather than 55%) of the GST payable by a relevant service provider on taxable supplies made to the Trust.

(c) To the extent that the Trust makes acquisitions that attract GST, and those services relate to the Trust's GST-free supply of the Offered Notes to non-residents who are not in the "indirect tax zone", the representative member of the NAB GST Group will be entitled to full input tax credits.

(d) Where services are provided to the Trust by an entity comprising an associate of the Trust for income tax purposes, those services are provided for nil or less than market value consideration, and the Trust would not be entitled to a full input tax credit, the relevant GST (and any input tax credit) would be calculated by reference to the market value of those services (however this does not apply to services supplied by a member of the NAB GST Group to the Trust).

In the case of supplies acquired for the purposes of the Trust's business but which are not connected with Australia, these may attract a liability for Australian GST if they are supplies of a kind which would have been taxable if they were connected with Australia and if the Trust would not have been entitled to a full input tax credit. This is known as the "reverse charge" rule. Where the rule applies, the liability to pay GST to the ATO falls not on the supplier, but on the representative member of the NAB GST Group.

Where services not connected with Australia and the supplies relate solely to the issue of Offered Notes by the Trust to non-residents of Australia who subscribe for the Offered Notes through a fixed place of business outside Australia, the "reverse charge" rule should not apply to these offshore supplies. This is because the Trust would have been entitled to a full input tax credit for the acquisition of these supplies if the supplies had been connected with Australia.

Where GST is payable on a taxable supply made to the Trust but a full input tax credit is not available, this will mean that less money is available to pay interest on the Offered Notes or other liabilities of the Trust.

Other Tax Matters

Under Australian laws as presently in effect:

(a) *income tax – Non-Australian Holders that are non-residents of Australia for tax purposes* – assuming the requirements of section 128F of the Australian Tax Act are satisfied with respect to the Offered Notes, payments of principal and interest (as defined in section 128A(1AB) of the Australian Tax Act) to a Non-Australian Holder that is a non-resident of Australia for tax purposes will not be subject to Australian income taxes; and

(b) *income tax – Australian Holders* – Australian Holders will be assessable for Australian tax purposes on income either received or accrued to them in respect of the Offered Notes. Whether income will be recognised on a cash receipts or accruals basis will depend upon the tax status of the particular Noteholder and the terms and conditions of the Offered Notes. Special rules apply to the taxation of Australian residents who hold the Offered Notes in the course of carrying on business at or through a permanent establishment outside Australia which vary depending on the country in which that permanent establishment is located; and

(c) *gains on disposal of Offered Notes – Non-Australian Holders that are non-residents of Australia for tax purposes* – a Noteholder who is Non-Australian Holder that is a non-resident of Australia for tax purposes will not be subject to Australian income tax on gains realised during that year on the sale of the Offered Notes, provided such gains do not have an Australian source or, where the Noteholder is located in a country with which Australia has concluded a double tax convention, those Offered Notes are not held, and the sale and disposal of the Offered Notes does not occur, as part of a business carried on at or through a permanent establishment in Australia. A gain arising on the sale of Offered Notes by a Non-Australian Holder that is a non-resident of Australia for tax purposes to another non-resident of Australia where the Offered Notes are sold outside Australia and all negotiations are conducted, and documentation executed, outside Australia should not be regarded as having an Australian source; and

(d) *gains on disposal of Offered Notes – Australian Holders* – Australian Holders will be required to include any gain or loss on disposal of the Offered Notes in their taxable income; and

(e) *deemed interest* - there are specific rules that can apply to treat a portion of the purchase price of Offered Notes as interest for withholding tax purposes when certain Offered Notes originally issued at a discount or with a maturity premium or which do not pay interest at least annually are sold to an Australian Holder.

These rules do not apply in circumstances where the deemed interest would have been exempt under section 128F of the Australian Tax Act; and

(f) *death duties* - no Offered Notes will be subject to death, estate or succession duties imposed by Australia, or by any political subdivision or authority therein having power to tax, if held at the time of death; and

(g) *stamp duty and other taxes* - no ad valorem stamp, issue, registration or similar taxes are payable in Australia on the issue or transfer of any Offered Notes; and

(h) *TFN/ABN withholding* - withholding tax is imposed (see below in relation to the rate of withholding tax) on the payment of interest on certain registered securities unless the relevant payee has quoted an Australian tax file number ("**TFN**"), (in certain circumstances) an Australian Business Number ("**ABN**") or provided proof of some other exception (as appropriate).

Assuming the requirements of section 128F of the Australian Tax Act are satisfied with respect to the Offered Notes, then such withholding should not apply to payments to a Non-Australian Holder of Offered Notes who is a non-resident of Australia for tax purposes.

The rate of withholding tax is currently 47%;

(i) *supply withholding tax* - payments in respect of the Offered Notes can be made free and clear of any "supply withholding tax"; and

(j) *additional withholdings from certain payments to non-resident* - the Governor-General may make regulations requiring withholding from certain payments made to non-residents of Australia (other than payments of interest and other amounts which are already subject to the current IWT rules or specifically exempt from those rules). Further, regulations may only be made if the responsible Minister is satisfied the specified payments are of a kind that could reasonably relate to assessable income of foreign residents. The regulations promulgated prior to the date of this Information Memorandum are not relevant to any payments in respect of the Offered Notes. The possible application of any future regulations to the proceeds of any sale of the Offered Notes will need to be monitored; and

(k) *garnishee directions* – the Commissioner of Taxation may give a direction requiring the Trustee to deduct or withhold from any payment to any other party (including any Noteholder) any amount in respect of tax payable by that other party. If the Trustee is served with such a direction, the Trustee intends to comply with that direction and make any deduction or withholding required by that direction.

Proposed reform of taxation of trusts

The former Australian Government proposed to amend the rules relating to the taxation of trusts in Division 6 of Part III of the Australian Tax Act. No draft legislation has been released to date.

Australia has introduced a new regime for certain eligible managed investment trusts ("MITs"), with the changes applying from 1 July 2016. Under the new regime, a trustee of an attribution MIT ("AMIT") is potentially liable to tax on an AMIT shortfall (section 276-400). In addition, a trustee of a MIT can be liable for tax where the trust earns non-arm's length income (section 275-605). However, on the basis of the character of the unitholders of the Trust, it is not expected that the Trust would qualify as an AMIT.

8.2 Subscription and Sale

Subscription

Pursuant to the Dealer Agreement, each Dealer has agreed with the Trustee and the Manager the basis upon which it may from time to time agree to subscribe for or procure subscriptions for the Offered Notes.

Australia

No prospectus or other disclosure document (as defined in the Corporations Act) in relation to the Offered Notes has been lodged with ASIC. Each Dealer has represented, warranted and agreed that it:

(a) has not made or invited, and will not make or invite, directly or indirectly, an offer of the Offered Notes (or an interest in them) for issue or sale in Australia (including an offer or invitation which is received by a person in Australia); and

(b) has not distributed or published, and will not distribute or publish, any draft, preliminary or definitive Preliminary Memorandum or any other offering material, advertisement or other document relating to any Offered Notes (or an interest in them) in Australia,

unless:

(c) either (x) the aggregate consideration payable by each offeree is at least A$500,000 (or its equivalent in an alternate currency, and, in either case, disregarding moneys lent by the offeror or its associates), (y) the offer is to a professional investor for the purposes of section 708 of the Corporations Act, or (z) the offer or invitation otherwise does not require disclosure to investors in accordance with Part 6D.2 or Part 7.9 of the Corporations Act;

(d) the offer or invitation does not constitute an offer, to a "retail client" as defined for the purposes of section 761G of the Corporations Act;

(e) such action complies with applicable laws, regulations and directives in Australia (including, without limitation the financial services licensing requirements of the Corporations Act); and

(f) such action does not require any document to be lodged with ASIC.

European Economic Area

Prohibition of sales to EEA Retail Investors

In relation to each Member State of the European Economic Area, each Dealer has represented, warranted and agreed that it has not made and will not make an offer of Offered Notes to the public in that Member State except that it may make an offer of any such Offered Notes to the public in that Member State:

(a) at any time to any legal entity which is a qualified investor as defined in the Prospectus Regulation;

(b) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the Prospectus Regulation), subject to obtaining the prior consent of the Dealer; or

(c) in any other circumstances falling within Article 1(4) of the Prospectus Regulation,

provided that no such offer of Offered Notes referred to in (a) to (c) above shall require the Manager, the Trustee for any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Regulation or to supplement a prospectus pursuant to Article 23 of the Prospectus Regulation.

For the purposes of this provision, the expression an "**offer of Offered Notes to the public**" in relation to any Offered Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Offered Notes to be offered so as to enable an investor to decide to purchase or subscribe to the Offered Notes.

Each Dealer has represented and agreed that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Offered Notes which are the subject of the offering contemplated by this Information Memorandum in relation thereto to any EEA Retail Investor in the European Economic Area. For the purposes of this provision:

(a) the expression "EEA Retail Investor" means a person who is one (or more) of the following:

(i) a retail client as defined in point (11) of Article 4(1) of **MiFID II**; or

(ii) a customer within the meaning of Directive (EU) 2016/97 (as amended), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or

(iii) not a qualified investor as defined in Regulation (EU) 2017/1129, (as amended, the "**Prospectus Regulation**"); and

(b) the expression “offer" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Offered Notes to be offered so as to enable an investor to decide to purchase or subscribe for the Offered Notes.

Consequently no key information document required by Regulation (EU) No 1286/2014 (the "**PRIIPs Regulation**") for offering or selling the Offered Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Offered Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPS Regulation.

EEA MiFID II product governance / professional investors and ECPs only target market

In relation to each person that is, or is deemed to be, a MiFID firm manufacturer (within the meaning of MiFID II) for the purposes of MiFID II, the target market assessment in respect of the Offered Notes by each manufacturer solely for the purposes of each manufacturer’s product approval process, has led to the conclusion that:

(a) the target market for the Offered Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and

(b) all channels for distribution of the Offered Notes to eligible counterparties and professional clients are appropriate.

Any person subsequently offering, selling or recommending the Offered Notes (for the purposes of this section, a “**Distributor**”) should take into consideration the manufacturer’s target market assessment; however, a Distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Offered Notes (by either adopting or refining the distributor(s)’ target market assessment) and determining appropriate distribution channels.

The United Kingdom

Prohibition of sales to UK Retail Investors

Each Dealer has represented, warranted and agreed that, in relation to the Offered Notes, it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Offered Notes to any UK Retail Investor in the United Kingdom. For the purposes of this provision:

(a) the expression "UK Retail Investor" means a person who is one (or more) of the following:

(i) a retail client as defined in point (8) of Article 2 of Commission Delegated Regulation (EU) 2017/565 as it forms part of UK domestic law by virtue of the European Union (Withdrawal) Act 2018 (as amended) ("**EUWA**");

(ii) a customer within the meaning of the provisions of the Financial Services and Markets Act 2000 of the United Kingdom (as amended) ("**FSMA**") and any rules or regulations made under the FSMA (such rules and regulations as amended) to implement Directive (EU) 2016/97 (as amended), where that customer would not qualify as a professional client, as defined in point (8) of Article 2(1) of Regulation (EU) No 600/2014 as it forms part of UK domestic law by virtue of the EUWA and as amended; or

(iii) not a qualified investor as defined in Article 2 of Regulation (EU) 2017/1129 (as amended) as it forms part of the domestic law by virtue of the EUWA ("**UK Prospectus Regulation**"); and

(b) the expression "offer" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Offered Notes to be offered so as to enable an investor to decide to purchase or subscribe for any Offered Notes.

In relation to the United Kingdom, each Dealer has represented and agreed that it has not made and will not make an offer of any Offered Notes which are the subject of the offering contemplated by the Information Memorandum to the public in the United Kingdom except that it may make an offer of such Offered Notes to the public in the United Kingdom:

(a) at any time to any legal entity which is a qualified investor as defined in the UK Prospectus Regulation;

(b) at any time to fewer than 150 natural or legal persons (other than qualified investors as defined in the UK Prospectus Regulation) in the United Kingdom, subject to obtaining the prior consent of each Dealer nominated by the Trustee for any such offer; or

(c) at any time in any other circumstances falling within section 86 of the FSMA,

provided that no such offer of the Offered Notes referred to in (a) to (c) above shall require the Manager, the Trustee or any Dealer to publish a prospectus pursuant to section 85 of the FSMA or supplement a prospectus pursuant to Article 23 of the UK Prospectus Regulation.

For the purposes of this provision, the expression an "**offer of the Offered Notes to the public**" in relation to any of the Offered Notes in the United Kingdom means the communication in any form and by any means of sufficient information on the terms of the offer and the Offered Notes to be offered so as to enable an investor to decide to purchase or subscribe for any Offered Notes.

Other regulatory restrictions

Each Dealer has represented and agreed that:

(a) it has complied and will comply with all applicable provisions of the FMSA with respect to anything done by it in relation to any Offered Notes in, from or otherwise involving the United Kingdom; and

(b) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of FSMA) received by it in connection with the issue or sale of any Offered Notes in circumstances in which section 21(1) of FSMA does not apply to the Manager or the Trustee or would not, if the Manager or the Trustee (as applicable) was not an authorised person, apply to the Manager or the Trustee (as applicable).

UK MiFIR product governance / professional investors and ECPs only target market

In relation to each person that is, or is deemed to be, a UK MiFIR firm manufacturer (within the meaning of UK MiFIR) for the purposes of UK MiFIR, the target market assessment in respect of the Notes by each manufacturer solely for the purposes of each manufacturer's product approval process has led to the conclusion that:

(a) the target market for the Notes is only eligible counterparties, as defined in the Financial Conduct Authority ("**FCA**") Handbook Conduct of Business Sourcebook, and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the EUWA; and

(b) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate.

Any person subsequently offering, selling or recommending the Notes (for the purposes of this section, a "**Distributor**") should take into consideration the manufacturer's target market assessment, however, a Distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

The United States of America

The Offered Notes have not been and will not be registered under the United States Securities Act of 1933 as amended, ("**Securities Act**") and unless so registered may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in (a) Regulation S under the Securities Act ("**Regulation S**") and (b) the U.S. Risk Retention Rules) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act, the U.S. Risk Retention Rules and applicable state securities laws. Accordingly, the Offered Notes are being offered and sold only to persons (other than United States persons) outside the United States pursuant to Regulation S and the Securities Act.

The Offered Notes will not be offered and sold (i) as part of their distribution at any time, or (ii) otherwise until 40 days after the later of the commencement of the offering and the Closing Date, within the United States or to, or for the account or benefit of, U.S. persons, except in accordance with Rule 903 of Regulation S.

Each Dealer:

(a) has acknowledged that the Offered Notes have not been and will not be registered under the Securities Act and the Trustee has not been and will not be registered as an investment company under the United States Investment Company Act of 1940, as amended ("**Investment Company Act**"). An interest in Offered Notes may not be offered, sold, delivered or transferred within the United States of America, its territories or possessions or to, or for the account or benefit of, a U.S. person (as defined in Regulation S) at any time except in accordance with Regulation S or pursuant to an exemption from the registration requirements of the Securities Act;

(b) has represented, warranted and agreed that it has not offered and sold the Offered Notes, and will not offer and sell the Offered Notes within the United States, except in accordance with Rule 903 of Regulation S, (i) as part of their distribution at any time, or (ii) otherwise until 40 days after the later of the commencement of the offering and the Closing Date.

Accordingly, neither it, its affiliates nor any persons acting on its or their behalf have engaged or will engage in any directed selling efforts with respect to the Offered Notes, it and they have complied and will comply with the offering restriction requirements of Regulation S;

(c) has represented, warranted and agreed that at or prior to confirmation of the sale of the Offered Notes, it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration that purchases Offered Notes from it during the distribution compliance period a confirmation or notice to substantially the following effect:

"The Securities covered hereby have not been registered under the US Securities Act 1933, as amended (the "**Securities Act**"), or with any securities regulation authority of any state or other jurisdiction of the United States of America and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (i) as part of their distribution at any time or (ii) otherwise until forty days after the later of the commencement of the offering and the Closing Date, except in either case in accordance with Regulation S under the Securities Act. Terms used above have the meanings given to them by Regulation S under the Securities Act."

Terms used in paragraphs (a), (b) and (c) have the meanings given to them by Regulation S.

(d) has represented, warranted and agreed that it has not entered and will not enter into any contractual arrangement with respect to the distribution or delivery of the Offered Notes in contravention of this paragraph and paragraphs (a), (b) and (c) above, except with its affiliates or with the prior written consent of the Trustee and the Manager;

(e) has represented, warranted and agreed that with respect to Offered Notes issued in accordance with US Treas. Reg. § 1.163-5(c)(2)(i)(D) (or substantially identical successor provisions) ("**D Rules**"):

(i) except to the extent permitted under the D Rules:

(A) it has not offered or sold, and until 40 days after the later of the commencement of the offering and the Closing Date (the "**restricted period**") will not offer or sell, the Offered Notes to a person who is within the United States or its possessions or to a United States person; and

(B) it has not delivered and will not deliver within the United States or its possessions definitive Offered Notes that are sold during the restricted period;

(ii) it has, and throughout the restricted period will have, in effect procedures reasonably designed to ensure that its employees or agents who directly engage in selling Offered Notes are aware that such Offered Notes may not be offered or sold during the restricted period to a person who is within the United States or its possessions or to a United States person, except as permitted by the D Rules;

(iii) if it is a United States person, it is acquiring the Offered Notes for purposes of resale in connection with their original issue and if it retains Offered Notes for its own account, it will only do so in accordance with the requirements of US Treas. Reg. § 1.163-5(c)(2)(i)(D)(6); and

(iv) with respect to each affiliate that acquires from it Offered Notes in bearer form for the purpose of offering or selling such Offered Notes during the restricted period, such Dealer either:

(A) repeats and confirms the representations and agreements contained in sub-paragraphs (i), (ii) and (iii) above on behalf of such affiliate; or

(B) agrees that it will obtain from such affiliate for the Trustee's benefit the representations and agreements contained in sub-paragraphs (i), (ii) and (iii) above.

Terms used in this paragraph (e) have the meanings given to them by the Code and regulations thereunder, including the D Rules; and

(f) has represented, warranted and agreed that the Notes sold on the Closing Date may not be purchased by, or for the account or benefit of, investors that are "U.S. persons" as defined in Regulation RR (17 C.F.R Part 246) implementing the risk retention requirements of section 15G of the U.S. Securities Exchange Act of 1934, as amended (the "**U.S. Risk Retention Rules**") (such persons, "**Risk Retention U.S. Persons**").

Hong Kong

Each Dealer has represented, warranted and agreed that:

(a) it has not offered or sold and will not offer or sell in the Hong Kong Special Administrative Region of the People's Republic of China ("**Hong Kong**"), by means of any document, any Offered Notes other than:

(i) to "professional investors" within the meaning of the Securities and Futures Ordinance (Cap. 571 of the Laws of Hong Kong) as amended ("**SFO**") and any rules made under the SFO; or

(ii) in other circumstances which do not result in the document being a "prospectus" within the meaning of the Companies (Winding Up and Miscellaneous Provisions) Ordinance (Cap.32 of the Laws of Hong Kong) as amended ("**CWMO**") or which do not constitute an offer to the public within the meaning of the CWMO; and

(b) unless permitted to do so under the laws of Hong Kong, it has not issued or had in its possession for the purposes of issue, and will not issue or have in its possession for the purposes of issue (in each case, whether in Hong Kong or elsewhere), any advertisement, invitation, offering material or document relating to the Offered Notes, which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the securities laws of Hong Kong) other than with respect to Offered Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" within the meaning of the SFO and any rules made under the SFO.

Singapore

Each Dealer has acknowledged that this Information Memorandum has not been, and will not be, registered as a prospectus with the Monetary Authority of Singapore. Accordingly, each Dealer has represented and agreed that it will not offer, sell, deliver or transfer the Offered Notes nor make the Offered Notes the subject of an invitation for subscription or purchase, nor will this Information Memorandum or any relevant supplement, advertisement or other offering material in connection with the offer or sale, delivery or transfer, or an invitation for subscription or purchase, of the Offered Notes be circulated or distributed, whether directly or indirectly, to any person in Singapore other than:

(a) to an institutional investor (as defined in Section 4A of the Securities and Futures Act 2001 of Singapore as modified or amended from time to time (the "**SFA**") pursuant to Section 274 of the SFA; or

(b) to an accredited investor (as defined in Section 4A of the SFA) pursuant to, and in accordance with the conditions specified in Section 275 of the SFA.

Japan

The Offered Notes have not been and will not be registered under the Financial Instruments and Exchange Act of Japan (Law No. 25 of 1948, as amended) ("**Financial Instruments and Exchange Act**") and, accordingly, each Dealer has represented, warranted and agreed that it has not, directly or indirectly, offered or sold and will not, directly or indirectly, offer or sell any Offered Notes in Japan or to, or for the account or benefit of, any Japanese Person, or to others for re-offering or resale, directly or indirectly, in Japan or to, or for the account or benefit of, any Japanese Person, except pursuant to an exemption from the registration requirements of and otherwise in compliance with, the Financial Instruments and Exchange Act and any other applicable laws, regulations and ministerial guidelines of Japan.

For the purposes of this paragraph, "**Japanese Person**" means a "resident" of Japan as defined in Item 5, Paragraph 1, Article 6 of the Foreign Exchange and Foreign Trade Act (Act No. 228 of 1949, as amended). Any branch or office in Japan of a non-resident will be deemed to be a resident for the purpose whether such branch or office has the power to represent such non-resident.

People's Republic of China

Each Dealer has represented, warranted and agreed, that the Offered Notes are not being sold or offered and may not be sold or offered in the People's Republic of China (excluding the Hong Kong Special Administrative Region of the People's Republic of China, the Macao Special Administrative Region of the People's Republic of China and Taiwan), except as permitted by the securities laws of the People's Republic of China.

New Zealand

Each Dealer has acknowledged that the Offered Notes should not be offered for sale or subscription to any retail investor or otherwise under any regulated offer in terms of the Financial Markets Conduct Act 2013 of New Zealand ("**FMC Act**"). Accordingly, no product disclosure statement under the FMC Act has been prepared, lodged or registered in New Zealand.

Each Lead Manager has represented, warranted and agreed that:

(a) it has not offered or sold, and will not offer or sell, directly or indirectly, any Offered Notes; and

(b) it has not distributed and will not distribute, directly or indirectly, any offering materials or advertisement in relation to any offer of Offered Notes,

in each case in New Zealand other than:

(c) to persons who are "wholesale investors" as that term is defined in clause 3(2)(a), (c) or (d) of Schedule 1 to the FMC Act, being a person who is:

(i) an "investment business";

(ii) "large"; or

(iii) a "government agency",

in each case as defined in Schedule 1 to the FMC Act; or

(d) in other circumstances where there is no contravention of the FMC Act, provided that (without limiting paragraph (c) above) Offered Notes may not be offered or transferred to any "eligible investors" (as defined in the FMC Act) or any person that meets the investment activity criteria specified in clause 38 of Schedule 1 to the FMC Act.

Switzerland

Each Dealer has represented, warranted and agreed that it will not, directly or indirectly, in or into Switzerland (i) offer, sell, or advertise the Offered Notes, or (ii) distribute or otherwise make available this Information Memorandum or any other document relating to the Offered Notes, in a way that would constitute a public offering within the meaning of Article 35 of the Swiss Financial Services Act (the "**FinSA**"), except under the following exemptions under the FinSA: (y) to any investor that qualifies as a professional client within the meaning of the FinSA, or (z) in any other circumstances falling within Article 36 of the FinSA, provided, in each case, that no such public offer of Offered Notes referred to in (y) and (z) above shall require the publication of a prospectus and/or a key information document (or an equivalent document) for offers of Offered Notes pursuant to the FinSA.

Each Dealer has represented, warranted and agreed that neither this Information Memorandum nor any other document relating to the Offered Notes constitutes (i) a prospectus as such term is understood pursuant to Article 35 of the FinSA and the implementing ordinance to the FinSA, or (ii) a key information document (or an equivalent document) within the meaning of Article 58 of the FinSA. This Information Memorandum has not been reviewed or approved by any Swiss authority, including a Swiss review body pursuant to Article 51 of the FinSA. This Information Memorandum does not comply with the disclosure requirements applicable to a prospectus under the FinSA. Neither this Information Memorandum nor any other offering or marketing material relating to the Offered Notes may be distributed or otherwise made available in Switzerland in a manner which would require the publication of a prospectus or a key information document (or an equivalent document) in Switzerland pursuant to the FinSA.

General

Each Dealer has:

(a) represented, warranted and agreed that:

(i) it has not and will not, and will not authorise any other person to, directly or indirectly, offer, sell, resell, re-offer or deliver Offered Notes or distribute the Information Memorandum or any circular, advertisement or other offering material in relation to the Offered Notes (or take any action, or omit to take any action, that could result in it directly or indirectly, offering, selling, reselling, reoffering, delivering or distributing as aforesaid) in any country or jurisdiction except under circumstances that will, to the best of its knowledge and belief after making due and proper enquiries, result in compliance with all applicable laws and regulations thereof, and all offers and sales of Offered Notes by it will be made on the same terms; and

(ii) the Dealer will not cause any advertisement of the Offered Notes to be published in any newspaper or periodical or posted in any public place and will not issue any circular relating to the Offered Notes (other than this Information Memorandum in accordance with the Dealer Agreement), except in any case in accordance with the terms of the Dealer Agreement and with the express written consent of the Manager; and

(b) acknowledged that:

(i) no action has been, or will be, taken by the Trustee or the Dealer to permit a public offering of the Offered Notes in any country or jurisdiction where action for that purpose would be required. Accordingly, the Offered Notes may not be offered or sold, directly or indirectly, and neither this Information Memorandum nor any circular, prospectus, form of application, advertisement or other material, may be distributed in or from or published in any country or jurisdiction, except under circumstances that will result in compliance with any applicable laws or regulation; and

(ii) the Offered Notes are only to be sold in a manner that does not constitute an offer to the public for the purposes of the Prospectus Directive.

In these selling restrictions, "directive" includes a treaty, official directive, request, regulation, guideline or policy (whether or not having the force of law) with which responsible participants in the relevant market generally comply.

Variation

These selling restrictions may be changed by the Trustee and the Manager in consultation with the Dealer following a change in any law or directive or in its interpretation or administration by an authority or the introduction of a new law or directive.

9 Part 9 – Glossary

Glossary of Terms

A$ and Australian dollars	means the lawful currency of the Commonwealth of Australia.
Accrued Interest Adjustment	means an amount equal to all accrued but unpaid interest in respect of the Purchased Receivables as at the close of business on the day immediately preceding the Closing Date.
Adjustment Spread	means the adjustment spread as at the Adjustment Spread Fixing Date (which may be a positive or negative value or zero and determined pursuant to a formula or methodology) that is: (a) determined as the median of the historical differences between the BBSW Rate and AONIA over a five calendar year period prior to the Adjustment Spread Fixing Date using industry-accepted practices, provided that for so long as the Bloomberg Adjustment Spread is published and determined based on the five year median of the historical differences between the BBSW Rate and AONIA, that adjustment spread will be deemed to be acceptable for the purposes of this paragraph (a); or (b) if no such median can be determined in accordance with paragraph (a), set using the method for calculating or determining such adjustment spread determined by the Calculation Agent to be appropriate or, if the Calculation Agent is unable to determine the quantum of, or a formula or methodology for determining, such adjustment spread, then as determined by an alternative financial institution (appointed by the Manager in its sole discretion) acting in good faith and in a commercially reasonable manner.
Adjustment Spread Fixing Date	means the first date on which a Permanent Discontinuation Trigger occurs with respect to the BBSW Rate.
